Independent Auditors' Report

To the Plan Administrator and Participants of
Camden Clark Medical Center Cash PLUS Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Camden Clark Medical Center Cash PLUS Plan (the Plan), which comprise the statements of net assets available for benefits in liquidation as of May 31, 2020 and December 31, 2019, and the related statement of changes in net assets available for benefits in liquidation for the period from January 1, 2020 to May 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by United Bank, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of May 31, 2020 and December 31, 2019 and for the period from January 1, 2020 to May 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Emphasis of Matter

As further discussed in Notes 1 and 2 to the financial statements, the Plan's sponsor amended and restated the plan document to terminate the Plan effective September 1, 2018. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis to the liquidation basis as of May 31, 2020 and December 31, 2019 and for the period from January 1, 2020 to May 31, 2020. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the period from January 1, 2020 to May 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Camden Clark Medical Center Cash PLUS Plan

Notes to Financial Statements

May 31, 2020 and December 31, 2019

1. Description of the Plan

The following description of the Camden Clark Medical Center Cash PLUS Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was a noncontributory defined benefit pension plan covering employees of Camden Clark Medical Center (the Company) that had attained age 21 and completed one year of service, as defined in the plan document. The Plan was subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA).

Effective July 1, 2003, the Plan was amended and converted to a combination of cash balance and traditional pension plan designs. At the time of conversion participants either elected to remain under the benefit formula of the former plan design (the Grandfathered Formula), or the participant's accrued benefits were converted to an actuarially-equivalent cash balance account.

Effective June 30, 2012, the Plan was amended to freeze participation and all future benefits to be earned under the Plan with respect to all plan participants.

The plan document was amended and restated effective September 1, 2018 to terminate the Plan. At that time, all participants in the Plan became fully vested in their benefits. All plan assets have been distributed to participants as of May 31, 2020. The Plan did not require any assistance from the Pension Benefits Guaranty Corporation (PBGC) to satisfy its obligations.

Pension Benefits

Participants were entitled to monthly pension benefits beginning at normal retirement age (65). The Plan permitted early retirement at ages 55 to 64 for participants with five or more years of credited service. Participants generally elected to receive the value of their accumulated plan benefits in the form of a life annuity (if single) or joint and 50 percent survivor annuity (if married) upon retirement or termination. If participants terminated before rendering three years of service or reaching normal retirement age, they forfeited the right to receive their accumulated plan benefits.

Death and Disability Benefits

If a participant died, a death benefit equal to 50 percent of the monthly pension benefit that would have been payable had the participant retired on the day before the participant's death was paid to the employee's beneficiary. Active employees with 15 years or more of credited service who became totally disabled received monthly disability benefits that were equal to the expected equivalent normal retirement benefit they would have accumulated based on projected service and level compensation that such employee would have earned to age 65.

Funding Policy

The Plan's funding policy was for the Company to contribute an amount which would meet or exceed the annual ERISA minimum funding requirement. No participant contributions were permitted. The minimum funding requirements of ERISA were met for 2020 and 2019.

2. Summary of Significant Accounting Policies

Basis of Accounting

As a result of the decision to terminate the Plan effective September 1, 2018 and in accordance with accounting principles generally accepted in the United States of America, the Plan revalued its net assets to their liquidation value. The accompanying Statements of Net Assets Available for Benefits in Liquidation as of May 31, 2020 and December 31, 2019 and the Statement of Changes in Net Assets Available for Benefits in Liquidation for the period from January 1, 2020 to May 31, 2020 are presented on that basis. For periods before the decision to terminate the Plan was made, the financial statements were prepared using the ongoing plan basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the period.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan (if any) that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits in Liquidation. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits in Liquidation.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation and years of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances such as retirement, death, disability, and termination of employment are included, to the extent they are attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of May 31, 2020 and December 31, 2019 is as follows.

	<u>May 31, 2020</u>	<u>December 31, 2019</u>
Vested benefits:		
Retired participants and beneficiaries	\$ -	\$ 7,980,776
Other participants	-	3,465,291
Total vested benefits	-	11,446,067
Nonvested benefits	-	-
Total actuarial present value of accumulated plan benefits	<u>\$ -</u>	<u>\$ 11,446,067</u>

The changes in the actuarial present value of the accumulated plan benefits for the period from January 1, 2020 to May 31, 2020 are summarized as follows:

Actuarial present value of accumulated plan benefits, at beginning of period	\$ 11,446,067
Increase (decrease) during the period attributable to:	
Employer contributions accrued in liquidation	4,871,807
Benefits paid	(18,692,783)
Actuarial experience	<u>2,374,909</u>
Actuarial present value of accumulated plan benefits, at end of period	<u>\$ -</u>

Camden Clark Medical Center Cash PLUS Plan

Notes to Financial Statements

May 31, 2020 and December 31, 2019

Significant assumptions underlying the actuarial computations are as follows:

Discount rate	6.00 percent for 2019
Mortality table	Pri-2012 Mortality Tables projected using Scale MP-2019 for 2019
Retirement age	10 percent probability at ages 66-69 and 100 percent probability at age 70 for 2019
Cash account interest rate	3.00 percent for 2019

Effective September 1, 2018, the plan document was amended and restated to terminate the Plan. The Company purchased annuities to fully fund the Plan's obligation, and all plan assets were distributed to participants as of May 31, 2020.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through March 11, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Money market fund is valued at the quoted net asset value (NAV) of shares held by the Plan at period end.

Notes to Financial Statements

May 31, 2020 and December 31, 2019

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan held no assets at May 31, 2020. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 73,829	\$ -	\$ -	\$ 73,829
Mutual funds	12,807,875	-	-	12,807,875
Total assets at fair value	\$ 12,881,704	\$ -	\$ -	\$ 12,881,704

4. Plan Termination

The plan document was amended and restated to terminate the Plan effective September 1, 2018. The Company purchased annuities to fully fund the Plan's obligation, and all plan assets were distributed to participants or returned to the Company as of May 31, 2020.

5. Related-Party and Party In Interest Transactions

The Plan's investments are administered under a contract with United Bank, the custodian of the Plan. Contributions are held and managed by the custodian, who invests cash received, interest, and dividend income and makes distributions to participants. These transactions qualify as party in interest transactions which are exempt from the prohibited transactions rules of ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated October 24, 2019 that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

In addition, the Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits in Liquidation.

As of December 31, 2019, the Plan had investments of \$12,807,875 that were concentrated in two funds.

8. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, United Bank, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits in Liquidation as of May 31, 2020 and December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits in Liquidation and the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the period from January 1, 2020 to May 31, 2020.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits in liquidation per the financial statements to Form 5500 at December 31, 2019:

	<u>2019</u>
