## NOTE A – SUMMARY DESCRIPTION OF PLAN

The following description of the Jim Burke Ford 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

***General*** – The Plan is a defined contribution 401(k) Profit Sharing Plan covering all full-time employees of Haberfelde Ford, Inc. dba Jim Burke Ford (the Company), who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

***Contributions*** – Each year, participants may contribute a portion of pre-tax compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). The Company made a discretionary matching contribution of 100 percent of a participant's salary deferral on the first 5 percent of compensation to a maximum match of $2,000 through April 2020. The Company's matching contribution was $136,145 for the Plan year ended December 31, 2020. The Company may also make a profit sharing contribution to the Plan at the discretion of the Board of Directors. Contributions are subject to certain IRS limitations.

***Investment Options*** – Plan participants direct the investment of their account balances into various investment options offered by the Plan and can change their investments at any time. The Plan currently offers various mutual funds and stable value funds as investment options for participants.

***Participant Accounts*** – Each participant's account is credited with the participant's contributions and the Company matching contributions, as well as allocations of the Company's discretionary profit sharing contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting*** – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

***Notes Receivable from Participants*** – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at local prevailing rates, set at 6.0%, as determined periodically by the Plan administrators. Principal and interest is paid ratably through payroll deductions. Generally, the term of the loan may not exceed five years.

Effective April 20, 2020, the Plan implemented the temporary loan repayment deferral provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to elect to defer any remaining 2020 loan payments from the election date of deferment through December 31, 2020. Interest on the loan will continue to accrue during the deferment period, and the loan will be reamortized in January of 2021 to determine the new principal and interest payment. The term of the loan will be extended by the length of the deferment period from the date of the election through December 31, 2020.

***Payment of Benefits*** – On termination of service due to death, disability or retirement, participants will be entitled to 100 percent of their account as a lump sum distribution or an annuity. For termination of service for other reasons, participants may receive the value of the vested interest in their account as a lump sum distribution. Assets allocated to participants who have terminated but have not withdrawn from the Plan as of December 31, 2020 total $3,131,462.

Effective April 9, 2020, the Plan implemented the distribution provision of the CARES Act. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Written amendments to the Plan to reflect these operational changes are required to be adopted by December 31, 2022 in accordance with applicable law and IRS guidance.

***Forfeited Accounts*** – At December 31, 2020 and 2019, forfeited non-vested accounts totaled $48,429 and $30,672, respectively. These accounts will be used to reduce future employer contributions or to pay for administrative expenses. In 2020, employer contributions were not reduced from forfeited non-vested accounts. The Plan used $14,500 and $13,244 in forfeitures to offset Plan expenses attributable to the 2020 and 2019 calendar years, respectively.

## NOTE B – SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting*** – The financial statements of Jim Burke Ford 401(k) Plan are prepared on the accrual basis of accounting.

***Estimates –*** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition*** – Investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by investment advisors and Fidelity Management Trust Company. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable from Participants –*** Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

***Excess Contributions Payable –*** Accounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

***Payment of Benefits –*** Benefits are recorded when paid.

***Administration Expenses*** – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the independent investment advisors and administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

A Participant Revenue Credit was allocated to participants who invest in certain mutual funds for which Fidelity receives revenue sharing. This credit offsets direct expenses for recordkeeping services.

***Management's Review of Subsequent Events –*** Management has evaluated subsequent events through August 12, 2021, the date the financial statements were available to be issued.

## NOTE C – CERTIFIED INVESTMENTS

The following information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule of assets held at end of year was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

**NOTE D – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include:<br>• quoted prices for similar assets or liabilities in active markets;<br>• quoted prices for identical or similar assets or liabilities in inactive markets;<br>• inputs other than quoted prices that are observable for the asset or liability;<br>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br><br>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

*Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Money market fund*: Valued at cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

| | ***Assets at Fair Value as of December 31, 2020*** | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 19,302,538 | - | - | $ 19,302,538 |
| Money market fund | 1,753 | - | - | 1,753 |
| Investments, at fair value | $ 19,304,291 | - | - | $ 19,304,291 |

| | ***Assets at Fair Value as of December 31, 2019*** | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 17,152,461 | - | - | $ 17,152,461 |
| Money market fund | 1,126 | - | - | 1,126 |
| Investments, at fair value | $ 17,153,587 | - | - | $ 17,153,587 |

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2020 and 2019, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

## NOTE E – GROUP ANNUITY CONTRACT WITH STANDARD INSURANCE COMPANY

In 2019, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Standard Insurance Company (Standard) valued at $1,218,093 for 2020 and $53,369 for 2019. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) failure of the trust to qualify for exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

## NOTE F – STABLE VALUE FUND

The Plan offered a Stable Value Fund, Fidelity Managed Income Portfolio, valued at $963,758 as of December 31, 2019. The fund is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans. Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Portfolio strives to maintain a stable net asset value (NAV) of $1.00 per unit. The Portfolio maintains a stable NAV by purchasing wrap contracts to protect the portfolio in extreme circumstances. The wrap contracts provide a guarantee that the crediting rate will not fall below 0%. However, contract value is not guaranteed by the Portfolio.

The Fidelity Managed Income Portfolio investment meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made to the portfolio, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet their financial obligations. The Issuer's ability to transact at contract value may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the Portfolio. Such Plan sponsor events include (1) the Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the Plan for employee contributions, (3) any substantive modification of the Portfolio or the administration of the Portfolio that is not consented by the wrap issuer, (4) any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the Portfolio's cash flow, (5) any communication given to unitholders by the Plan sponsor, any other Plan fiduciary or FMTC that is designed to induce or influence unitholders not to invest in the Portfolio or to transfer assets out of the Portfolio, or (6) any transfer of assets from the Portfolio directly to a competing investment option. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the Portfolio issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

## NOTE G – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Investments. Fidelity Investments is the trustee and record keeper as defined by the Plan and therefore, these transactions qualify as party in interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note B, the Plan made direct payments to third-party investment advisors totaling $24,514 and recordkeeping fees to Fidelity Investments of $41,243 for the year ended December 31, 2020. These recordkeeping costs were offset by the Participant Revenue Credit totaling $44,684.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

## NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

## NOTE I – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019 there are no significant uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service and the Department of Labor; however, there are currently no audits for any tax periods in progress.

## NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. The President of the United States declared the COVID-19 outbreak in the United States a national emergency on March 13, 2020. As a result, economic uncertainties have arisen which have resulted in significant volatility in the investment market. The duration of these uncertainties and the ultimate financial effects on the Jim Burke Ford 401(k) Plan cannot be reasonably estimated at this time.
