INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee of
SDI Services LLC 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of SDI Services LLC 401(k) Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with accounting principles generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Minnesota Life Insurance Company ("Minnesota Life"), except for comparing the information with the related information included in the financial statements and supplemental schedule, Schedule H, Line 4i – Schedule of Assets (held at end of year). We have been informed by the Plan administrator that Minnesota Life holds certain Plan investment assets and executed investment transactions. The Plan administrator has obtained a certification from Minnesota Life as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan administrator by Minnesota Life is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (held at end of year), is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Minnesota Life, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following brief description of the SDI Services LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan was established January 1, 2014, and was amended and restated effective September 1, 2019. The Plan is a defined contribution plan covering all eligible employees of SDI Services LLC, Southwest Medical Imaging Ltd., Scottsdale Medical Imaging Research, LLC, and Scottsdale Imaging Services, LLC (collectively, the “Company”), who are 21 years of age or older. Employees who have completed two months of service become eligible to participate in the Plan and make elective deferrals. After completing one year of service employees become eligible for Company contributions, as defined below.

Contributions

Each year, participants may contribute up to 100% of their pretax compensation or after-tax Roth contributions to the Plan, subject to limitations prescribed by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate is then increased by 1% every July 1st up to 10%.

The Plan includes a Basic Safe Harbor Contribution provision. Under this provision, the Company may elect to make a nonelective safe harbor contribution. During 2020, the Company made a safe harbor contribution to each eligible participant in an amount equal to 3% of their compensation, as defined in the Plan. The Company may also make discretionary profit-sharing contributions each year to the Plan. Approximately \$43,000 of discretionary profit-sharing contributions were made in 2020, including approximately \$6,400 of forfeitures as noted in the paragraph below. Contributions are subject to certain IRS limitations.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled approximately \$6,400 and \$18,700, respectively. Forfeited non-vested accounts are used to reduce future employer contributions and/or pay for administrative expenses. During 2020, there were approximately \$2,800 of forfeitures used to pay for administrative expenses. Additionally, approximately \$6,400 of forfeitures at December 31, 2020, were used to reduce 2020 profit sharing contributions, which were funded in 2021.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s contributions, as well as allocations of the Company’s profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's safe harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. Participants vest 20% after two years of credited service and 20% each year thereafter until the participant becomes 100% after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are up to 5 years or up to 30 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at rates ranging from Prime plus 2% for a general participant loan and Prime plus 1% for a residential participant loan.

Payment of Benefits

A participant who is employed by the Company after reaching age 59.5 may elect to receive all or part of the balance of his or her vested account. Upon a participant's termination of service, a participant may elect to receive either a lump-sum payment or an installment-type payment in an amount equal to the value of the vested account balance.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets and the reported amounts of additions to and deductions from net assets. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by Minnesota Life Insurance Company ("Minnesota Life"). See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SDI SERVICES LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits administrative expenses to be paid from the Plan's assets and to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Expenses relating to specific participant transactions (i.e., loan setup, distribution requests, etc.) may be charged directly against the appropriate participant's account. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

COVID-19

On January 30, 2020, the World Health Organization ("WHO") declared the COVID-19 outbreak a public health emergency of international concern. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, which triggered volatility in financial markets and a significant negative impact on the global economy. The amount of losses that may be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of the accompanying independent auditor's report.

Adoption of Recent Accounting Pronouncements

In February 2018, FASB issued ASU 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement. The objective of these disclosure requirements is to provide financial statement users with information about assets and liabilities measured at fair value in the statement of net assets available for benefits or disclosed in the notes to the financial statements regarding (1) the valuation techniques and inputs used to develop fair value measurements, including the related judgments and assumptions made, (2) the uncertainty in the fair value measurements as of the reporting date, and (3) how changes in the measurements impact the performance of the plan. The Plan has adopted the guidance of ASU 2018-13 as of January 1, 2020, with no significant impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through June 10, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* are described as follows:

- Level 1* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts

These accounts are valued at the Net Asset Value ("NAV") of units of a trust. The NAV is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund. Pooled separate accounts are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, mutual funds, and commercial real estate. Level 2 units held in pooled separate accounts are valued based on the market prices of similar assets in active markets.

Self-directed Accounts

Self-directed accounts primarily consist of common stocks, mutual funds, and cash, which are based on quoted market prices for the identical security in an active market.

Collective Trust Funds

Collective trust funds represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Units held in collective funds are valued based on the market prices of the underlying investments in the funds at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Guaranteed Return Account with Insurance Company

The Plan has a fully benefit-responsive guaranteed return account with Minnesota Life. Minnesota Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed return account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed return account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Minnesota Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. Party-In-Interest Transactions

Certain Plan investments are in pooled separate accounts and a guaranteed return account managed by Minnesota Life. Minnesota Life manages the assets, and therefore these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation/depreciation in fair value of the investment. As described in Note 2, expenses for benefits paid to participants are charged directly to the participant's account. The Company pays directly any other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

SDI SERVICES LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

7. Certified Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life, has certified to the completeness and accuracy of certain investment information reflected on the accompanying statement of net assets available for benefits as of December 31, 2020 and 2019, the supplemental schedule – Schedule of Assets (Held at End of Year) as of December 31, 2020, and investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020..

8. Income Tax Status

The IRS has informed the Company by a letter dated March 31, 2014, that the prototype volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under the applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. There are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2020	2019
Net assets available for benefits as reported in the financial statements	\$ 33,450,888	\$ 30,405,173

Net assets available for benefits as reported in the Form 5500	<u>\$ 32,757,913</u>	<u>\$ 29,722,303</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2020 to Form 5500:

Net increase in net assets available for benefits as reported in the financial statements	\$ 3,045,715
