NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Wiley Companies (the “Company”) 401(k) & Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution retirement plan covering all non-excluded (leased, union, and nonresident alien) employees of Wiley Companies who have attained age twenty-one or older. Employees are automatically enrolled in the Plan once eligibility is reached. The entry date is defined as the first day of the month coinciding with or next following the date eligibility requirements are met. The Board of Trustees is responsible for oversight of the Plan. The Plan’s Investment Committee, with assistance from outside advisors, determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute up to 100% of their pre-tax annual compensation, or make Roth contributions, as defined in the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated target date fund until/unless changed by the participant. On the first day of the Plan year after an employee has been auto enrolled, an automatic escalation will occur in 1% increments until a deferral rate of 10% is reached. The Company may also make discretionary matching and/or profit sharing contributions, according to the annual elections by the Company. For the year ended December 31, 2020 and the seven-month period ended December 31, 2019, the Company made \$627,059 and \$313,059 of discretionary matching contributions, respectively. No profit sharing contributions were made for the years ended December 31, 2020 and 2019.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contributions, (b) Plan earnings, and (c) forfeitures of terminated participants’ non-vested accounts. Participant accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options anytime.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions is based on years of service. A participant is 100% vested after 6 years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined at inception, is set at 1% above the Prime interest rate (4.25% and 5.50% at December 31, 2020 and 2019, respectively), as defined, in accordance with the Plan's loan policy. Principal and interest is paid ratably through payroll deductions. See Note 10, which describes temporary provisions adopted due to the CARES Act.

Payment of Benefits

Upon termination of service due to death, disability, attainment of age 59 ½, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a future period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions of a participant's account balance may be authorized at any time by the Plan Administrator under certain hardship conditions. See Note 10, which describes temporary provisions adopted due to the CARES Act.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may be used to reduce Company contributions or to pay administrative expenses of the Plan. At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$19,614 and \$5,158, respectively. During the years ended December 31, 2020 and 2019, forfeitures of \$10,139 and \$1,395, respectively, were used to reduce Company contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

WILEY COMPANIES
401(K) & PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment custodian and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance of credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of maintaining the Plan, including participant recordkeeping, are paid by the Company and are excluded from these financial statements. Certain fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events have been evaluated through July 26, 2021, which is the date the financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY EMPOWER RETIREMENT

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and included in the supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020 and seven-month period ended December 31, 2019, respectively, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great West Life & Annuity Insurance Company (Empower Retirement), the custodian of the Plan.

NOTE 4: FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WILEY COMPANIES
401(K) & PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 13,320,028	\$ -	\$ -	\$ 13,320,028
Investments at fair value				<u>\$ 13,320,028</u>

Assets at Fair Value as of December 31, 2019

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 9,754,201	\$ -	\$ -	\$ 9,754,201
Investments at fair value				<u>\$ 9,754,201</u>

For the year ended December 31, 2020 and the seven-month period from June 1, 2019 to December 31, 2019, the Plan did not hold any Level 3 assets.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: INVESTMENT CONTRACTS WITH THE CUSTODIAN

The Plan has entered into a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the issuer, but may not be less than 0 percent. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and a Key Guaranteed Portfolio Fund account managed by Great-West Life & Annuity Insurance Company (Empower Retirement). Great-West Life & Annuity Insurance Company (Empower Retirement) is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8: TAX STATUS

Kline, Keppel & Koryak, sponsor of the Volume Submitter Profit Sharing Plan with CODA, has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated volume submitter document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Sponsor adopted this restated volume submitter plan document on June 1, 2017. The Plan was amended June 1, 2019. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2020 statement of net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10: CARES ACT

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act had an impact on several matters and the Plan adopted the following provisions:

- Participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived, unless elected otherwise.
- Eligible Plan participants were allowed to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons included adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Repayment terms of such distributions are permitted to be repaid within three years.
- Eligible Plan participants were allowed to request loans of up to \$100,000 or 100% of their vested balance from date of signing of the CARES Act through September 23, 2020.
- Temporary loan repayment deferrals allowed qualified Plan participants with Plan loan repayments to defer such repayments between March 27, 2020 and until December 31, 2020 for one year. In such cases, the participant's note would be reamortized and include any interest accrued during the period of delay.

The Plan has not formalized an amendment regarding the adoption of provisions related to the CARES Act as of December 31, 2020.
