LEFT RIGHT, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Left Right, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2014 as a defined contribution plan available to the eligible employees of Left Right, LLC, and its affiliate, Fortitude Production Services, LLC (collectively, the Company, Employers or Plan Sponsor). The Plan was restated on January 1, 2018 to comply with tax legislation. Eligible employees may enter the Plan monthly after completing six months of credited service, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan Administrator.

Contributions

Each year, participants in the Plan may contribute up to 90% of their pre-tax annual compensation, up to the maximum allowed by law, within the limits prescribed by the Internal Revenue Service (IRS). For the years ended December 31, 2020 and 2019, individual participant contributions were limited to \$19,500 and \$19,000, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$6,500 and \$6,000, respectively, for the years ended December 31, 2020 and 2019. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Roth contributions are permitted under the Plan's provisions.

The Plan includes an auto enrollment provision whereby all newly hired employees are automatically enrolled in the Plan after meeting the Plan's service requirement unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor may make discretionary matching contributions to the Plan. Participants must complete 6 months of service in order to be eligible for the Plan Sponsor's discretionary matching contributions. For the year ended December 31, 2020, the Plan Sponsor made matching contributions equal to 50% of the participant's deferrals up to 4% of eligible compensation which totaled \$286,347. Company contributions are invested in funds in accordance with the participant's discretion and the Plan's provisions. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Employer's matching contributions and (b) Plan earnings or losses and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Vesting of benefits

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Employers' matching contribution portion of their account, plus any earnings or losses thereon, is based on years of continuous service. Participants who become eligible and are enrolled in the Plan will receive vesting credit for years of service based only on the elapsed time method as defined by the Plan. A participant is fully vested after a year of credited service. Participant accounts become fully vested upon reaching normal retirement age of sixty five (65), death, disability, or upon termination of the Plan.

LEFT RIGHT, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan, Continued

Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce Employer contributions. For the year ended December 31, 2020, forfeitures totaling \$2,213 were used to reduce Employer matching contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$23,118 and \$1,730, respectively.

Notes receivable from participants

Plan participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account, interest is determined by the Plan Administrator as of the date of the loan request, ranging from 4.25% - 6.50% at December 31, 2020. Principal and interest are paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed thirty years.

Payment of benefits

On termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump-sum distribution. Participants with vested amounts less than \$5,000 must elect a lump-sum distribution. Participants may take in-service withdrawals upon attainment of age 59½ or for immediate and heavy financial hardship needs, as defined.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Certain administrative expenses are paid by the Plan Sponsor and not reflected in these financial statements.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Agent for the trustee.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

LEFT RIGHT, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participant notes receivables

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reduced and a benefit payment recorded.

Payment of benefits

The Plan records benefits when paid.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to participant contributions. The excess contributions are remitted to appropriate participants in the subsequent year.

Plan administration

The Company is the Plan Administrator, and as such, controls and manages the operations of the Plan. The Plan's assets are maintained by Transamerica Financial Life Insurance Company (Transamerica or Agent for the trustee) as agent for Reliance Trust Company, the trustee of the Plan, as of and for the year ended December 31, 2020. Transamerica invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of participants).

The Company contracted with TAG Resources, LLC to act as the Plan's fiduciary and third-party administrator. The Plan allows certain administrative expenses to be paid from Plan assets.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2020 that it would be unable to substantiate.

LEFT RIGHT, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Agent for the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net investment income and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020; and
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2020 and 2019. During the years ended December 31, 2020 and 2019, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts - Valued at net asset value (NAV) based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, which consists of securities that are actively traded on exchanges and quoted market prices are readily available.

Note 4 – Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

Fair Value Measurements as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ <u> -</u>	\$ <u>5,683,952</u>	\$ <u> -</u>	\$ <u>5,683,952</u>

Fair Value Measurements as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ <u> -</u>	\$ <u>4,061,081</u>	\$ <u> -</u>	\$ <u>4,061,081</u>

Note 5 – Guaranteed Investment Contract with Insurance Company

The Plan has a fully benefit-responsive traditional investment contract held in the Transamerica Financial Life Insurance Company (Transamerica) in the Transamerica Stable Value Advantage Option (Stable Value Advantage Option). The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. The average crediting rate for the years ended December 31, 2020 and December 31, 2019, was 1.55% and 1.60%, respectively. Per the contract's terms, Transamerica may not terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract.

The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with Transamerica and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

Note 6 – Party-In-Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments include shares of pooled separate accounts and guaranteed investment contract issued, managed and administered by Transamerica. Transamerica is the agent for the Plan's trustee, Reliance Trust Company, and is the Plan's recordkeeper and, therefore, these transactions with Transamerica and Reliance Trust Company qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

Note 7 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 9 – Tax Status

On March 31, 2014, the IRS stated that the volume submitter profit sharing plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and therefore, the Plan and its related trust is tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since receiving the determination letter, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 10 – Significant Uncertainties

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic and the President of the United States of America declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19, is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined.

Note 11 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2020 through August 23, 2021, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
