PREMIER RESORTS & MANAGEMENT 401(K) PLAN

Notes to Financial Statements

December 31, 2020

(1) Description of Plan

(a) General

Premier Resorts & Management 401(k) Plan (the "Plan") is a defined contribution plan covering all eligible employees of Premier Resorts & Management, HNTC, Bremen Hospitality, LLC, LeGrand Hotels, LLC, 640 Atlantic Hospitality, West Volusia Hospitality, 2560 Atlantic Hospitality, University Hospitality III, DBS Hospitality, LLC, Daytona Hospitality, Inc., University Hospitality II, Daytona Hospitality II and Gateway Hotels, LLC. The Plan was established effective January 1, 2020 and formal operations commenced on that date.

(b) Contributions

Under the Plan, each eligible participant may elect to make a contribution in amounts determined by them generally not to exceed $19,500 (plus a catch-up contribution limited to $6,500 for individuals age 50 or older). Employees are eligible to participate in the Plan once they have attained the age of 21 and have had completed three months of service. Employees may elect to participate on the first day of the month following completion of eligibility requirements. Employees elect the investment vehicle(s) with the Trustee in which their contributions and employer contributions are invested. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan also contains nonelective and matching contribution features. Nonelective contributions are provided at the discretion of the employer with the amount of contribution determined and set on a yearly basis. The Plan also provides for a safe harbor contribution which is equal to 50% of elective deferrals up to 3% of eligible earnings. For the year ended December 31, 2020 the employer elected to make contributions to the Plan of $20,672.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan - Continued

(d) Payments of Benefits

Upon termination of service, a participant may receive the value of the participant's vested interest in his or her account in a lump-sum amount or in installments.

(e) Participant Notes Receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer from the investment fund to the participant notes fund. The term of the loan does not exceed five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1.5%. Principal and interest are paid ratably through payroll deductions.

(f) Vesting

Vested rights to Company nonelective and matching contributions accrue for employees who have worked 12 months beginning on either the effective date of the Plan or hire date, whichever is later. Vesting accrues at 25% per year beginning after the participant's first year of service, with full vesting accruing at the end of year four. Forfeitures of Company contributions are applied to reduce future employer matching contributions. Participant contributions are vested immediately.

(g) Subsequent Events

In preparing these financial statements, the Plan has evaluated subsequent events and transactions for potential recognition and disclosure through July 2, 2021, which is the date the financial statements were available to be issued.

(2) Summary of Significant Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting and present the net assets available for benefits and changes in those assets.

(2) Summary of Significant Policies - Continued

(b) Valuation of Investments/Participant Notes Receivable

Investments are stated at fair market value determined by quoted market prices or their equivalent at the balance sheet date with the exception of certain stable value investment contracts which are stated at contract value. Changes in the aggregate market or contract value of the investments are charged or credited to net investment income for the year.

Participant notes receivable are valued at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of investments and participant notes receivable which amount to approximately $285,000. Investments and participant notes receivable are monitored monthly by both the trustee and management of the Plan and are not subject to collateralization.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Tax Status

The Plan has received a favorable IRS determination letter dated July 8, 2014. The Plan Administrator believes the Plan is operating in accordance with its provisions and is exempt from federal income tax.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(2) Summary of Significant Policies - Continued

(e) Use of Estimates

Management of the company has made certain estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with generally accepted accounting principles. Actual results could differ from those estimates.

(f) Fair Value Measurement

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(2) Summary of Significant Policies - Continued

(f) Fair Value Measurement - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

December 31, 2020	Fair Value Measurement Using:			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 271,759	-	-	$ 271,759
Other	-	7,160	-	7,160
Investments at fair value	$ 271,759	7,160	-	$ 278,919

December 31, 2019	Fair Value Measurement Using:			
	Level 1	Level 2	Level 3	Total

Other	-	3,026	-	3,026
Investments at fair value	$ 168,784	3,026	-	$ 171,810

(3) Investments

Upon enrollment in the Plan, participants can elect to invest their contributions into the available fund investment vehicle indicated in the accompanying statements of assets available for benefits. Reliance Trust Company was the trustee for the participant directed funds for the years ended December 31, 2020. Employer contributions are invested into the Participants' accounts based upon the Participants' enrollment investment selection.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

Investments at fair value:	
Mutual Funds and other	$ 278,919
Investment income	40,892

(4) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
