We have audited the financial statements of S.R. Perrott, Inc. Group Employee Savings & Protection Plan for the years ended December 31, 2020 and 2019, and we will issue our report thereon dated June 25, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated April 27, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by S.R. Perrott, Inc. Group Employee Savings & Protection Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the financial statements was (were):

> Management's estimate of the net assets available for benefits is based on fair value measurements. We evaluated the key factors and assumptions used to develop the fair value measurement in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure(s) affecting the financial statements was (were):

> The disclosure of risks and uncertainties in Note 8 to the financial statements. All events are properly noted and disclosed.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

Uncorrected Misstatements

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. 1. Description of Plan

The following description of S.R. Perrott, Inc. Employee Savings & Protection Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of S.R. Perrott, Inc. (the Company) who have completed one year of service and are age 20 1/2 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The effective date of participation in the Plan for an eligible employee is the first day of the Plan year quarter following the date on which eligibility requirements are satisfied.

Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan, limited by the provisions of the Internal Revenue Code (IRC) which were $19,500 and $19,000 for the years ended December 31, 2020 and 2019. Participants who have attained age 50 before the end of the calendar year are eligible to make "catch-up" contributions as allowed by the provisions of the IRC which were $6,500 and $6,000 for the years ended December 31, 2020 and 2019. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan. During the years ended December 31, 2020 and 2019, the Company matched 50 percent of the first 4 percent of compensation that a participant contributed to the Plan in accordance with the Plan agreement. The matching Company contribution is vested directly into the investment option selected by the Participant. The Company may make annual discretionary matching contributions and/or profit-sharing contributions to the Plan to the extent allowable by the Internal Revenue Code (IRC). The Company did not make an additional discretionary matching contribution or profit-sharing contribution for the years ended December 31, 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting

Participants are immediately fully vested in their contributions plus the actual earnings thereon. Vesting in the Company's match, discretionary contributions and earnings thereon is based on years of continuous service. Participants are fully vested in any rollover contributions. A participant becomes 20 percent vested after two years of service, 20 percent more each year thereafter until fully vested after six years of service.

Participant Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans must be a minimum of $1,000; are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, substantially equal installments, or monthly annuity payments.

Forfeited Accounts

Forfeited amounts are determined in accordance with the Plan agreement. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $2,228 and $3,768 respectively. These accounts will be used to pay administrative expenses of the Plan and reduce future employer contributions.

2. Summary of Significant Accounting Policies

Subsequent Events

Subsequent events were evaluated through June 25, 2021, which is the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributed for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

The Plan allows for payment of Plan expenses to be made from the Plan's assets. If expenses are paid using Plan assets, the expenses will be allocated across all Plan Participant accounts. These expenses will either be allocated proportionately based on the value of the account balances or as an equal dollar amount based on the number of Plan Participants. The method of allocation is dependent upon the nature of the individual expense.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:	
December 31, 2020	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Guaranteed interest account	$ 139,912	$ 139,912	$ -
Investments of interest in registered investments companies	3,587,229	3,587,229	-
Participant loans	197,839	-	197,839
Total	$ 3,924,980	$ 3,727,141	$ 197,839
December 31, 2019			
Guaranteed interest account	$ 137,793	$ 137,793	$ -
Investments of interest in registered investments companies	4,460,128	4,460,128	-
Participant loans	196,750	-	196,750
Total	$ 4,794,671	$ 4,597,921	$ 196,750

3. Fair Value Measurements (continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted market prices included in Level 1 such as quoted market prices for similar assets or liabilities in actives markets, Level 2 inputs are prioritized after Level 1 inputs. Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of the guaranteed interest account is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of investments of interest in registered investments companies are based on the closing price reported on the active market where the individual securities are traded.

Level 3 Fair Value Measurements

The fair value of the participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further detail of the Level 3 fair value measurements.
Fair Value Measurements Using Significant Unobservable Inputs (Level 3).

3. Fair Value Measurements (continued)

December 31, 2020	**Participant Loans**
Beginning balance	$ 196,750
Total gains or losses (realized or unrealized) included in changes in net assets available for benefits	
Purchases, sales, issuances and settlements (net)	1,089
Ending balance	$ 197,839
December 31, 2019	
Beginning balance	$ 179,889
Total gains or losses (realized or unrealized) included in changes in net assets available for benefits	
Purchases, sales, issuances and settlements (net)	16,861
Ending balance	$ 196,750

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2020 and 2019 are reported in net appreciation in fair value of investments.

4. Information Prepared and Certified by the Custodian (Unaudited)

Nationwide Trust Company, FSB, the custodian for the Plan, holds the Plan's investment assets and executes transactions therein. The following information as well as the information in the supplemental schedule of assets (held at end of year) was certified by the custodian as complete and accurate and, as directed by the Plan administrator, is unaudited. Such investments and other related information consist of the following at December 31:

	2020	2019
Investments	$ 3,727,141	$ 4,597,921
Net appreciation (depreciation) in fair value of investments	$ 857,889	$ 863,017
Interest	$ 11,990	$ 13,658

5. Related Party Transactions

Certain investments are managed by Nationwide Financial Services, Inc. which is the parent of Nationwide Trust Company, FSB. Nationwide Trust Company, FSB is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their employer contributions.

7. Tax Status

The Company adopted the Nationwide Financial Prototype Non-Standardized Profit-Sharing Plan with a cash or deferred arrangement. The prototype plan sponsor obtained a favorable opinion letter from the Internal Revenue Service dated August 7, 2001, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator has adopted all Plan provisions within the prototype document and believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

A prolonged widespread pandemic, such as COVID – 19, could adversely impact global economies and financial markets resulting in an economic downturn that may disrupt the demand for a plan sponsors goods and/or service(s). Such disruptions could adversely affect plan sponsor profitability, cash flows, financial results, and the ability to make voluntary or required plan contributions.
