Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Genesys Aerosystems 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) (supplemental schedule), as of December 31, 2020 is required by ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**Genesys Aerosystems 401(k) Plan
Notes to the Financial Statements
December 31, 2020**

NOTE 1 - PLAN DESCRIPTION

The following description of the Genesys Aerosystems 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by S-TEC Corporation (the "Company" or "Plan Sponsor"). The Plan was established in May of 2014.

The Plan is a defined-contribution, safe harbor plan, covering all employees who have attained the age of 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements and supplemental schedule of the Plan have been consistently prepared in conformity with accounting principles generally accepted in the United States of America (US GAAP), and with ERISA.

Plan Administration

The Plan is administered by management of the Company. The Company determines the appropriateness of the Plan's investment offerings, monitor investment performance, and report to the Company's Board of Directors. Securian Financial Group is responsible for the recordkeeping for the Plan. Minnesota Life Insurance Company (the "Custodian") is responsible for the custody and administration of the Plan's assets.

Contributions

Eligible employees, as defined, may elect to defer and contribute up to 100% of their compensation to the Plan, with a maximum of \$19,500 (\$26,000 if the employee is age fifty or older) for the year 2020. Participants may designate all or any portion of their salary deferral as a Roth contribution.

The plan allows for a discretionary match and the Company matches 100% of the participant's elective deferrals up to 4% of the participant's eligible compensation, plus 50% of the participant's elective deferrals that exceed 4% of the participant's eligible compensation up to 6% of the participant's eligible compensation.

All contributions made by the Company and the participants are invested based upon participant elections. All employees, employed on the last day of the Plan year, regardless of the amount of service completed, are eligible to participate in the profit sharing contribution for that Plan year. Participants who separate due to death, disability, termination of employment after normal retirement age or after early retirement date, as defined, will share in the profit sharing plan in the year of separation. The discretionary profit sharing contribution as determined by management is allocated based on each employee's eligible compensation as a percentage of the total compensation of all employees eligible to share in the contribution.

Genesys Aerosystems 401(k) Plan
Notes to the Financial Statements
December 31, 2020

Participant Accounts

Each participant's account is credited with the participant's salary reduction contribution, if applicable, an allocation of Plan earnings or losses which are allocated based on the earnings or losses of the participant's selected investments and the Sponsor's net contributions, if applicable.

Vesting

Participants' elective deferrals and rollovers are immediately vested. Contributions made by the employer for discretionary matches and profit sharing are vested based on the number of years of continuous service. A participant vests 30% after one year, 70% after two years and 100% after three years of credited service. Additionally, participants or their beneficiaries become immediately and fully vested in their Company contributions and related earnings upon full and permanent disability or death.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, vested benefits less than \$1,000 will be paid in a single lump-sum payment based on the participant's vested balance. Other benefits are paid at the participants' direction. Prior to termination of employment, participants may take withdrawals for financial hardship, as defined, death, or at the attainment of age 59 1/2.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of termination of the Plan, all participants will become fully vested.

Forfeited Accounts

Any forfeitures from nonvested accounts are used to pay administrative expenses, with the remaining forfeitures used to reduce Plan Sponsor contributions. The Plan had \$956 and \$633 of forfeited account balances as of December 31, 2020 or 2019, respectively.

Notes Receivable from Participant Loans

Participants are permitted to borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of the vested account balance or \$50,000. A participant may have no more than one loan outstanding at any given time. The loans are secured by the remaining balance in a participant's account and bear a commercially reasonable fixed rate of interest at the time of the loan as determined by the administrator of the Plan. Loans are required to be repaid within five years. Loans are repaid ratably through biweekly payroll deductions. However, if the loan is for the purchase of a principal residence, the administrator may permit a longer repayment term. If employment is terminated, a loan generally becomes due and payable in full immediately. Loan refinancing is permitted under the Plan.

Notes to the Financial Statements
December 31, 2020

Administrative Expenses

Certain administrative expenses of the Plan may be paid by the Plan Sponsor. These costs include certain legal, accounting and administrative fees. Expenses paid by the Plan include investment management fees, recordkeeping fees, and other costs not paid by the Plan Sponsor.

CARES Act and SECURE Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayments through December 31, 2020, borrow up to the lesser of \$100,000 or 100% of their vested balance through September 22, 2020, and take COVID-19 related distributions up to \$100,000 from the Plan beginning on or after January 1, 2020 and through December 31, 2020. The laws also allow for the suspension of required minimum distributions and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Plan in preparing its financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with US GAAP and have been consistently applied.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value or at estimated fair value. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses for investments purchased and sold during the year.

Payment of Benefits

Benefits are recorded when paid.

Genesys Aerosystems 401(k) Plan
Notes to the Financial Statements
December 31, 2020

Tax Status

The Company has adopted the Minnesota Life Insurance Company Defined Contribution Prototype Plan. The Internal Revenue Service ruled on March 31, 2014 that the Plan qualifies under Section 401(a) of the Internal Revenue Code, and therefore, is not subject to tax under the present income tax law.

US GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor. As of December 31, 2020, the Plan Sponsor has not identified any uncertain tax positions for the Plan.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with US GAAP requires the Plan's management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. US GAAP also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Three levels of inputs may be used to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Genesys Aerosystems 401(k) Plan
Notes to the Financial Statements
December 31, 2020

An asset or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation. Fair value estimates are made at a specific point in time and the methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Pooled separate account investments are valued at estimated net asset value as a practical expedient for fair value as reported by the issuer, based on the fair value of the underlying investments plus contributions and less any distributions and fees paid by the fund for its expenses.

The Plan also invests in a Guaranteed Return Account which is carried at contract value as reported by the trustee. See Note 4.

Investments reported at estimated net asset value as a practical expedient for fair value and fully benefit responsive investment contracts reported at contract value are not required to report within the fair value hierarchy table.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the plan administrator has instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following investment information, and related activity certified by the Custodian as accurate and complete, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule.

The following is a summary of financial information certified by the Custodian as accurate and complete as of December 31, 2020 and 2019:

	2020	2019
Pooled separate accounts, estimated fair value	\$ 15,329,525	\$ 12,606,836
Guaranteed return account, at contract value	605,733	51,785
Notes receivable from participants	383,039	380,942
	<u>\$ 16,318,297</u>	<u>\$ 13,039,563</u>

The following is a summary of financial information certified by the Custodian as accurate and complete for the year ended December 31, 2020:

Net appreciation in fair value of investments	\$ 2,199,770
Interest income on notes receivable from participants	17,591
	<u>\$ 2,217,361</u>

**Genesys Aerosystems 401(k) Plan
Notes to the Financial Statements
December 31, 2020**

NOTE 4 –GUARANTEED RETURN ACCOUNT

In 2014, the Plan entered into a guaranteed investment contract with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract is a fully benefit-responsive investment contract and therefore is reported at contract value, rather than fair value.

The Plan's ability to receive amounts due under the contract is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Sponsor, auditors, trustee, custodian and third party administrator qualify as party-in-interest transactions.

The Plan invests in certain funds managed by the Trustee which qualify as party-interest transactions

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In addition, recent economic uncertainty and market events as a result of the COVID-19 pandemic and other market forces have led to unprecedented volatility in currency, commodity, credit and equity markets. These recent events underscore the level of investment risk associated with the current economic environment, and accordingly the level of risk in the Plan.
