INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Fred Haas Interests 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Fred Haas Interests 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Fred Haas Interests 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fred Haas Interests 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

6002 Rogerdale, Ste. 200 Houston, Texas 77072 Tel 281-759-1120 Fax 281-759-5500

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fred Haas Interests 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fred Haas Interests 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fred Haas Interests 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Our responsibility is to express an opinion on the 2019 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by the Delaware Charter Guarantee and Trust Company dba Principal Trust Company, trustee and Great-West Trust Company, LLC, custodian of the Plan, except for comparing such information with the related information included in the 2019 financial statement. We have been informed by the plan administrator that Delaware Charter Guarantee and Trust Company dba Principal Trust Company and Great-West Trust Company, LLC hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustee and custodian as of December 31, 2019, that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statement. FRED HAAS INTERESTS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Fred Haas Interests 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan has adopted a nonstandardized prototype plan from Great-West Trust Company, LLC. The plan sponsor is Fred Haas Motors, Ltd. The Plan is established for the benefit of the employees of Fred Haas Motors, Ltd., Fred Haas Interests, Fred Haas Country, L.P., and Fred Haas Nissan, L.P. (collectively, the "Companies"). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers all employees who have completed 60 days of service and have attained the age of 21. Entry dates into the Plan are the first day of each month following the satisfaction of eligibility requirements. The Plan is participant directed and participants may change their investment options at any time.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. The Plan has adopted certain measures included in the CARES Act, which are described below, and will amend the Plan retroactively by December 31, 2022.

Contributions

Participants may elect to make salary deferral contributions to the Plan up to 75% of their annual eligible compensation, but not more than the limit established by the Internal Revenue Service (IRS). A participant may designate all or a portion of their salary deferral contributions as Roth elective contributions. Roth elective contributions are made after-tax. Participants age 50 or over in the plan year may also make catch-up contributions into the Plan. Participants may change their contribution rates on the first day of each month or elect to stop contributing at any time.

The Plan allows for participants in a former employer's qualified plan to contribute direct rollovers to this Plan prior to meeting the Plan's eligibility requirements.

The Companies may, at their discretion, contribute for each participant a matching contribution equal to a percentage of each participant's elective contribution. The Companies made matching contributions equal to 10% of each participant's contribution up to 4% of each participant's eligible compensation on a pay period basis.

The Companies may also make an additional discretionary contribution, which shall be allocated to each eligible employee in proportion to his or her eligible compensation as a percentage of the eligible compensation of all eligible employees. No such contributions were made during 2020.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Companies' contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

For vesting purposes, a participant must be credited with at least 1,000 hours during the plan year to qualify as one year of service and count toward vesting. Participants are at all times fully vested in their participant and rollover contribution accounts and the appreciation or depreciation thereon. Vesting in the Companies' contributions portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest 20% per year after two years of service and are 100% vested after six years of service. A participant shall be immediately vested upon death, retirement, or termination of employment due to permanent disability.

Forfeited Accounts

Forfeitures of nonvested employer contributions subsequent to August 15, 2019 shall be used to allocate as additional discretionary matching or discretionary contributions. Forfeitures prior to August 15, 2019 could be used to pay plan administrative expenses, then reduce the Companies' contributions and the remaining balance could be allocated as discretionary contributions. The forfeitures balance was $16,555 and $7,315 at December 31, 2020 and 2019, respectively. Forfeitures of $750 were used to pay plan administrative expenses in 2020. No forfeitures were used to reduce the Companies' contributions or allocated during 2020.

Payment of Benefits

Participants may elect to withdraw any part of their vested account balance upon retirement, termination of employment, death or disability, or attainment of age 59½. Normal retirement age is 65. Hardship withdrawals of vested balances due to immediate and heavy financial need are also permitted, subject to the terms of the Plan document.

Distributions from the Plan are made in lump-sum payments or in alternative structures as allowed by the Plan. All vested benefits in the Plan that are less than $5,000 may be distributed in a single lump-sum payment without consent from the terminated participant.

Under the CARES Act provisions, the Plan allowed qualified participants to receive Coronavirus-related distributions up to $100,000 without penalty through December 30, 2020. Additionally, required minimum distributions beginning in 2020 could be delayed by one year, but may still be received at the request of a participant.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Plan Termination

Although it has not expressed any intent to do so, the Companies have the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The plan administrator is responsible for determining the Plan's valuation policies utilizing information provided by the investment advisors. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to record keeping, advisory services, and participant related services are allocated to participants' accounts and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2020 or 2019.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	December 31, 2020			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$13,731,343			$13,731,343

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

	December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$12,682,532			$12,682,532

NOTE 4 - CONTRACT VALUE INVESTMENTS

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company (Great-West) that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Great-West, as the contract issuer, is contractually obligated to repay the principal and interest at a specified crediting interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Interest is credited on the balance using a single "portfolio rate" approach. Under this methodology, a single interest-crediting rate is applied to all contributions made to the contract regardless of the timing of those contributions. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The crediting interest is reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with Great-West. Such events include the following: (i) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA.

The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

Through May 2020, the Plan held a traditional investment contract, the Principal Fixed Income Guaranteed Option. This contract met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. There were no unfunded commitments related to any of these investments.

NOTE 4 - CONTRACT VALUE INVESTMENTS (CONTINUED)

The traditional investment contract held by the Plan was a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but may not be less than the minimum guaranteed rate. The crediting rate was reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

In May 2020, this contract was closed without penalty and all investments at that time were transferred to the Key Guaranteed Portfolio Fund held with Great-West.

NOTE 5 - INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company dba Principal Trust Company, trustee and Great-West Trust Company, LLC, custodian of the Plan, have certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and December 31, 2019, the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Add: Nondiscriminatory refunds payable	55,022	64,596
Net assets available for benefits per the Form 5500	$16,350,668	$15,425,052

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2020:

Change in net assets available for benefits per the financial statements	$935,190
Add: Nondiscriminatory refunds at December 31, 2020	55,022
Less: Nondiscriminatory refunds at December 31, 2019	(64,596)
Change in net assets available for benefits per the Form 5500	$925,616

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan provides (or provided) for investments in mutual funds, collective investment trust funds, and contract accounts managed by entities affiliated with Delaware Charter Guarantee and Trust Company dba Principal Trust Company (Principal) and Great-West Trust Company, LLC. Principal was a trustee of the Plan and Great-West Trust Company, LLC is the custodian of the Plan and, therefore, qualify as parties-in-interest. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 8 - NONDISCRIMINATORY REFUNDS

At December 31, 2020 and 2019, liabilities of $55,022 and $64,596, respectively, are recorded for amounts refundable by the Plan to highly compensated participants for contributions made in excess of amounts allowed by the IRS.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - INCOME TAX STATUS

The Plan has adopted a nonstandardized prototype plan, which obtained its latest opinion letter dated March 31, 2014 in which the IRS stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 11 - SUBSEQUENT EVENTS

In March 2021, the Plan was amended and restated to allow for forfeitures to be used to reduce employer contributions. In May 2021, the Plan was amended and restated to change the service requirement for eligibility from 60 days of service to 2 months of service.

Management has evaluated subsequent events through August 17, 2021, the date the financial statements were available to be issued.
