NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE A--DESCRIPTION OF PLAN

The following description of the Valley Honda 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Aurora-Naperville Enterprises, Inc. (the "Company") for employees that meet specific eligibility requirements. The Plan, designated as a defined contribution plan, was effective August 1, 2005, and later amended and restated January 1, 2019; amended, September 22, 2020 and November 2, 2020, and amended and restated January 1, 2021 (see Note H). The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees of the Company having attained the age of 21 are eligible to participate on January 1st or July 1st following completion of one year of service, during which the employee is credited with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, and for determining the appropriateness of the Plan's investment offerings, and for monitoring investment performance.

Contributions

Eligible participants may elect to contribute to the Plan pre-tax and after-tax (Roth) compensation, as defined in the Plan, by means of a salary deferral agreement, which is not more than the maximum percentage permitted by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designed fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified plans (rollover) in accordance with Plan provisions. All contributions are subject to certain limitations. Salary deferral contributions are funded proximate to the withholding date. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions in accordance with Plan provisions. Additional profit-sharing amounts may be contributed at the option of the Company management to be invested as directed by the participants. Discretionary matching contributions are based on a percentage determined by Company management and are based upon Plan provisions and participant eligibility as defined by the Plan. Discretionary matching contributions, if any, are funded each payroll period and discretionary profit-sharing contributions, if any, are funded annually after the close of the Plan year and within statutory time frames. Company contributions are subject to certain limitations as defined by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and an allocation of (a) the Company's discretionary profit sharing and match contributions, (b) Plan earnings or losses, and (c) administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTSDecember 31, 2020 and 2019

NOTE A--DESCRIPTION OF PLAN-continued**Investment Options**

Upon enrollment in the Plan, participants may direct all contributions, and earnings thereon, in a variety of investment options as more fully described in the Plan's provisions. Participants may change their investment options at any time in accordance with Plan provisions. During any period in which there is no participant direction on file with the Trustees as to the investment of a participant's account, 100% of that participant's account will be invested in the investment option designated from time to time by the Trustees as the default investment. The Plan currently offers various mutual funds as investment options for participants.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution and/or profit-sharing contribution portions of their accounts plus actual earnings thereon is based on years of credited service (as defined in the Plan document) presented below.

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon termination of employment due to retirement or Plan termination, a participant is entitled to 100% of their account balance in a lump-sum cash distribution or installment distribution for required minimum distributions.

For termination of employment for other reasons, a participant is entitled to a lump-sum distribution of 100% of the participant's contributions and the vested portion of the Company's contributions based upon the Plan's vesting provisions. Distributions may also be paid in a direct rollover to an individual retirement plan designated by the Plan Administrator. All termination distributions that exceed \$5,000, and for which a participant has consented, will be made as either a lump sum distribution or installment distribution for required minimum distributions as soon as administratively feasible. However, if the value of a vested account balance does not exceed \$5,000, a mandatory cash-out termination distribution will be made as a lump sum distribution, as soon as administratively feasible. These distributions will be made if a participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover.

In-service withdrawals, subject to certain restrictions as defined in the Plan, are also permitted.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE A--DESCRIPTION OF PLAN-continued

Notes Receivable from Participants

Effective January 1, 2016 as part of the plan restatement, the Plan no longer allows for participants to borrow from their accounts. All existing loans as of December 31, 2015 were still allowed within the Plan and paid off as of December 31, 2020.

The loans are secured by a participant's vested account balance and bear interest at the prime rate as defined as of the date of the loan (3.50% at December 31, 2015). Loans are for a period not to exceed five years unless for the purchase of the participant's principal residence, in which case the Plan Administrator may permit a longer repayment term, not to exceed 15 years. Principal and interest shall be repaid ratably twice monthly and at least quarterly by participants as determined by the Plan Administrator at loan inception. A participant may not incur more than one loan at any time.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$10,007 and \$11,799, respectively. These accounts will be used to reduce future Company contributions. During the years ended December 31, 2020 and 2019, the Plan used \$9,966 and \$14,330, respectively of the forfeited non-vested accounts to reduce Company contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contribution. Any unallocated Plan assets should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in registered mutual funds are valued at quoted market prices which represent the net asset value of the shares held by the Plan at year-end (see Note C). The Plan Administrator and Plan Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and Custodian.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Existing notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. When a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed 2020 and 2019 excess contributions to applicable participants prior to March 15, 2021 and 2020, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

Management of the Plan has evaluated subsequent events through August 26, 2021, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Gains and losses (realized and unrealized) are reported as net appreciation (depreciation) in the fair value of investments presented in the Statement of Changes in Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D--INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule at December 31, 2020 and 2019, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in the fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Capital Bank and Trust Company (the "Custodian" of the Plan). Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by the Custodian, as of December 31, 2020 and 2019 and for the year ended December 31, 2020.

Except for comparing such information as certified by the Custodian to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information.

The following represents information certified by the Custodian as of December 31, 2020 and 2019 and for the year ended December 31, 2020.

	2020	2019
Mutual funds	\$ 16,729,259	\$ 14,937,336
Notes receivable from participants	-	31,455
Net appreciation in fair value of investments	1,400,322	
Dividends	591,310	
Interest income on notes receivable from participants	421	

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE E--TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype plan document adopted by the Plan, as then designed, qualified under section 401(k) of the Internal Revenue Code ("IRC"). The Plan has been amended and restated since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and Plan's tax counsel believe that the Plan was designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability, including penalties and interest, if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. However, there are no audits for any tax periods currently in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2017.

NOTE F--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of the Custodian; and therefore, qualify as party-in-interest transactions. Cook Martin (the "record-keeper") performs administrative and recordkeeping services for the Plan. Edward Jones performs investment advisory services for the Plan participants. Fees paid by the Company to the Custodian, the record-keeper, and other service providers are not material to the financial statements.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTE G--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Custodian. Such assets are subject to the changes in value of its underlying investments. The investments are exposed to various risks such as interest rate, market, and credit risks, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the underlying investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H--PLAN AMENDMENT

Effective January 1, 2019, the Plan was amended to remove the 1,000 hours of service and last day of service requirements to receive the discretionary matching contribution.

Effective September 22, 2020, the Plan was amended to exclude employees acquired through a Plan sponsor merger and creation of Roush Holdings, Inc. until 2021, when the Plan was formally restated.

Effective November 2, 2020, the Plan was amended to appoint a new trustee for the Plan.

Effective January 1, 2021, the Plan was amended and restated to reflect the name change of the Plan Sponsor's name from Aurora-Naperville Enterprises, Inc. to Roush Holdings, Inc. in the merger of the Plan Sponsor with Roush Holdings Inc. The name of the Plan was also changed from Valley Honda 401(k) Plan to Roush Holdings 401(k) Plan.

Effective January 1, 2021, the Plan was amended and restated as part of the Plan Sponsor merger to allow the employees' previous years of service at Roush Equipment, Inc., Roush Ford, Inc., and Roush Holdings, Inc. to count towards eligibility purposes and to allow these employees to enter the Plan on January 1, 2021.
