INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
The Wallick Companies 401(k) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Wallick Companies 401(k) Retirement Savings Plan, which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets held at the end of year, as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Great-West Life & Annuity Insurance Company, the custodian of the plan. Their report dated October 11, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2019 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE WALLICK COMPANIES 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the The Wallick Companies 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1998 as a safe harbor defined contribution plan covering all employees of The Wallick Companies, LLC (the Company), except collective bargaining (union) employees. Employees who have completed three months of credited service and attained the age of 21 are eligible for Plan participation. Eligible employees may enter the Plan on the first day of each Plan quarter following the date employees satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 40% of their eligible annual compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) as pre-tax or Roth contributions. Participants who have attained age 50 can make catch-up contributions. Participants may also contribute amounts representing distributions from other tax-qualified retirement or savings plans. Participants direct the investment of their contributions into investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at 3% of eligible compensation, unless the participant opts out of the automatic enrollment. The initial deferral amount will increase each Plan year by 1% beginning in year 3, until the deferral percentage reaches 6%.

The Employer has elected to contribute amounts as a safe harbor matching contribution equal to 100% of the elective contributions on the first 1% of employee compensation, plus 50% of the elective contributions between 1% and 6% of employee compensation. The sponsor may also make other non-elective or discretionary contributions to the Plan as determined annually. Such additional contributions are allocated among all participants in the same ratio that each participant's compensation for the Plan year bears to the total compensation paid to all participants for the Plan year. There were no additional discretionary contributions into the Plan for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Employer's contributions, an allocation of Plan earnings, and forfeitures of terminated participants' non-vested accounts. Participant's accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, compensation or account balances, as defined. The Plan's investments are participant-directed and allocations of plan earnings are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their voluntary contributions. Vesting in employer match contributions is based on years of continuous service. A participant is 100% vested after two years of credited service, where a year is defined as one where an employee works 1,000 hours or more. Regardless of the vesting schedule, participants shall become fully vested upon employment on or after normal retirement age or termination of employment due to participants' death or as a result of becoming disabled.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account. Participants may have up to two notes outstanding at a time. The interest rate is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination, normal retirement at age 65, attaining age 59 ½, death or permanent disability, a participant may receive the vested value of his or her account. Distributions may be made in a lump sum payment, or in installment payments not to exceed the life expectancy of the participant. Upon the death of a participant, the beneficiary shall be entitled to the full value of the account. Hardship withdrawals are permitted in accordance with the Internal Revenue Service (IRS) guidelines.

Forfeitures

Forfeitures can be used to reduce administrative expenses or reduce future Employer contributions. During 2019, forfeitures totaling \$325 were used to reduce expenses. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$236,012 and \$171,110, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

THE WALLICK COMPANIES 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2019 and 2018

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a distribution based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Administrative Expenses

Certain administrative expenses are paid by the Employer and are excluded from these financial statements. Fees for other administrative transactions are charged directly to the participant's account and are included in Administrative Expenses on the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2019 and 2018 was obtained from data that has been prepared and certified to as complete and accurate by Great-West Life & Annuity Insurance Company, the Plan's custodian:

Interest and dividends

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2019 and 2018

NOTE 4 – GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive group annuity investment contract issued by Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. During 2019, the interest rate was 1.20%.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

THE WALLICK COMPANIES 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2019 and 2018

NOTE 6 – INCOME TAX STATUS

The Plan has been designed to qualify under Section 401(k) of the IRC. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 501(a) of the IRC.

The Plan elected to adopt a prototype plan. The IRS issued an opinion letter dated March 31, 2014. In that opinion letter, the IRS stated that the prototype plan document, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended since receiving the letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 – FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

THE WALLICK COMPANIES 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2019 and 2018

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 or 2018.

- *Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Empower Retirement (Empower). Great-West Life & Annuity Insurance Company Group is the investment trustee, as defined by the Plan, and offers products and services in retirement markets under Empower. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan are incorporated in the return for the various mutual funds. The funds pay Empower a fee for their services, which include any fees Empower pay to the sub-advisors. There were no additional fees paid outside of the funds.

NOTE 11 – SUBSEQUENT EVENTS

Events that occur after the Statement of Net Assets Available for Benefits date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Assets Available for Benefits date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Assets Available for Benefits require disclosure in the accompanying notes. Management evaluated the activity of the Plan through October 7, 2020 (the date the financial statements were available to be issued) and concluded that one subsequent event has occurred that would require recognition in the Financial Statements or disclosure in the Notes to the Financial Statements.

Uncertainty related to COVID-19

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. have declared a state of emergency. It is anticipated that these impacts will continue for some time. Subsequent to December 31, 2019, and as a result of the effects of COVID-19, the stock market has experienced significant volatility. The future effects of these issues are unknown.
