General

The Plan is a defined contribution plan designed and intended to operate as a safe harbor 401(k) plan that provides retirement savings benefits to eligible employees of the Company through voluntary contributions by employees and safe harbor and discretionary nonelective contributions by the Company. The Plan, which commenced effective June 1, 2013, and was amended and restated effective September 1, 2019, covers substantially all employees of the Company. Participation in the Plan is voluntary. Employees are eligible to participate in the Plan on the first day of employment. An employee's entry date is the first day of the month following the date eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Plan Custodian, Recordkeeper and Plan Administrator

Reliance Trust Company serves as the Custodian of the plan assets. Among other duties, the custodian receives contributions, holds, and invests the fund assets in accordance with the directions of participants, and makes disbursements as directed by the Plan Administrator. The Company has contracted with ADP Retirement Services to serve as the Plan Recordkeeper to maintain daily activity and participant account balances. The Company is the designated Plan Administrator of the Plan.

Plan amendment

The Plan was amended and restated effective September 1, 2019 to allow for a true up contribution to be calculated following the close of the Plan year based on the ratio of elective deferrals to compensation for the Plan year.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) safe harbor matching and discretionary nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on the percentage which the participant's contributions, account balance, and compensation, as defined, bear to the total of all participants' contributions, account balances, and compensation, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to contribute, on a pre-tax basis, up to 86% (not including Catch-up Contributions) of their eligible annual compensation, as defined by the Plan, not to exceed the maximum amount allowed under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

Employer contributions

The Plan is a safe harbor plan providing contributions under a basic matching contribution formula. During 2020 and 2019, the Company contributed 100% of the participant's contributions up to 4% of each participant's eligible compensation for a total of $685,377 and $516,629, respectively. The Company safe harbor contributions are 100% vested immediately and invested in the same manner as the participant has directed for their contributions.

Additionally, the Company may, at its discretion, make discretionary nonelective contributions to the Plan in amounts determined by the Company each year. Discretionary nonelective contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. No discretionary contributions were made during the years ended December 31, 2020 and 2019.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options primarily consist of shares of registered investment companies (mutual funds) and a common/collective trust fund. Participants may change their investment options during the year subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are immediately and fully vested in their voluntary contributions and safe harbor contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary nonelective contributions and earnings thereon is based on years of continuous service. A year of service is defined as the 12-month period beginning on date of hire. Additionally, a participant will become fully vested in the Company contribution portion of their account upon reaching normal retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company discretionary nonelective contributions and earnings is determined as follows:

Years of Service:	Percentage
Less than 3	0%
3	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses of the Plan or to reduce future employer matching contributions for the Plan year. As of December 31, 2020 and 2019, the unallocated forfeiture balance was $0, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less. No more than three (3) loans can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 7.5% which was commensurate with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years, unless the loan is used to purchase a primary residence, for which loan terms may range up to thirty (30) years. A participant's loan balance becomes immediately due and payable upon termination of employment.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a cash distribution and direct rollover distribution or installments over a period of time not to exceed the employee's life expectancy. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct the Custodian that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA for their benefit. If the vested account balance is $1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled $25,136 and $19,057 for the years ended December 31, 2020 and 2019, respectively.

The plan maintains a plan expense account which holds revenue sharing funds the Plan receives from the Custodian pursuant to the revenue-sharing arrangement. On a monthly basis, revenue sharing payments received from certain of the Plan's investment options are deposited into the dedicated plan expense account. These payments are reported as an increase in other income in the Statement of Changes in Net Assets Available for Benefits. Amounts deposited in this account are used to pay qualified plan administrative expenses. During 2020 and 2019, $19,229 and $14,797 was used to pay Plan expenses, respectively. At December 31, 2020 and 2019, there was $6 and $4, respectively, remaining in the plan expense account.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, "Fair Value Measurements and Disclosures" except for fully-benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2020, there were no amounts allocated to participants who elected to withdraw from the Plan but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment options of shares of registered investment companies (mutual funds) and a common/collective trust fund. Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Note C - Information Certified by the Trustee (Unaudited) or Investments

At December 31, 2020 and 2019, the Plan's investments were held by Reliance Trust Company, the Custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	12/31/2020	12/31/2019
Mutual funds	$ 7,365,588	$ 4,835,527
Common/collective trust fund	263,963	88,548
Total investments	**$ 7,629,551**	**$ 4,924,075**

During 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows and earned dividend income of $171,594:

	12/31/2020
Mutual funds	$ 813,868
Common investment trust funds	5,395
	$ 819,263

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified with Level 1 of the fair value hierarchy.

Common/collective trust funds: Valued at net asset value ("NAV"), as a practical expedient to measure fair value, based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not a publicly quoted price in an active market. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. The underlying investments within the collective investment trust fund are high-quality guaranteed investment contracts ("GICs") and similar contracts issued by insurance companies, banks and other financial institutions which seeks to preserve principal and achieve high current income. There are no restrictions on the NAV price or its equivalent. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments. There are no significant restrictions on participant redemptions; however, if the Plan terminates a full redemption of the collective trust, the issuer reserves the right to require up to 90 days notification in order to ensure that securities liquidation will be carried out in an orderly manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Total assets in fair value hierarchy	$ 7,365,588	$ -	$ -	$ 7,365,588
	$ 7,365,588	**$ -**	**$ -**	**$ 7,365,588**
Investments measured at net asset value [(a)]				263,963
				$ 7,629,551

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Total assets in fair value hierarchy	$ 4,835,527	$ -	$ -	$ 4,835,527
	$ 4,835,527	**$ -**	**$ -**	**$ 4,835,527**
Investments measured at net asset value [(a)]				-
				$ 4,835,527

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note E – Related party transactions

Certain Plan investments are pooled separate accounts managed by Reliance Trust Company. Reliance Trust Company has been designated as the Custodian. These specific investments issued or managed by the Custodian qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

Note G - Tax status

The underlying non-standardized prototype profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS) dated July 8, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS non-standardized prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.
