Intelligent Automation, Inc. Profit Sharing Plan

Notes to Financial Statements

1. **Description of the Plan** The following description of the Intelligent Automation, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Intelligent Automation, Inc. (the "Company") who are at least 21 years old, except for interns. Eligible employees may begin to contribute on the first day of a payroll period. There is a one year service requirement for the employer match and discretionary profit sharing contributions. Employees are eligible for employer match and discretionary profit sharing contributions on the first day of the quarter subsequent to satisfying the age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In response to the spread of the coronavirus ("COVID-19") and its impact on the economy, Congress passed legislation in March 2020 that eased restrictions on distributions and loans from retirement plans. Management adopted certain provisions of this legislation in 2020 in Plan operations. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service ("IRS") guidance.

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Company contributes 50 percent of the first 6 percent of compensation that a participant contributes to the Plan. Profit sharing amounts may be contributed at the discretion of the Company. Participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to receive the Company matching contribution or an allocation of any discretionary profit sharing contribution. Contributions are subject to certain limitations.

Intelligent Automation, Inc. Profit Sharing Plan

Notes to Financial Statements

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contributions, as well as allocations of the Company's discretionary profit sharing contribution, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The Company's discretionary profit sharing contributions, if any, are allocated based on a grouping allocation method whereby each participant constitutes a separate grouping classification. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime plus 2%. Principal and interest are paid through payroll deductions.

Payment of benefits: Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum payments.

Vesting: Participants are vested immediately in their contributions and Company matching contributions plus actual earnings thereon. Vesting in the discretionary profit sharing contributions is based on years of continuous service of at least 1,000 hours per year. A participant is 20 percent vested after two years of service is completed, and vests an additional 20 percent per year until full vesting after six years.

Forfeited accounts: At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$61,003 and \$38,948, respectively. These accounts may be used first to pay Plan expenses and then reduce Company contributions. These accounts were used to reduce Company contributions for 2020 and 2019 that were paid after year-end. Employer contributions receivable at December 31, 2020 and 2019 were reduced by \$61,003 and \$38,948, respectively. No forfeited nonvested accounts were used to pay Plan expenses in 2020.

Intelligent Automation, Inc. Profit Sharing Plan

Notes to Financial Statements

2. Significant accounting policies

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses. Plan expenses related to investments were charged and allocated to individual participant accounts based on investment balances.

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

New accounting standard adopted: In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU eliminated, modified and added disclosure requirements related to the fair value of investments. The ASU is effective for reporting periods beginning after December 15, 2019. Management evaluated the impact of this ASU on the financial statements and does not consider the adoption to have a material impact.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Intelligent Automation, Inc. Profit Sharing Plan

Notes to Financial Statements

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through August 30, 2021, which is the date the financial statements were available to be issued.

3. Certified information

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (U.S.A.), the insurance company, has certified as to the completeness and accuracy of all investment and cash balances, related investment activity, notes receivable from participants, and related interest income from notes receivable from participants reflected in the accompanying financial statements and supplemental schedule, summarized as follows:

	<u>2020</u>	<u>2019</u>
Investments, at fair value	<u>\$ 58,843,911</u>	<u>\$ 48,893,566</u>
Cash	<u>\$ 61,003</u>	<u>\$ 38,948</u>
Notes receivable from participants	<u>\$ 191,821</u>	<u>\$ 181,875</u>
Net appreciation in fair value of investments	<u>\$ 8,222,376</u>	
Interest income from notes receivable from participants	<u>\$ 10,469</u>

Notes to Financial Statements

-
- 4. Fair value measurements** Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The fair value of the units of pooled separate accounts is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the accounts. The NAV is used as a practical expedient to estimate fair value and is determined by the insurance company based on the fair value of the underlying assets in the accounts, less the liabilities.

All investments of the Plan are measured using net asset value as a practical expedient to estimate fair value and therefore, are not subject to the fair value hierarchy. The investments of the Plan are classified into different risk categories. The investment objective of the conservative accounts is to preserve principal and provide for liquidity while maintaining a competitive rate of interest. Income accounts seek to maximize total return consisting of current income and capital appreciation. Growth and income accounts seek long term growth of capital and income. Growth funds and aggressive growth accounts seek long term growth and capital appreciation. Target date accounts seek high total return through the portfolio's target retirement date.

Investments in all pooled separate accounts can be redeemed immediately at the current net asset value to meet participant-initiated withdrawals. John Hancock Life Insurance Company (U.S.A.) ("John Hancock") may delay any participant-initiated withdrawal from the John Hancock Stable Value Fund for up to thirty days if immediate withdrawal would have an adverse impact on the fund. Up to twelve months advance written notice may be required prior to sponsor redemption of the John Hancock Stable Value Fund, determined by John Hancock. There are no other withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2020 and 2019.

- 5. Plan termination** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.
- 6. Party-in-interest transactions** Certain Plan investments are managed by affiliates of John Hancock. John Hancock is the insurance company and recordkeeper as defined by the Plan. The Plan pays certain expenses related to plan operations and investment activity to various service providers. These transactions qualify as exempt party-in-interest transactions.

Intelligent Automation, Inc. Profit Sharing Plan

Notes to Financial Statements

7. **Risks and uncertainties** The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

The COVID-19 pandemic continues to evolve with direct and indirect economic impacts for companies world-wide. As of the date of issuance, the ultimate duration and severity of the pandemic cannot be reasonably estimated. Management will continue to monitor the impact of COVID-19 on the Plan and will reflect the consequences, as appropriate, in the Plan's financial records.

8. **Tax status** The Plan is a volume submitter plan of The Pension Studio which received an opinion letter on March 31, 2014, in which the IRS stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. **Reconciliation to Form 5500** The following is a reconciliation of amounts in the financial statements to Form 5500 as of December 31, 2020 and 2019 and for the year ended December 31, 2020:
