August 10, 2021

To the Trustee of the
Uniwell Corporation 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of Uniwell Corporation 401(k) Plan (the "Plan") for the year ended December 31, 2020, and have issued our report thereon dated August 10, 2021. As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act ("ERISA") of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Ascensus, as agent for Ascensus Trust Company ("Ascensus"), in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 27, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Accounting Policies

- Management is responsible for selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

- As described in Note 2 to the financial statements, the Plan adopted Financial Accounting Standards Board Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. The adoption of this standard update had no impact on the Plan's financial statements.

- We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting Estimates

- Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the fair value of investments.

- Management's estimate of the fair value of investments is based on the valuation by Ascensus. Because of the scope limitation, the only procedure we performed in regard to the fair value of investments was to agree the fair value to the certified statements received from Ascensus and to determine the reasonableness of the methodologies used to determine the fair value of each class of investment.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no such misstatements detected as a result of audit procedures.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor’s report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 10, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditor. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the information and use of the Plan Trustee and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Schmidt Westergard & Company, PLLC

August 10, 2021

To the Trustee of the
Uniwell Corporation 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Uniwell Corporation 401(k) Plan (the "Plan") as of and for the year ended December 31, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a Department of Labor ("DOL") limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This information is intended solely for the information and use of the Plan Trustee and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Schmidt Westergard & Company, PLLC

INDEPENDENT AUDITOR'S REPORT

To the Trustee of the
Uniwell Corporation 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Uniwell Corporation 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Ascensus, as agent for Ascensus Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Ascensus as of December 31, 2020 and 2019, and for the year ended December 31, 2020 that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2020, is required by the DOL's Rule and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Ascensus, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

The following description of the Uniwell Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan was established January 1, 2001, for the exclusive benefit of eligible employees of the following companies: Uniwell Corporation, Uniwell Hotel, Inc. dba Holiday Inn Buena Park, and Uniwell Fresno Hotel, L.L.C dba Fresno Hotel and Conference Center (collectively, the "Employer").

General

The Plan is a defined contribution plan covering all full-time employees of the Employer who have one year of service and are age 21 or older. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may contribute up to 100% of their compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The Employer may make discretionary matching and profit-sharing contributions each year to the Plan. For The year ended December 31, 2020, the Employer made discretionary matching contributions of 100 % of the first 1% of compensation that a participant contributed to the Plan. The Employer did not make discretionary profit-sharing contributions to the Plan for the year ended December 31, 2020. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the Employer's discretionary matching and profit-sharing contributions is based on years of credited service, as defined. The Employer's discretionary matching and profit-sharing contributions to individual participants become 20% vested after one year of service and vest an additional 20% each year thereafter until fully vested. If a participant dies, or becomes totally disabled, the participant becomes fully vested in the Plan, irrespective of years of service.

Payment of Benefits

On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments over the life of the participant.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates which are commensurate with local prevailing rates. The term of the loan is not to exceed 5 years, unless the loan is for the purchase of a principal residence, then the Plan administrator may permit a longer repayment term. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

At December 31, 2020 and 2019, there were no forfeited non-vested accounts. Forfeited accounts may be used to reduce future employer contributions or to pay administrative expenses, which would otherwise be paid by the Plan. If applicable, forfeited non-vested accounts are used first to reduce Plan administrative expenses and then reduce future employer contributions. During 2020 there were no forfeited accounts used to reduce future employer contributions or to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amount of net assets and the reported amounts of additions to and deductions from net assets. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, certain expenses of maintaining the Plan are paid by the Employer. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc.) may be charged directly against the appropriate participant's account. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

COVID-19

On January 30, 2020, the World Health Organization ("WHO") declared the COVID-19 outbreak a public health emergency of international concern. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, which triggered volatility in financial markets and a significant negative impact on the global economy. The amount of losses that may be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Adoption of Recent Accounting Pronouncements

In February 2018, FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. The objective of these disclosure requirements is to provide financial statement users with information about assets and liabilities measured at fair value in the statement of net assets available for benefits or disclosed in the notes to the financial statements regarding (1) the valuation techniques and inputs used to develop fair value measurements, including the related judgments and assumptions made, (2) the uncertainty in the fair value measurements as of the reporting date, and (3) how changes in the measurements impact the performance of the plan. The Plan has adopted the guidance of ASU 2018-13 as of January 1, 2020. There has been no significant impact on the Plan's financial statements.

3. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds

Investments in mutual funds are valued at the daily closing price as reported by the fund. These mutual funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds

Money market funds are valued at fair value based on the fair value of the underlying investments. Money market funds are invested in high-quality, short-term securities issued by U.S. and foreign issuers.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,498,164	$ -	$ -	$ 3,498,164
Money market fund	218,934	-	-	218,934
Total investments at fair value	$ 3,717,098	$ -	$ -	$ 3,717,098

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,452,632	$ -	$ -	$ 3,452,632
Money market fund	106,660	-	-	106,660
Total investments at fair value	$ 3,559,292	$ -	$ -	$ 3,559,292

4. Party-in-Interest Transactions

At December 31, 2020 and 2019, Ascensus Trust Company is the custodian of Plan investments. These investments and transactions with Ascensus Trust Company qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, as agent for Ascensus Trust Company, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the schedule of assets (held at end of year) at December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

7. Income Tax Status

On March 31, 2014, the Internal Revenue Service stated that the prototype non-standardized profit-sharing plan adopted by the Plan, as then designed, qualifies under the applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. There are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

9. Excess Contributions

The Plan failed to pass the Average Deferral Percentage and the Actual Contribution Percentage tests for the year ended December 31, 2020. Excess contributions, including applicable earnings, totaling approximately $16,500 are recorded as a liability in the accompanying statement of net assets available for benefits at December 31, 2020. The Plan reimbursed the 2020 excess contributions to the affected participants during 2021.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2020	2019
Net assets available for benefits as reported in the financial statements	$ 3,782,455	$ 3,637,979
Less: Employer contributions receivable	(21,719)	-
Add: Excess contributions payable	16,535	-
Net assets available for benefits as reported in the Form 5500	$ 3,777,271	$ 3,637,979

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2020 to Form 5500:

Net increase in net assets available for benefits as reported in the financial statements	$ 144,476
Less: Employer contributions receivable at December 31, 2020	(21,719)
Add:: Excess contributions payable at December 31, 2020	16,535
Net increase in net assets available for benefits as reported in the Form 5500	$ 139,292

11. Subsequent Events

The Plan has evaluated subsequent events through August 10, 2021, the date the financial statements were available to be issued.
