The weighted average retirement age is equal to the normal retirement age of 63 .

List the rate of retirement at each age and describe the methodology used to compute the weighted average retirement age, including a description of the weight applied at each potential retirement age.

Each active and terminated vested Participant is assumed to retire as of their Normal Retirement Date under the Plan. The weighted average is based upon a sum of each Participant's Normal Retirement Age times each individual's Funding Target, divided by the total Funding Target.
