NOTE 1: DESCRIPTION OF PLAN

The following description of TSR Contract Employee Consultants 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was initially adopted on January 1, 1987 and restated on September 1, 2015, is a Massachusetts Mutual Life Insurance Company Volume Submitter Profit Sharing Plan. The Plan is a defined contribution plan covering all employees of TSR Consulting Services Inc. and Logixtech Solutions LLC, subsidiaries of TSR Inc. (the "Sponsor", "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Section 401(k) of the Internal Revenue Code.

An employee can enroll in the Plan on the first day of the month following the date the employee reaches the age of 21 and has six months of continuous service with the plan sponsor. An employee will be eligible for matching contributions on completion of 1,000 hours of service during the Plan Year and employment on the last day of the Plan Year.

The Sponsor and the investment manager, Envestnet Retirement Solutions, LLC ("Co-Fiduciaries"), are co-fiduciaries of the Plan and are responsible for oversight of the Plan. The Co-Fiduciaries determine the appropriateness of the Plan's investment offerings and monitor investment performance. The custodian of the Plan is Massachusetts Mutual Life Insurance Company ("MassMutual"), and the recordkeeper is MassMutual Retirement Services ("MMRS"). Certain employees of the Sponsor act as the Plan's Trustees.

Contributions

Each year, participants may contribute up to the maximum Internal Revenue Service ("IRS") limitations during the Plan year, as no limits on elective deferrals are set in the Plan. For the calendar year 2020, the applicable dollar amount was $19,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution was $6,500 for 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are made to the Plan by the Company. The Sponsor, at its sole discretion, may make matching or profit-sharing contributions, however, no such contributions were made during the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately 100% vested in their own contributions plus actual earnings.

Forfeitures

Forfeitures of non-vested Company contributions may be used to reduce administrative expenses of the Plan or reduce employer contributions. During the year ended December 31, 2020, no forfeitures were used. As of December 31, 2020 and 2019, there were no forfeitures available to the Plan.

Notes Receivable from Participants

Participants may borrow from their fund up to two loans of a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account. The loans are secured by the balance in the participant's account and bear interest at two percentage points above the prime rate, as defined by the Plan. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is thirty years.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump-sum distribution, installment distributions over a specified period not to exceed the life expectancy of the participant or beneficiary, or by purchasing an annuity contract meeting conditions specified in the Plan agreement. Upon termination of employment, the Plan has a mandatory cash-out provision for participants with less than $5,000 in their account, which does not require consent from the participant. Hardship withdrawals from accounts which are fully vested are permitted by the Plan. In-service distributions are allowed for participants after reaching age 55.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recently Issued Accounting Pronouncement Adopted in the Current Year

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 modifies certain disclosure requirements on fair value measurements in Topic 820. The guidance is effective for fiscal years beginning after December 15, 2019. The Plan has adopted this ASU in the current year. The disclosure requirements have been updated in accordance with the standard.

Subsequent Events

The Plan has evaluated subsequent events through August 24, 2021, the date the financial statements were available to be issued.

NOTE 3: INFORMATION CERTIFIED BY MASSMUTUAL

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by MassMutual.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the above information which appears throughout the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Pooled Separate Accounts: Valued at the daily closing price of the underlying investments in mutual funds, as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2020 and 2019. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Investments at Fair Value as of December 31, 2020

	Level 1	*Level 2*	*Level 3*	*Total*
Pooled Separate Accounts	$ -	$ 4,906,906	$ -	$ 4,906,906
Total investments at fair value	$ -	$ 4,906,906	$ -	$ 4,906,906

Investments at Fair Value as of December 31, 2019

	Level 1	*Level 2*	*Level 3*	*Total*
Pooled Separate Accounts	$ -	$ 3,409,038	$ -	$ 3,409,038
Total investments at fair value	$ -	$ 3,409,038	$ -	$ 3,409,038

NOTE 5: FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract issued by MassMutual which maintains the contributions in a general account, Guaranteed Interest Account ("GIA"), provided through a group annuity contract. The GIA totaled $440,971 and $482,850 as of December 31, 2020 and 2019, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value (See Note 2). Contract value, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5: FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (continued)

The Plan's ability to receive amounts due is dependent on the contract issuer's ability to meet its financial obligations. The contract issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts/amendments to the Plan documents
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

The Plan administrator believes no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the contract issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 6: RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

The recordkeeper of the Plan is Mass Mutual Retirement Services. Therefore, fees paid to this entity qualify as party-in interest transactions. Certain Plan investments are managed by MassMutual, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. The Company also reserves the right to amend, modify, suspend or terminate the Plan permanently or temporarily, at such time as they deem appropriate. In the event of Plan termination or if the Company elects to discontinue contributions, the total value of each participant's account will be fully vested.

NOTE 8: TAX STATUS

The Plan has adopted the Massachusetts Mutual Life Insurance Company Volume Submitter Profit Sharing Plan (the "MassMutual Prototype Plan"), a prototype plan. Accordingly, the Plan is permitted to rely on MassMutual's opinion letters. The Internal Revenue Service has determined and informed MassMutual by a letter dated March 31, 2014, that the MassMutual Prototype Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020 the COVID-19 virus outbreak became a global pandemic. As of the date of this financial statement, aside from normal market risk within its investments, the Plan has not been affected by the virus.

NOTE 10: EXCESS CONTRIBUTIONS PAYABLE

During the year ended December 31, 2020 and 2019, the Plan failed to comply with non-discrimination rules. Failing these tests required the Plan to refund contributions to certain affected participants. As of December 31, 2020 and 2019, refundable contributions due to participants totaled $68,761 and $53,983, respectively. This amount is included in liabilities on the accompanying statements of net assets available for benefits, as the amounts were not paid until after year end.

NOTE 11: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2020 and 2019 to Form 5500:
