CLUB 401(k) PLAN**

Notes to Financial Statements

December 31, 2020 and 2019

(1) Description of the Plan

The following description of the Kansas City Royals Baseball Club 401(k) Plan (the Plan) is provided for general information purposes only. Reference should be made to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan that was adopted by the Kansas City Royals Baseball Club (the Company or Plan Administrator) effective June 1, 2001. The Plan is administered by the Company.

(b) Eligibility

Employees of the Company are eligible for participation in the Plan after completing one year of continuous service, attaining the age of 21, and completing 1,000 hours of service in the Plan year. Employees that are nonresident aliens or part of a collective bargaining agreement are not eligible for participation in the Plan.

(c) Contributions

Through February 28, 2016, the Plan established a qualified cash or deferred compensation arrangement permitting eligible employees to authorize the Company to make pre-tax, Roth, and catch-up salary reduction contributions on their behalf up to 50% of their annual earnings, subject to certain limitations under the Internal Revenue Code. The Company made a matching contribution of 50% of each participant's contributions, up to a maximum of 6% of each participant's annual compensation.

Effective March 1, 2016, the Plan was amended to allow those participants who are active in the Company's Defined Benefit plan a choice of either continuing to accrue benefits in the Defined Benefit Plan or receive a new automatic Company contribution equal to 6% of eligible compensation and be eligible for a matching contribution of 3% of compensation (50% of the first 6%). Employees that choose to continue to accrue benefits in the Defined Benefit Plan will no longer receive a matching Company contribution or be eligible for the new automatic contribution to the Plan. Employees hired after December 31, 2016 will not be eligible to participate in the Company's Defined Benefit Plan and will only be eligible to participate in the Plan and receive the automatic Company contribution of 6% of compensation and a Company matching contribution of 3% of compensation (50% of the first 6%) once eligibility requirements have been met.

Contributions made by the Company and participating employees are not required to be included in the employees' taxable income until the year of withdrawal from the Plan.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of plan earnings and losses. Earnings and losses on plan assets are allocated based on the ratio of the participant's account balance to the total of all participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

CLUB 401(k) PLAN**

Notes to Financial Statements

<u>Years of service</u>	<u>Percentage vested</u>
1	20 %
2	40
3	60
4	80
5	100

Each participant is 100% vested upon disability, death, or attainment of age 65 while employed by the Company.

(f) Trustee

The Trustee of the Plan is the Kansas City Royals Baseball Club (the Trustee) and is responsible for oversight of the Plan.

(g) Investments

The Plan's investments are held by Principal Life Insurance Company and Principal Trust Company (Principal) in 10 nonproprietary mutual funds, 14 pooled separate investment accounts and 1 common collective trust maintained by Principal. The Company's matching contributions are 100% participant directed.

(h) Distributions

Distributions of vested balances are available upon termination, retirement at or after age 65, death, or permanent and total disability. Distributions are made in a lump sum to designated beneficiaries and joint survivors.

During 2020, the Company adopted a plan provision in response to provisions outlined in the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. This provision allowed impacted participants to withdraw up to \$100,000 of their eligible balance before December 31, 2020.

(i) Hardship Withdrawals

A participant may at any time withdraw any portion of his or her employee account upon showing financial hardship, as permitted by the Internal Revenue Code.

(j) Forfeitures

Forfeitures represent the nonvested portion of participant account balances upon termination. Forfeited amounts may first be applied against the administrative fees paid to Principal by the Company, with any remaining forfeitures used to reduce future Company contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$0. During 2020 and 2019, accumulated forfeitures of \$31,201 and \$0, respectively, were used to offset employer contributions.

Notes to Financial Statements

(k) Plan Termination

Although they do not have any intention of doing so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in the Employee Retirement Income Security Act of 1974 (ERISA). In the event of termination, net assets shall be distributed to participants in accordance with their account balances.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Benefits are recorded when paid.

(b) Investment Valuation and Income Recognition

The investments are reported at fair value, determined principally based on quoted market prices, using similar assets in an active market, or using the underlying asset's net asset value in an actively traded market. Net appreciation (depreciation) in fair value of investments includes both realized and unrealized gains and losses on securities held by the funds. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

(c) Administration Expenses

Substantially all costs and expenses incurred in administering the Plan are paid out of the Plan.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(3) Federal Income Taxes

The Plan has received a favorable determination letter from the Internal Revenue Service, dated August 21, 2017, indicating that it is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from tax under Section 501(a) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

December 31, 2020 and 2019

The Plan Administrator is not aware of any activity or transactions that may adversely affect the qualified status of the Plan.

(4) Information Certified by the Custodians

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan, Principal, (the Custodians), have certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the schedule H, Line 4i – schedule of assets held for investment purposes as of December 31, 2020, the information included in Note 6, and the investment income relating to dividends and the net appreciation in the fair value of investments reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019. As permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by the Custodians as complete and accurate, except for comparing such information certified by the Custodians to information included in the Plan's financial statements.

	<u>2020</u>	<u>2019</u>
The following amounts were obtained from the Custodians:		
Investments, at fair value	\$ 38,223,929	32,829,733
Investment income:		
Dividends	152,450	148,679
Net appreciation in fair value of investments	5,496,787	6,135,523

(5) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

On January 30, 2020, the World Health Organization declared the outbreak of Covid-19 as a 'public health emergency of international concern,' and on March 13, 2020, the President of the United States declared a state of national emergency. As a result of the outbreak, there has been instability in the capital markets. The ultimate financial impact of the COVID-19 outbreak to the Plan's financial statements is uncertain.

(6) Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to

**KANSAS CITY ROYALS BASEBALL
CLUB 401(k) PLAN**

Notes to Financial Statements

December 31, 2020 and 2019

unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – The fair value of the mutual funds is based on quoted market prices from national securities exchanges.

Pooled Separate Accounts – Valued using similar assets in an active market or using the underlying asset's net asset value in an actively traded market. Because the inputs to these assets are quoted prices in an active market, the measurements are classified as Level 1.

Stable Value Collective Trust Fund – The fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, and is valued at the net asset value of units. The fund seeks to maintain a stable net asset value of \$1 per share. The net asset value is used as a readily determinable fair value to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies

or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(7) Related-Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by Principal Life Insurance Company and Principal Trust Company, the Custodians, as defined by the Plan, and were paid administrative fees of \$70,965 and \$63,029 in 2020 and 2019, respectively. Therefore, these transactions qualify as party-in-interest transactions.

(8) Subsequent Events

The Company evaluated subsequent events through July 30, 2021, which is the date the financial statements were available to be issued.
