NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Lieff, Cabraser, Heimann & Bernstein 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more specific provisions.

A. General

The Plan is a defined contribution plan that was established in 1990 by Lieff, Cabraser, Heimann & Bernstein, LLP (the "Firm") to provide benefits to eligible employees as defined in the Plan document. The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Eligibility

Members of the Firm of age 21 or older who have completed three consecutive months of service are eligible to participate, unless specifically excluded from the Plan. Plan entry dates are January 1 and July 1 after meeting eligibility requirements.

C. Participant Elective Contributions

Participants may elect to have the Firm contribute their eligible pre-tax compensation, as defined in the Plan, up to the amount allowable under the Plan document and the Code. Participants of age 50 or older may elect to make up to $6,500 of additional catch-up contributions for 2020. Participants who elect to have the Firm contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with participant investment directions.

D. Profit Sharing Contributions

The Firm may make discretionary contributions as defined in the Plan and as approved by the Firm's Executive Committee. Firm contributions are allocated among three rate groups based on employment status and age at year-end, as provided in the Plan document. For 2020, eligible participants received profit sharing contributions of 4.39% to 13.16% of their eligible compensation, according to rate group.

E. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Firm contributions and an allocation of Plan earnings or losses and expenses. Plan assets are invested based solely on instructions received from participants.

F. Vesting and Forfeitures

Participants are immediately 100% vested in their contributions, rollover contributions and related earnings. Participants are fully vested in their accounts attributable to Firm contributions after 6 years of service. Forfeitures of terminated participants' non-vested accounts are used to reduce future Firm contributions. Available forfeitures totaled approximately $14,000 and $34,000 in 2020 and 2019, respectively, and were applied to reduce Firm contributions for the 2020 and 2019 Plan years.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

G. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, attainment of age 59½, death, disability or retirement, a participant or beneficiary may maintain his or her account in the Plan or elect to receive benefits payable in a lump sum equal to the value of the participant's vested account balance. Hardship distributions are allowed under limited circumstances as provided by the Plan. The Plan permits in-service withdrawals from participant profit sharing accounts to participants who meet specified eligibility conditions as defined.

H. Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the participants' vested balance, bear interest at a fixed rate determined at loan inception based on available market financing rates and must be repaid to the Plan within a five-year period, unless a loan is used for the purchase of a principal residence in which case the loan term may be extended. Outstanding loans at December 31, 2020 carry interest rates ranging from 5.25% to 7.50%. Notes receivable are measured at their unpaid principal balance plus accrued interest. Delinquent notes are recorded as distributions based on the terms of the Plan document.

I. Expenses

The Plan record keeper and directed trustee receives revenue sharing payments from Plan investments. These payments were used to offset Plan costs for record keeping and investment advisory fees. Certain other fees for participant elective transactions, primarily withdrawal and participant loan administration fees, are charged directly to participants. Administrative fees paid by the Plan totaled approximately $3,000 in 2020.

J. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The financial statements are prepared on the accrual basis of accounting.

B. Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 6).

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. Mutual fund capital gains distributions are included in dividend income. Net appreciation of investments includes realized and unrealized gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

D. Risks and Uncertainties

Plan investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in equity markets, interest rates or other factors in the near term would materially affect participant accounts and amounts reported in the financial statements.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS

Payments of direct and indirect administrative fees to Plan service providers by the Plan are considered party-in-interest transactions under ERISA regulations. Such transactions are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - INCOME TAX STATUS

The Firm adopted an approved prototype plan document that has received a favorable opinion letter from the Internal Revenue Service. The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Code and related state statutes and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2020 and 2019, and net appreciation of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the trustee, Newport Trust Company.

NOTE 6 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market.

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Mutual funds are valued based on closing market prices of shares held by the Plan at year end. The following table summarizes Plan investments at December 31 based on the inputs used to value them:

	Level 1	
	2020	2019
Mutual Funds	$ 94,925,670	$ 80,444,012
