NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JANUARY 31, 2021

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Plan

The following description of the Miami Management, Inc. Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted by the Board of Directors of Miami Management, Inc. (the Plan sponsor) and is subject to the provisions of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a committee appointed by the Plan sponsor. John Hancock Life Insurance Company (the Custodian) serves as the custodian of the Plan, maintains the records of participant data, and holds the plan assets.

Eligibility

All full-time and part-time employees of the Plan sponsor are eligible to participate in the Plan after completing six months and a year of service, respectively, and having reached the age of 21. Once eligibility requirements are satisfied, the participant entry date will be the first day of the plan year or the seventh month of the plan year coinciding with or next following the date the participant satisfies the minimum age and services eligibility requirements.

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions

Participants may elect to contribute a percentage of their annual pretax compensation, subject to statutory limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other plans and certain IRAs. Under Internal Revenue Service (IRS) Code Section 402(g)(1), the maximum deferral of pretax earnings was $19,500 and $19,000 for the years ended January 31, 2021 and 2020, respectively. Participants who have attained age 50 before the end of the plan year are eligible to contribute an additional $6,500 and $6,000 of catch-up contributions for the years ended January 31, 2021 and 2020, respectively. The Plan sponsor will make discretionary matching contributions at the discretion of the Plan sponsor. No discretionary matching contributions were made during the year ended January 31, 2021.

Additional profit-sharing amounts may be contributed at the discretion of the Plan sponsor. No additional profit-sharing amounts were contributed during the year ended January 31, 2021. Participants may change their salary deferral contribution amounts or terminate their salary deferral contributions on first day of each calendar month.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution as well as an allocation of the plan sponsor's contribution and Plan earnings or losses. Participant accounts are charged with an allocation of certain other administrative expenses, such as loan fees, specific to each participant. Allocations of the Plan's earnings or losses in each investment option and Plan sponsor's contributions were made to the participants accounts based on the ratio of each participant's current account balance in each investment option to total participants account balances in the investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Forfeitures of the non-vested account balances of participants are used to reduce employer contributions and may be used to pay plan expenses. For the years ended January 31, 2021 and 2020, there were no forfeiture amounts.

Vesting

Participants are immediately vested in salary reduction contributions and transfer contributions, as defined by the Internal Revenue Service. Participants are vested in the employer contribution and matching contribution based on years of service as follows:

Years of Vesting Service	Vested
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Payment of Benefits

Participant contributions and the vested portion of the Plan sponsor's matching contributions are available for distribution upon attainment of age 59 ½, death, disability, termination of employment or normal retirement age. Distributions may be received as a lump-sum payment or in installments. If the participant's vested account balance is greater than $5,000, the participant may elect to maintain their account within the Plan.

Contributions are also available for distribution in the form of a hardship withdrawal.

In the event of death, the participant's vested account balance will be used to provide the participant's beneficiary with a death benefit. If at the date of death the participant's vested account balance was less than $5,000, then the balance shall be distributed in a single lump-sum payment. If the participant's vested account balance was more than $5,000 at the date of death, then distributions are made in the form and at the time elected by the beneficiary unless a distribution election was made prior to death. Vested account balances must be completely distributed within five years of death.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits (Continued)

A participant becomes fully vested and eligible to receive their vested account balance in the Plan if they become permanently disabled and terminated as defined by the Plan document. Distribution payments will be made in the same manner as if the participant had terminated employment without disability.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Investments

Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income and expenses are accrued on a daily basis. Distributions to participants are recorded on the ex-dividend date. The Plan's investments are stated at fair value. Shares of annuities are valued using valuation methods disclosed in the annuity contract, as calculated by the annuity provider, which represent the fair value of shares held by the Plan at year end.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the various John Hancock Life Insurance Company investment options (see Note 4).

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in these risks and uncertainties in the near term would materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for benefit and disclosure of contingent net assets available for benefit at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain administrative and accounting functions are performed by the Plan sponsor's employees, who received no compensation from the Plan. Administrative expenses, such as professional fees, are paid directly by the Plan sponsor.

NOTE 2. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

John Hancock Life Insurance Company, the custodian, held the Plan's investments as of January 31, 2021 and 2020. The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate with respect to investments as shown on the statements of net assets available for benefits as of January 31, 2021 and 2020, net investment activity as shown in the statement of changes in net assets available for benefits for the year ended January 31, 2021, and investment information included in the footnotes and supplementary schedule of assets (held at end of year) as of January 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except comparing such information to the related information included in the financial statements and supplemental schedule.

Allocations among the underlying investments are participant directed. The accounts are credited with earnings on the underlying investments (principally pooled accounts) and charged for Plan withdrawals and administrative expenses.

During the year ended January 31, 2021, the Plan's underlying investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by approximately $25,000. This was reported as net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

NOTE 3. PARTICIPANT LOANS

A participant may borrow one outstanding loan at any time from their account up to the lesser of 50% of a participant's vested balance or $50,000. The minimum principal loan is $1,000 and the participant must have a minimum vested balance of $1,000 to be eligible. The principal and interest must generally be repaid within five years. Participant loans bear interest at a rate that is 2% over the prime rate published in the Wall Street Journal on the first day of the month before the loan is originated. During the years ended January 31, 2021 and 2020, there were no loans borrowed and no notes receivable outstanding from participants.

NOTE 4. FAIR VALUE MEASUREMENTS

GAAP provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the imputes to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs using the valuation methodology are unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value.

Pooled separate accounts: The fair value of the investments in the pooled separate accounts is determined by the fund custodian based on the fair value of the underlying securities within the fund, which represents the net asset value of the shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 31, 2021:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 178,321	$ -	$ 178,321

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 31, 2020:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 54,373	$ -	$ 54,373

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions.

NOTE 6. TAX STATUS

The Plan's determination letter dated March 2014, in which the Internal Revenue Service stated that the form of the Plan, as then designed and part of a volume submitter with its third party administrator, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan complies with the requirements of Section 401(a) of the Internal Revenue Code, and is therefore exempt from federal income taxes under Section 401(a) of the Internal Revenue Code.

Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken by the Plan. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The administrator believes it is no longer subject to income tax examinations for years prior to February 1, 2017.

NOTE 7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Schedule H of the Form 5500, as of January 31, 2021:

Net assets available for benefits per financial statements	$ 180,995
Less: participant contributions receivable	(3,506)
Benefits payable	235
Excess contributions payable	597
Net assets available for benefits per Form 5500	$ 178,321

NOTE 7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of net increase in net assets available for benefits between the financial statements and Schedule H of the Form 5500, as of January 31, 2021:

Net increase in net assets available for benefits per the financial statements	$	122,883
Less: 2020 participant contributions receivable		(3,506)
Benefits payable		235
Excess contributions payable		597
Add: 2019 participants contributions receivable		3,466
Net increase in net assets available for benefits per Form 5500	$	123,675

NOTE 8. COVID-19 CONSIDERATIONS

CARES Act

During 2020, the Trustees signed a letter of intent to amend the Plan document for optional relief items as permitted under the Coronavirus Aid, Relief, and Economic Security Act, (CARES Act). The changes are applicable to impacted participants defined as participants who have:

- been diagnosed with virus SARS-CoV-2 or with coronavirus disease 2019 (COVID-19) by a test approved by the Centers for Disease Control and Prevention;
- a spouse or dependent (as defined in Section 152 of the Internal Revenue Code of 1986) diagnosed with the virus or disease by such a test;
- experienced adverse financial consequences resulting from a reduction in work hours, layoff, quarantine, furlough, or who are unable to work due to lack of childcare or business closing, all on account of the virus or disease;
- other factors determined by the Treasury Secretary.

Impacted participants must self-certify that they meet one of the above requirements in order to benefit for these changes.

Coronavirus-Related Distributions – (COVID-19 withdrawals):

- Impacted participants may receive up to $100,000 for withdrawals before December 31, 2020.
- The 10% penalty tax for early withdrawal is waived.
- These withdrawals will be treated as eligible rollover distributions, so a 402(f) notice is not required, and mandatory 20% withholding will not apply. However, 10% federal withholding rules apply unless the impacted participant elects to opt out.
- Will be included in the impacted participant's taxable income over a three-year period, unless the impacted participant elects to have it taxed in the year of distribution.
- No limit to the number of such withdrawals each impacted participant can make.

NOTE 8. COVID-19 CONSIDERATIONS (Continued)

Coronavirus-Related Distributions – (COVID-19 withdrawals): (Continued)

- Withdrawals are available from an impacted participant's entire vested account.
- Repayment of withdrawal amount permitted if repayment occurs within three years of distribution.

Coronavirus-Related Loans:

- Impacted participants may borrow up to the lesser of $100,000 or 100% of their vested balance (subject to any trading restrictions and limitations to specific contributions sources as currently in the Plan) for 180 days beginning March 27, 2020.
- Impacted participant loan payments due from March 27, 2020 through December 31, 2020, including those due following a severance from employment, may be delayed for one year. This period is disregarded in determining the loan term, including the 5-year maximum. Subsequent loan payments will be adjusted appropriately to reflect the payment delay, any interest accruing during that delay, and the revised loan term.

Required Minimum Distribution (RMD):

- RMD rules for distributions required for the 2020 calendar year are temporarily waived. Plan participants and beneficiaries may still request to receive a distribution equal to the RMD in 2020 if they would prefer.

Other Considerations

The Plan's ongoing funding may experience instability and estimates included in the financial statements may change due to current political and economic conditions as a result of public health concerns related to the novel coronavirus, or COVID-19. The duration and intensity of these impacts and resulting disruption to which these events affect the Plan's net position will depend on future developments, which are highly uncertain and cannot be predicted at this time.

NOTE 9. PROHIBITED TRANSACTIONS

During the plan year, participant contributions for one payroll transaction totaling approximately $3,000, were not remitted timely to the Plan. The Department of Labor (DOL) requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in lost earnings for the Plan and penalties to the Plan sponsor.

NOTE 10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 3, 2021, the date the financial statements were available to be issued.
