NOTE 1 – DESCRIPTION OF PLAN

The following description of the Kniesel's Auto Collision, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the summary plan description and the Plan adoption agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Kniesel's Auto Collision, Inc. (the Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon attaining age 21 and completing one month of eligible service.

Contributions:

Participant contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the annual maximum on elective deferrals set by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also elect to make Roth contributions utilizing after-tax contributions.

Employer discretionary match contributions – The Company may elect to make matching contributions on behalf of eligible participants based on a percentage of eligible contributions made by eligible participants during a period. For the year ended December 31, 2020, the Company has elected to match 50% of a participant's first $5,000 of elective deferrals.

Employer discretionary profit sharing contributions – The Company may elect to make profit sharing contributions to the Plan. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any profit sharing contributions. Profit sharing contributions are allocated to participants in the same proportion as a participant's eligible compensation bears to the total of all participants' eligible compensation. The Company has not elected to make such profit sharing contributions in 2020.

Contributions are subject to regulatory limitations.

Direction of investments – Participants may direct the investment of their account balances into various investment options offered by the Plan. The Company has the authority to change the available investments from time to time as it deems prudent, and to direct the investments of Plan assets in such a manner to accommodate the change in investment options.

Vesting – Participants are fully vested in their salary deferrals plus actual earnings thereon. Vesting in the Company's employer discretionary matching and profit sharing contributions is based on a vesting schedule that increases to 100% over a six-year period based on completed years of service.

Participant accounts – Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of the Plan earnings or losses, and charged with an administrative expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request withdrawal from their contribution accounts without penalty for financial hardship, as defined, or after attaining the age of 59½.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses if so directed by the Company, with any remaining amount used to reduce future Employer contributions. As of December 31, 2020 and 2019, the balance of forfeited nonvested accounts is $17,424 and $2,576, respectively.

Notes receivable from participants – Prior to April 28, 2017, participants could borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have only one outstanding loan at a time. The loans were issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time not to exceed 30 years. The interest rate for a loan is generally the prime rate plus one percentage point. Principal and interest is paid ratably through payroll deductions. As of December 31, 2020, the rates of interest on the outstanding loans ranged from 4.25% to 5.00% with various maturities through December 2021.

The Plan was amended effective April 28, 2017, that no new participant loans are permitted. Such amendment has no impact on the existing loans, which are being repaid according to their original loan terms.

Plan termination – Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are stated at fair value as certified by the Plan's trustee, Fidelity Management Trust Company (Fidelity). Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses as well as the unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payments of benefits – Benefits are recorded when paid.

Expenses – Investment funds are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance; thus, they are not separately disclosed in the accompanying financial statements. Additionally, an annual investment advisory fee of 100 basis points of total plan assets determined, based on average daily value, is deducted from participant accounts pro rata on a quarterly basis. In 2020, $41,328 was deducted from participant accounts and is shown in the financial statements as an investment expense.

Participants are also assessed separate fees for the administration of loans and repayments thereof, as well as recordkeeping services, and such fees are separately disclosed in the financial statements. All other administrative expenses related to the Plan are paid by the Plan sponsor.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements were available to be issued. The Plan has evaluated subsequent events through August 16, 2021, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's investments are held by Fidelity and are invested in registered investment companies (mutual funds), which are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The Plan's mutual funds are valued at the daily net asset value as reported, certified by Fidelity, and are deemed to be actively traded. There has been no changes in the valuation methodologies used at December 31, 2020 and 2019.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31:

	Fair Value Measurement at December 31, 2020			
	Level 1	Level 2	Level 3	Balance
Registered investment companies	$ 5,833,635	$ -	$ -	$ 5,833,635
	$ 5,833,635	$ -	$ -	$ 5,833,635

	Fair Value Measurement at December 31, 2019			
	Level 1	Level 2	Level 3	Balance
Registered investment companies	$ 4,110,687	$ -	$ -	$ 4,110,687
	$ 4,110,687	$ -	$ -	$ 4,110,687

NOTE 4 – INCOME TAX STATUS

The plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements. During March 2020, the World Health Organization characterized the outbreak of a novel coronavirus (COVID-19) as a pandemic. A variety of federal, state, and local governments have taken actions in response to COVID-19. The effects of the pandemic have ranged by jurisdiction with a variety of health and economic consequences, the final scope of which are not currently known or quantifiable.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain mutual funds managed by companies affiliated with Fidelity, the trustee of the Plan; therefore, transactions with these entities qualify as exempted party-in-interest transactions. During the year ended December 31, 2020, the Plan paid $7,471 of recordkeeping expenses related to services provided by Fidelity Investments Institutional Operations Company, Inc. Additionally, the Plan paid $41,328 of investment fees related to services provided by a third-party investment advisor.

NOTE 7 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.

- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.

- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2020.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also elect to make Roth contributions utilizing after-tax contributions.

Employer discretionary match contributions – The Company may elect to make matching contributions on behalf of eligible participants based on a percentage of eligible contributions made by eligible participants during a period. For the year ended December 31, 2020, the Company has elected to match 50% of a participant's first $5,000 of elective deferrals.

Employer discretionary profit sharing contributions – The Company may elect to make profit sharing contributions to the Plan. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any profit sharing contributions. Profit sharing contributions are allocated to participants in the same proportion as a participant's eligible compensation bears to the total of all participants' eligible compensation. The Company has not elected to make such profit sharing contributions in 2020.

Contributions are subject to regulatory limitations.

Direction of investments – Participants may direct the investment of their account balances into various investment options offered by the Plan. The Company has the authority to change the available investments from time to time as it deems prudent, and to direct the investments of Plan assets in such a manner to accommodate the change in investment options.

Vesting – Participants are fully vested in their salary deferrals plus actual earnings thereon. Vesting in the Company's employer discretionary matching and profit sharing contributions is based on a vesting schedule that increases to 100% over a six-year period based on completed years of service.

Participant accounts – Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of the Plan earnings or losses, and charged with an administrative expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request withdrawal from their contribution accounts without penalty for financial hardship, as defined, or after attaining the age of 59½.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses if so directed by the Company, with any remaining amount used to reduce future Employer contributions. As of December 31, 2020 and 2019, the balance of forfeited nonvested accounts is $17,424 and $2,576, respectively.

Notes receivable from participants – Prior to April 28, 2017, participants could borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have only one outstanding loan at a time. The loans were issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time not to exceed 30 years. The interest rate for a loan is generally the prime rate plus one percentage point. Principal and interest is paid ratably through payroll deductions. As of December 31, 2020, the rates of interest on the outstanding loans ranged from 4.25% to 5.00% with various maturities through December 2021.

The Plan was amended effective April 28, 2017, that no new participant loans are permitted. Such amendment has no impact on the existing loans, which are being repaid according to their original loan terms.

Plan termination – Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are stated at fair value as certified by the Plan's trustee, Fidelity Management Trust Company (Fidelity). Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses as well as the unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payments of benefits – Benefits are recorded when paid.

Expenses – Investment funds are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance; thus, they are not separately disclosed in the accompanying financial statements. Additionally, an annual investment advisory fee of 100 basis points of total plan assets determined, based on average daily value, is deducted from participant accounts pro rata on a quarterly basis. In 2020, $41,328 was deducted from participant accounts and is shown in the financial statements as an investment expense.

Participants are also assessed separate fees for the administration of loans and repayments thereof, as well as recordkeeping services, and such fees are separately disclosed in the financial statements. All other administrative expenses related to the Plan are paid by the Plan sponsor.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements were available to be issued. The Plan has evaluated subsequent events through August 16, 2021, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's investments are held by Fidelity and are invested in registered investment companies (mutual funds), which are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The Plan's mutual funds are valued at the daily net asset value as reported, certified by Fidelity, and are deemed to be actively traded. There has been no changes in the valuation methodologies used at December 31, 2020 and 2019.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31:

	Fair Value Measurement at December 31, 2020

NOTE 4 – INCOME TAX STATUS

The plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements. During March 2020, the World Health Organization characterized the outbreak of a novel coronavirus (COVID-19) as a pandemic. A variety of federal, state, and local governments have taken actions in response to COVID-19. The effects of the pandemic have ranged by jurisdiction with a variety of health and economic consequences, the final scope of which are not currently known or quantifiable.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain mutual funds managed by companies affiliated with Fidelity, the trustee of the Plan; therefore, transactions with these entities qualify as exempted party-in-interest transactions. During the year ended December 31, 2020, the Plan paid $7,471 of recordkeeping expenses related to services provided by Fidelity Investments Institutional Operations Company, Inc. Additionally, the Plan paid $41,328 of investment fees related to services provided by a third-party investment advisor.

NOTE 7 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
