NOTE A - DESCRIPTION OF PLAN

The following description of Thorson Baker & Associates, Inc. Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Thorson Baker & Associates, Inc. (the Company, Plan Sponsor, and Plan Administrator). Employees are immediately eligible upon hire except for interns, co-ops, and seasonal employees. Interns, co-ops, and seasonal employees are eligible after the attainment of age 21 and 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE ACT), passed in December 2019, and the Coronavirus Aid, Relief, and Economic Security Acts (the CARES act), passed in March 2020, allowed certain eligible individuals to receive coronavirus-related distributions and relief of loan repayment, suspended required distributions, and delayed the commencement date for required minimum distributions. As of August 27, 2021, the Plan had permitted and was in the process of amending the plan to permit these options. Written amendments to reflect these operational changes will be adopted at a later date in accordance with applicable laws and IRS guidance.

Contributions

Participants may elect to defer up to 90% of compensation as defined by the Plan either on a pre-tax or after-tax basis. Employees who have not declined participation or completed a salary deferral agreement as of the date of their eligibility to participate in the Plan will be automatically enrolled in the Plan with a pre-tax deferral rate of 3% invested in a fund designated by the Plan Administrator until changed by the participant. The Plan provides for a discretionary employer matching contribution to eligible participants, which was 50% of the first 6% of compensation that a participant contributed to the Plan for the year ended December 31, 2020. The Plan also provides for a discretionary employer profit sharing contribution. No discretionary employer profit sharing contributions were made for the year ended December 31, 2020. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Notes to Financial Statements

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and an allocation of the Company's profit sharing contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. The discretionary employer matching contributions and discretionary employer profit sharing contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, subject to Plan provisions. Notes receivable terms range from 1 - 5 years or up to 10 years for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts and bear interest at rates that range from 5.25% to 7.50% at December 31, 2020. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account, installment payments, or partial withdrawals based upon the terms of the Plan document. If the value of the vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Administrator.

Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeitures are used to pay Plan administrative expenses and to reduce the Company's discretionary employer contributions to the Plan. Unallocated forfeiture balances as of December 31, 2020 and 2019 were \$14 and \$201, respectively. In 2019, the Company used \$8,000 to pay Plan administrative expenses and \$21,263 of forfeited non-vested accounts to reduce the Company's discretionary employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make payments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable is reclassified to benefits paid to participants.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant and employer contributions are recorded and credited to each participant's account when received by the trustee from the Company. Any contributions attributable to the Plan year but not received by the trustee by the last day of the Plan year are recorded as a receivable.

THORSON BAKER & ASSOCIATES, INC. PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income on the accompanying statement of changes in net assets available for benefits.

Income Taxes

The Company adopted a volume submitter profit sharing plan with cash or deferred arrangement which received an opinion letter from the IRS dated March 31, 2014, stating that the Plan was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and; therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through August 27, 2021, the date which the financial statements were available to be issued.

THORSON BAKER & ASSOCIATES, INC. PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE C - CERTIFICATION

Notes receivable from participants and investment information disclosed in the accompanying financial statements and supplemental schedule, including notes receivable from participants and investments held at December 31, 2020 and 2019, and net appreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2020 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

As of December 31, 2020 and 2019, the fair value of the mutual funds that were valued at Level 1 was \$17,310,123 and \$14,305,773, respectively.

THORSON BAKER & ASSOCIATES, INC. PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2020 and 2019.

Mutual funds are valued at the net asset value of shares held by the Plan at year end, as reported on the active markets on which the investments are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Standard Insurance Company (Standard) totaling \$933,273 and \$866,714 at December 31, 2020 and 2019, respectively. Contributions from the Plan are maintained in Standard's general account. The account is credited with earnings on a net daily basis at guaranteed rates and charged for participant withdrawals and administrative expenses. Standard is contractually obligated to repay the principal and interest accumulated at the rate guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and; therefore, is reported at contract value. Contract value is the relevant measure used for fully benefit-responsive investment contracts, as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances at contract value.

The Plan's ability to receive amounts due is dependent on the Standard's ability to meet its financial obligations. Standard's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

THORSON BAKER & ASSOCIATES, INC. PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE E - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, corporate relocations, layoffs, retirement incentive programs, partial or total Plan termination, and liberalization of Plan withdrawal or transfer rules. Upon the occurrence of these events, a market value adjustment may apply.

Standard may terminate the contract with 30 days advance written notice for reasonable cause, which includes a failure of the Plan to abide by state or federal law, to render performance necessary to comply with the terms of the contract, to maintain assets of at least \$25,000, or Plan disqualification. Upon termination of the contract by Standard, a market value adjustment may apply. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include investments in the funds of the trustee, and related dividend income, interest, and the payment of investment and administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

NOTE A - DESCRIPTION OF PLAN

The following description of Thorson Baker & Associates, Inc. Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Thorson Baker & Associates, Inc. (the Company, Plan Sponsor, and Plan Administrator). Employees are immediately eligible upon hire except for interns, co-ops, and seasonal employees. Interns, co-ops, and seasonal employees are eligible after the attainment of age 21 and 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE ACT), passed in December 2019, and the Coronavirus Aid, Relief, and Economic Security Acts (the CARES act), passed in March 2020, allowed certain eligible individuals to receive coronavirus-related distributions and relief of loan repayment, suspended required distributions, and delayed the commencement date for required minimum distributions. As of August 27, 2021, the Plan had permitted and was in the process of amending the plan to permit these options. Written amendments to reflect these operational changes will be adopted at a later date in accordance with applicable laws and IRS guidance.

Contributions

Participants may elect to defer up to 90% of compensation as defined by the Plan either on a pre-tax or after-tax basis. Employees who have not declined participation or completed a salary deferral agreement as of the date of their eligibility to participate in the Plan will be automatically enrolled in the Plan with a pre-tax deferral rate of 3% invested in a fund designated by the Plan Administrator until changed by the participant. The Plan provides for a discretionary employer matching contribution to eligible participants, which was 50% of the first 6% of compensation that a participant contributed to the Plan for the year ended December 31, 2020. The Plan also provides for a discretionary employer profit sharing contribution. No discretionary employer profit sharing contributions were made for the year ended December 31, 2020. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and an allocation of the Company's profit sharing contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. The discretionary employer matching contributions and discretionary employer profit sharing contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, subject to Plan provisions. Notes receivable terms range from 1 - 5 years or up to 10 years for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts and bear interest at rates that range from 5.25% to 7.50% at December 31, 2020. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account, installment payments, or partial withdrawals based upon the terms of the Plan document. If the value of the vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Administrator.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeitures are used to pay Plan administrative expenses and to reduce the Company's discretionary employer contributions to the Plan. Unallocated forfeiture balances as of December 31, 2020 and 2019 were \$14 and \$201, respectively. In 2019, the Company used \$8,000 to pay Plan administrative expenses and \$21,263 of forfeited non-vested accounts to reduce the Company's discretionary employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make payments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable is reclassified to benefits paid to participants.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant and employer contributions are recorded and credited to each participant's account when received by the trustee from the Company. Any contributions attributable to the Plan year but not received by the trustee by the last day of the Plan year are recorded as a receivable.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income on the accompanying statement of changes in net assets available for benefits.

Income Taxes

The Company adopted a volume submitter profit sharing plan with cash or deferred arrangement which received an opinion letter from the IRS dated March 31, 2014, stating that the Plan was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and; therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through August 27, 2021, the date which the financial statements were available to be issued.

Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE C - CERTIFICATION

Notes receivable from participants and investment information disclosed in the accompanying financial statements and supplemental schedule, including notes receivable from participants and investments held at December 31, 2020 and 2019, and net appreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2020 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

As of December 31, 2020 and 2019, the fair value of the mutual funds that were valued at Level 1 was \$17,310,123 and \$14,305,773, respectively.

THORSON BAKER & ASSOCIATES, INC. PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2020 and 2019.

Mutual funds are valued at the net asset value of shares held by the Plan at year end, as reported on the active markets on which the investments are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Standard Insurance Company (Standard) totaling \$933,273 and \$866,714 at December 31, 2020 and 2019, respectively. Contributions from the Plan are maintained in Standard's general account. The account is credited with earnings on a net daily basis at guaranteed rates and charged for participant withdrawals and administrative expenses. Standard is contractually obligated to repay the principal and interest accumulated at the rate guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and; therefore, is reported at contract value. Contract value is the relevant measure used for fully benefit-responsive investment contracts, as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances at contract value.

The Plan's ability to receive amounts due is dependent on the Standard's ability to meet its financial obligations. Standard's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE E - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, corporate relocations, layoffs, retirement incentive programs, partial or total Plan termination, and liberalization of Plan withdrawal or transfer rules. Upon the occurrence of these events, a market value adjustment may apply.

Standard may terminate the contract with 30 days advance written notice for reasonable cause, which includes a failure of the Plan to abide by state or federal law, to render performance necessary to comply with the terms of the contract, to maintain assets of at least \$25,000, or Plan disqualification. Upon termination of the contract by Standard, a market value adjustment may apply. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include investments in the funds of the trustee, and related dividend income, interest, and the payment of investment and administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.
