NOTE 1 — PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following description of the Adirondack Scenic, Inc. Profit Sharing 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Adirondack Scenic, Inc. (the "Company") established the Adirondack Scenic, Inc. Profit Sharing 401(k) Plan (the "Plan") effective as of January 1, 1985. On January 1, 2015, the Plan was amended and operates, in relevant part, as a profit sharing plan and as a 401(k) plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Effective January 1, 2020, employees of the Company must be 18 years of age to participate in the Plan. Prior to this date, employees were required to be 21. Employees of the Company are eligible to participate in the profit sharing portion of the Plan after two years of service provided they worked at least 1,000 hours during such plan years. Employees of the Company are eligible to participate in the 401(k) portion of the Plan after one year of service provided they worked at least 1,000 hours during such plan year.

Contributions

The amount of the employer contributions for the profit sharing portion of the Plan and employer matching contributions for the 401(k) portion of the Plan are discretionary and are determined annually by the management of the Company. Participants meeting eligibility requirements that are employed on the last day of the Plan year are eligible to receive employer contributions. Participants share in employer contributions regardless of the amount of service in the year of death, disability or termination of employment on or after normal retirement age.

Participants have the option to defer eligible compensation up to the maximum amount allowable to the 401(k) portion of the Plan. Participants have the option to designate deferrals as Roth contributions on an after-tax basis. Participants are permitted to make contributions representing distributions from other qualified benefit or defined contribution plans (rollovers).

Participants may diversify their employee elective deferrals and rollovers into investments available under the Plan. Contributions are automatically invested in a designated mutual fund until changed by the participant. The plan administrator directs investments for the profit sharing portion of Plan into money market and mutual funds.

Participant Accounts

Each participant's account is credited with participant contributions and an allocation of (a) employer contributions (if any) and, (b) plan earnings (losses) and charged with an allocation of any administrative expenses paid by the Plan. The employer contributions to the profit sharing portion of the Plan are allocated to each eligible participant in proportion to compensation. The employer matching contributions to the 401(k) portion of the Plan is allocated based on a uniform percentage of the participant's elective deferrals. Investment earnings or losses (including net appreciation or depreciation) are allocated on the basis of participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

NOTE 1 — PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Vesting

Participants are immediately vested in their contributions and employer contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Effective June 1, 2020, participants are permitted two outstanding loans. Prior to this date, participants were permitted one outstanding loan. The notes are secured by the participant's account balance and bear interest at a reasonable rate, commensurate with prevailing rates as determined at the time of granting the note by the plan administrator. In general, the terms of the note may not exceed five years and the notes are required to be paid ratably through weekly payroll deductions.

Payment of Benefits

Distributions from the Plan will be made upon termination of employment, retirement, death (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), disability, or under prescribed circumstances in the event of financial hardship.

Distributions are made in cash in an amount equal to the value of the participant's account in either a lump sum amount or partial withdrawal.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted accounting principles in the Unites States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020, and 2019, no allowance for credit losses has been recorded. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants totaling $17,664 and $37,661 for the years ended December 31, 2020 and 2019, respectively, for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable - participants, with a corresponding reduction to participant contributions. The Plan distributed the excess contributions prior to March 15 of the following year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the plan are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments. Administrative expenses of the plan are allocated to participant accounts.

Subsequent Events

The Plan has evaluated subsequent events through August 26, 2021, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market funds: Valued at the closing price reported by the fund sponsor from an actively traded exchange.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Fair Value Measurements as of December 31, 2020	Fair Value Measurements as of December 31, 2019
	Level 1	Level 1
Money market funds	$ 254,344	$ 226,760
Mutual funds	7,961,438	7,402,286

NOTE 5 — INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's trustee furnished certain financial information to the plan administrator and certified as to its completeness and accuracy. This certification was provided by Glens Falls National Bank and Trust Co. as of December 31, 2020 and 2019, and for the years then ended and includes investment information related to fair value of investments, notes receivable from participants, interest and dividend income, interest income on notes receivable from participants and net appreciation in fair value of investments that is included in the Plan's financial statements and supplemental schedules.

NOTE 6 — PLAN TERMINATION

Although it has not expressed any intention to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions set forth in ERISA. Upon such termination of the Plan, no further contributions will be made to the Plan and all amounts credited to participant accounts will be 100% vested.

NOTE 7 — TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 — PARTY-IN INTEREST TRANSACTIONS

The Plan had notes receivable from participants that are related parties/shareholders for the years ended December 31, 2020 and 2019 totaling $66,880 and $24,145, respectively.

The Plan's assets include certain investments in funds managed by Glens Falls National Bank and Trust Co., the trustee as defined by the Plan. Fees paid by the Plan for the investment management services amounted to $32,815 and $43,254 for the years ended December 31, 2020 and 2019, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 — RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Distributions paid to participants per Form 5500	$ 683,145

NOTE 11 — COVID-19 FINANCIAL STATEMENT IMPACT

In March 2020, the World Health Organization categorized the coronavirus disease ("COVID-19") as a pandemic, which is ongoing as of the date of the financial statements. COVID-19 has had a disruptive impact on the daily life and operations of individuals, businesses, and employee benefit plans around the world and there is an uncertainty about financial and economic impacts in all sectors of the economy. The financial markets have experienced significant volatility, and the potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. As a result, it is not possible to ascertain the overall impact of COVID-19 on the Plan's investment portfolio, participant account balances and the amounts reported in the Plan's financial statements.

On March 27, 2020, the President of the United States signed into law the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which includes provisions that impact retirement plan rules for calendar year 2020 including the options to take Coronavirus-related distributions, suspend loan payments, increase new loan limits and delay required minimum distributions. The Plan elected to adopt the provisions of the CARES Act.
