Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Voya Retirement Insurance and Annuity Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets, notes receivable from participants, and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2020, and for the year ended December 31, 2020 that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule as of or for the year ended December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2019 Financial Statements

The financial statements of the Plan as of December 31, 2019 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by Voya Retirement Insurance and Annuity Company, the Custodian of the Plan. Their report, dated October 9, 2020, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note A – Description of Plan

The following description of the Castalia Systems 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Castalia Systems, LLC (the "Company" or "Employer") who are at least 18 years of age. Leased employees are excluded from participating in the Plan. The Plan was established on September 1, 2012 and most recently restated December 15, 2016. Eligible employees may enter the Plan immediately upon satisfying eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2020 the Plan was amended to exclude employees working overseas from participating in the Plan.

Administration

The Plan's assets are maintained and administered by Voya Retirement Insurance and Annuity Company (the "Custodian"). Contributions are held by the Custodian who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute up to 100% of their pre-tax annual compensation, as defined, subject to limitations imposed by the Internal Revenue Code ("IRC"). The maximum participant deferral for December 31, 2020 and December 31, 2019 was $19,500 and $19,000, respectively. Participants may also make post-tax Roth deferral contributions to the Plan. A participant who has attained age 50 was eligible to participate in catch-up contributions, subject to IRS limitations of $6,500 and $6,000 for December 31, 2020 and 2019. Participants may also contribute amounts representing distributions from other qualified plans.

The Company makes a safe harbor matching contribution equal to 100% of the participant's elective deferrals that do not exceed 3% of compensation, and 50% of the next 2% of the participant's elective deferrals that do not exceed 5% of compensation for each payroll period.

The Company may also elect to make a discretionary matching contribution to be contributed on an annual basis at the discretion of the Company's Board of Directors. The discretionary matching contribution is allocated based on a discretionary percentage of the participant's compensation during the year. All participants share in the allocation of the discretionary matching contribution regardless of the hours of service during the year or their employment status as of the last day of the Plan year. There was no discretionary matching contribution in 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in all contributions to the Plan in addition to actual earnings thereon.

Investment Options

Participants are able to choose to direct their contributions and Company contributions into a variety of investment options offered under the Plan including pooled separate accounts and a guaranteed investment contract.

Note A – Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, or other acceptable collateral, and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Participants may have no more than one loan outstanding at any time. The maximum note repayment period is five years unless the note is for the purchase of a primary residence in which case the repayment schedule may be for a term in excess of five years. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. In the event of default, the unpaid portion of the participant's loan will be treated as a taxable distribution as of the last day of the calendar quarter following the calendar quarter in which the participant made their last payment.

Distribution of Benefits

On termination of service due to death, separation of service, as a qualified reservist, disability or retirement, a participant may elect to receive a single lump sum, a series of substantially equal periodic payments over a period of the assumed life expectancy of the participant, or an annuity over the life of the participant, as defined in the Plan agreement. If the total vested account balance of a participant who has terminated employment is $5,000 or less, the entire amount will be paid in a lump-sum distribution. Participants may request a hardship withdrawal from their account using only participant deferral balances for distribution.

Forfeitures

All contributions are 100% vested, and therefore no forfeitures were recorded during the year ended December 31, 2020.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value as described in Note G. Fair value is based on quoted market prices at year-end as reported by the Custodian.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note B – Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at the net asset value ("NAV") provided by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different that the reported NAV. There were no unfunded commitments to purchase investments at December 31, 2020 and 2019. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investments measured using the NAV as a practical expedient are exempt from being presented in the fair value hierarchy. As all of the Plan's investments are exempt from the fair value hierarchy, the table has been excluded.

Note C – Certified Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Custodian, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Custodian that the information provided to the Plan Administrator by the Custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, is complete and accurate. Such information includes all investments, notes receivable from participants, investment income, and the information in the supplemental schedule of assets (held at end of year).

Note D – Party-In-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or participants of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are pooled separate accounts and guaranteed interest contracts managed by the Custodian. Transactions related to these investments qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to parties-in-interest amounted to approximately $3,000 in total during the year ended December 31, 2020.

Note E – Income Tax Status

The Plan has been organized as a prototype plan and is intended to satisfy the tax qualification requirements under IRC 401(a) and is, therefore, not subject to tax under current income tax law. The Plan has elected not to request a separate determination letter with respect to the Plan's qualification under Section 401(k) of the IRC. The Plan is maintained to conform to the prototype and received a prototype opinion letter from the IRS on September 1, 2014. The Plan has been amended since receiving the prototype opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note E – Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken any uncertain tax positions that more than likely would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements as of December 31, 2020.

Note F – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note G – Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts, at contract value, on the statement of net assets consist of the following investment(s):

Investment Type	Investment name	December 31, 2020	December 31, 2019
Guaranteed Investment Contract	Voya Fixed Account	$ 393,574	$ 177,788

As of December 31, 2020 and 2019, the Plan was invested in a guaranteed investment contract (Voya Fixed Account, "the Fund") provided through a group annuity contract. Under the Fund, a crediting rate is established and is credited with contributions and charged for participant withdrawals and administrative expenses charged by the Custodian of the Funds. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exempt under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note H – Reconciliation of Financial Statements to Form 5500

The Plan holds investments in pooled separate accounts, which is how they are reported on Form 5500, Schedule D, DFE/Participating Plan Information. Plan number "000" has been used to report these investments on Schedule D because the Custodian has not filed a Form 5500 directly with the Department of Labor for these investments. As such, the Plan's interest in such investments cannot be included in Schedule H, line 1c(10). Instead, the Plan's interest in the underlying assets of the pooled separate accounts must be allocated and reported in the appropriate categories on a line-by-line basis. Therefore, these investments are reflected as mutual funds on Form 5500, Schedule H, line 1c(13) and on the supplemental schedule of assets (held at end of year), but as pooled separate accounts for financial statement purposes.

Note I – Subsequent Events

Subsequent events have been evaluated through August 23, 2021, which is the date the financial statements were available to be issued.
