1. Description of the Plan

The following brief description of the Aptos 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was adopted by Aptos, Inc. (the Company) effective October 1, 2015, amended and restated effective March 1, 2019. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All active employees of the Company, excluding union, leased and temporary employees, and non-resident aliens, are eligible to participate upon hire. There is no service or age requirement for participation.

Contributions

Eligible employees may elect to contribute, on a pretax basis, up to 90% of their eligible compensation to the Plan, not to exceed the limit under the IRC. In addition, eligible participants are permitted to make catch-up contributions.

The Company will withhold an initial 3% of compensation for all newly eligible employees unless the participant affirmatively elects a different percentage or elects to not have any compensation withheld. Those participants with a deferral rate greater than zero (who are not suspended from making deferral contributions) will have that deferral increased annually by 1% (not to exceed 3%) as a pre-tax deferral contribution. During the period ended December 31, 2020, the Company match was 50% up to 5% of the participant's deferrals. In addition, the Company may make additional discretionary non-elective contributions. These contributions are allocated based on participant earnings (losses), as defined by the Plan. There were no discretionary non-elective contributions in 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and all of the Company's contributions, plus actual earnings (losses) thereon.

Forfeitures

At December 31, 2020 and 2019, forfeited balances totaled \$7,800 and \$6,901, respectively. Forfeited balances of terminated participants' accounts are used to reduce future Company contributions and to offset Plan expenses. During the year ended December 31, 2020, \$1,800 of forfeited funds were used to offset Plan expenses.

1. Description of the Plan (cont.)

Payment of Benefits

Participant accounts may be withdrawn upon retirement, death, disability, or termination of employment. Account balances less than \$5,000 are distributed as a lump-sum payment. The Plan also allows for in-service withdrawals at age 59½ along with withdrawals in the event of a financial hardship.

Notes Receivable from Participants

A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance. Loans are repayable through semi-monthly payroll deductions and are secured by the participant's account balance. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the note. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan agreement. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income (loss) earned by Plan participants.

The Plan participates in a revenue credit program. Income from the revenue credit program can be used to pay Plan administrative expenses. During the year ended December 31, 2020, plan expenses were offset by \$21,395 of revenue credits.

2. Summary of Significant Accounting Policies (cont.)

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2020 and 2019, and for the year ended December 31, 2020, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2020 and 2019, and for the year ended December 31, 2020, are covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Aptos 401(k) Savings Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust fund was based on information reported using the audited financial statements of the collective trust fund at year-end. The investment income (loss) was allocated to participants based on their proportionate share of the net assets of the funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

<i>December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 36,611,279	\$ -	\$ -	\$ 36,611,279
	<u>\$ 36,611,279</u>	<u>\$ -</u>	<u>\$ -</u>	<u>36,611,279</u>
Common collective trust measured at NAV*				<u>1,484,367</u>
Total investments at fair value				<u>\$ 38,095,646</u>
<i>December 31, 2019</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,298,066	\$ -	\$ -	\$ 32,298,066
	<u>\$ 32,298,066</u>	<u>\$ -</u>	<u>\$ -</u>	<u>32,298,066</u>
Common collective trust measured at NAV*				<u>1,147,979</u>
Total investments at fair value				<u>\$ 33,446,045</u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair Value December 31, 2020	Fair value December 31, 2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 1,484,367	\$ 1,147,979	N/A	Immediate	90 Days

5. Tax Status

The Plan is based on the Fidelity Volume Submitter Profit Sharing Plan with CODA (Volume Submitter Plan) which received an opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Volume Submitter Plan is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Fidelity performs services, sells products and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivables from participants. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

The Company has evaluated subsequent events through August 09, 2021, the date the financial statements were available to be issued.

Effective February 1, 2021, the Plan was amended to change the Company name from Aptos, Inc. to Aptos, LLC.

Effective February 1, 2021, participants and assets totaling \$8,156,885, of the Revionics, Inc 401(k) Plan, were merged into the Plan.

10. COVID-19 Considerations

The COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020 by the World Health Organization (WHO). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed into law. The CARES Act expanded the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increased the participant loan limit, and delayed loan repayments for up to one year, subject to the certain participant eligibility criteria. The Plan adopted certain provisions of the CARES Act.

1. Description of the Plan

The following brief description of the Aptos 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was adopted by Aptos, Inc. (the Company) effective October 1, 2015, amended and restated effective March 1, 2019. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All active employees of the Company, excluding union, leased and temporary employees, and non-resident aliens, are eligible to participate upon hire. There is no service or age requirement for participation.

Contributions

Eligible employees may elect to contribute, on a pretax basis, up to 90% of their eligible compensation to the Plan, not to exceed the limit under the IRC. In addition, eligible participants are permitted to make catch-up contributions.

The Company will withhold an initial 3% of compensation for all newly eligible employees unless the participant affirmatively elects a different percentage or elects to not have any compensation withheld. Those participants with a deferral rate greater than zero (who are not suspended from making deferral contributions) will have that deferral increased annually by 1% (not to exceed 3%) as a pre-tax deferral contribution. During the period ended December 31, 2020, the Company match was 50% up to 5% of the participant's deferrals. In addition, the Company may make additional discretionary non-elective contributions. These contributions are allocated based on participant earnings (losses), as defined by the Plan. There were no discretionary non-elective contributions in 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and all of the Company's contributions, plus actual earnings (losses) thereon.

Forfeitures

At December 31, 2020 and 2019, forfeited balances totaled \$7,800 and \$6,901, respectively. Forfeited balances of terminated participants' accounts are used to reduce future Company contributions and to offset Plan expenses. During the year ended December 31, 2020, \$1,800 of forfeited funds were used to offset Plan expenses.

1. Description of the Plan (cont.)

Payment of Benefits

Participant accounts may be withdrawn upon retirement, death, disability, or termination of employment. Account balances less than \$5,000 are distributed as a lump-sum payment. The Plan also allows for in-service withdrawals at age 59½ along with withdrawals in the event of a financial hardship.

Notes Receivable from Participants

A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance. Loans are repayable through semi-monthly payroll deductions and are secured by the participant's account balance. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the note. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan agreement. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income (loss) earned by Plan participants.

The Plan participates in a revenue credit program. Income from the revenue credit program can be used to pay Plan administrative expenses. During the year ended December 31, 2020, plan expenses were offset by \$21,395 of revenue credits.

2. Summary of Significant Accounting Policies (cont.)

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2020 and 2019, and for the year ended December 31, 2020, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2020 and 2019, and for the year ended December 31, 2020, are covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust fund was based on information reported using the audited financial statements of the collective trust fund at year-end. The investment income (loss) was allocated to participants based on their proportionate share of the net assets of the funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

<i>December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 36,611,279	\$ -	\$ -	\$ 36,611,279
	<u>\$ 36,611,279</u>	<u>\$ -</u>	<u>\$ -</u>	<u>36,611,279</u>
Common collective trust measured at NAV*				<u>1,484,367</u>
Total investments at fair value				<u>\$ 38,095,646</u>
<i>December 31, 2019</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,298,066	\$ -	\$ -	\$ 32,298,066
	<u>\$ 32,298,066</u>	<u>\$ -</u>	<u>\$ -</u>	<u>32,298,066</u>
Common collective trust measured at NAV*				<u>1,147,979</u>
Total investments at fair value				<u>\$ 33,446,045</u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair Value December 31, 2020	Fair value December 31, 2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 1,484,367	\$ 1,147,979	N/A	Immediate	90 Days

5. Tax Status

The Plan is based on the Fidelity Volume Submitter Profit Sharing Plan with CODA (Volume Submitter Plan) which received an opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Volume Submitter Plan is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Fidelity performs services, sells products and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivables from participants. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

The Company has evaluated subsequent events through August 09, 2021, the date the financial statements were available to be issued.

Effective February 1, 2021, the Plan was amended to change the Company name from Aptos, Inc. to Aptos, LLC.

Effective February 1, 2021, participants and assets totaling \$8,156,885, of the Revionics, Inc 401(k) Plan, were merged into the Plan.

10. COVID-19 Considerations

The COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020 by the World Health Organization (WHO). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed into law. The CARES Act expanded the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increased the participant loan limit, and delayed loan repayments for up to one year, subject to the certain participant eligibility criteria. The Plan adopted certain provisions of the CARES Act.
