The following description of the Nordco Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

General

The Plan is a defined contribution plan covering substantially all non-leased employees of Nordco Inc. and its subsidiaries Nordco Rail Services, LLC and Shuttlewagon, Inc. (the "Company" or "Employer") who are age 18 or older.

Contributions

Each year, participants may contribute up to 85% of their compensation, as defined in the Plan, not to exceed the limits of the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers").

The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The contribution rate increases annually by 1% up to a maximum of 9%.

The Plan provides for Company discretionary contributions and discretionary matching contributions that may be contributed to the Plan each year, as determined by the Company. During the years ended December 31, 2020 and 2019, the Company contributions were as follows:

Non-union employees	2020 - No contributions 2019 - Two-thirds of the first 9% of contributions
Union hourly employees:	
- Hired on or after April 1, 1997	3% of eligible wages, plus 50% of the first 6% of participant contributions
- Hired before April 1, 1997	3% of eligible wages, plus 50% of the first 6% of participant contributions, plus \$1,000 in 2020 and 2019

Employees must be employed on the last day of the plan year to be eligible for the Company's contributions. The Company calculates the discretionary matching contributions for non-union employees on a plan year basis. The Company calculates the discretionary contributions and discretionary matching contributions for union employees on a quarterly basis. All Company contributions are funded annually subsequent to the plan year end.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Investment Options

Contributions are allocated among the available investment options as directed by each participant. By designating these investment alternatives for participants, allowing frequent fund transfers and providing the necessary fund information to participants, it is intended that the Plan be treated as an ERISA 404(c) Participant-Directed Account Arrangement.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company discretionary contributions and discretionary matching contributions, if any, and allocations of plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Non-union employees, except as noted below, become fully vested in Company discretionary matching contributions after three years of service. Employees subject to the collective bargaining agreement with United Steelworkers Local 1343-7 become fully vested in Company discretionary contributions and discretionary matching contributions equally over three years of service.

Certain non-union employees of the Nordco Rail Services subsidiary become fully vested in Company discretionary matching contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1	0 %
1 year	20 %
2 years	40 %
3 years	100 %

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$50,227 and \$69,515, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. In 2020 and 2019, forfeitures of \$59,475 and \$40,251 were used to reduce Company contributions.

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 3.00% to 5.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions. In April 2020, the Plan adopted provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES act) which was signed into law on March 27, 2020. This increased the maximum loan amount from \$50,000 to \$100,000 and implemented suspending participant loan repayments.

Payment of Benefits

On termination of service due to death, disability, retirement, or other termination of employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship distributions out of the participant's account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2. Under the CARES act, the Plan allows individuals impacted by the coronavirus to withdraw up to \$100,000 from the Plan, with certain tax exceptions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through August 30, 2021, which is the date the financial statements were available to be issued.

In June 2021, the Company approved of the Plan to merge into the Wabtec Savings Plan, as a result of a transaction resulting in the sale of the assets of the Company. In accordance with the Plan merge, the Plan will effectively be terminated.

Note 3: Fair Value Measurements

GAAP specifies a three-tier fair value hierarchy, which prioritizes the inputs used in estimating fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued as determined by the issuer of the common collective trust using NAV per share measurement. The BMO Stable Value Fund ("Stable Value Fund") is a common collective trust with underlying investments in fully benefit-responsive investment contracts. Its objective is to maintain safety of principal while generating a level of current income exceeding that of a money market. The Stable Value Fund seeks to maintain a stable \$1.00 unit value although there is no guarantee it will be able to do so. The Stable Value Fund invests in traditional and synthetic guaranteed income contracts with various crediting formulas. The Stable Value Fund manager may limit withdrawals in order to maintain sufficient liquidity.

Investments in the common collective trust can be purchased and sold continuously. A notice of redemption is not required. The Plan has no obligation to buy additional units.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 37,801,642	\$ -	\$ -	\$ 37,801,642
Investment assets measured at NAV				3,355,716
Total investment assets at fair value				\$ 41,157,358

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 36,943,905	\$ -	\$ -	\$ 36,943,905
Investment assets measured at NAV				1,992,738
Total investment assets at fair value				\$ 38,936,643

Notes to Financial Statements

Note 4: Information Prepared and Certified by Trustee

Certain information in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2020 and 2019, was obtained or derived from information certified as complete and accurate by BMO Harris Bank N.A., the Plan's trustee.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by BMO Harris Bank N.A., the trustee, and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account balances.

Note 7: Tax Status

The Plan adopted a nonstandard prototype document with an IRS notification letter, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
