Note 1. Plan Description

The following brief description of the DuPage Machine Products Employee Savings and Protection Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of DuPage Machine Products, Inc. (the Company) who have completed 6 months of service and are age 18 or older. Participants can enter the Plan on the first day of each plan year and the first day of the seventh month of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to contribute 2 to 20 percent of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributions plans (rollover).

The Company makes a discretionary matching contribution each pay period. In 2021, the Company matched 25% of participant contributions up to 6% of participant's compensation, as defined in the Plan document, for those participants who have completed less than 5 years of service and for participants who completed 5 years of service but were deferring less than 6% of their compensation. For those participants who have completed 5 or more years of service and were deferring 6% or more of their compensation, in 2021, the Company matched 100% of participant contributions up to 6% of participant's compensation, as defined in the Plan document. There were no Company discretionary match contributions after April 23, 2020.

The Company may make an annual discretionary profit-sharing contribution in an amount to be determined at plan year-end by the Board of Directors. For the year ended March 31, 2021, the Company did not make any profit-sharing contributions to the Plan. Contributions are subject to certain limitations.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with the participant's contribution, Company matching contribution, if any, as well as allocations of the Company's profit-sharing contributions, if any, and Plan earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service. Participants who terminate employment due to death or disability are 100 percent vested in their account balances.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $15,000 or 50 percent of their account balance, whichever is less. The loan repayment period is not to exceed 5 years except for the purchase of a principal residence in which case the repayment period is not to exceed 10 years. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans (7.00 percent at March 31, 2021). Principal and interest are paid ratably through payroll deductions.

Note 1. Plan Description (Continued)

Payment of benefits: On termination of service due to death, disability, or retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited accounts: At March 31, 2021 and 2020, forfeited non-vested accounts totaling $2,034 and $228, respectively, were available for future use. Funds forfeited are to be used to pay for Plan expenses or reduce Company matching contributions. Any funds not used to pay for Plan expenses or reduce Company matching contributions are to be reallocated to participants. During 2021, $221 was used to offset Company contributions and $3,238 was used to pay for Plan expenses.

Plan amendment: Effective April 2020, the Plan enacted the Coronavirus Aid, Relief, and Economic Security Act (C.A.R.E.S.) allowing Coronavirus related distributions, relief of required minimum distributions, and additional loan provisions. The deadline to formally adopt the Plan for these provisions is December 31, 2022. The Plan has not yet been formally amended.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

Note 3. Investments Certified or Provided by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company

Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) the custodians, have reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedules related thereto. This information includes investments held at March 31, 2021 and 2020, net appreciation/(depreciation) in fair value of investments, and interest and dividends, for the year ended March 31, 2021. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the custodians. The Plan Administrator, therefore, has instructed the independent public accountants to exclude the information certified by the custodians from the scope of their audit.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2021 and 2020.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV, as a practical expedient, daily based on the market value of the underlying net assets in each separate account. The majority of the underlying net assets have observable level 1 and/or 2 quoted pricing inputs which are used to determine the unit value of the pooled separate accounts which are not publicly quoted. The redemption frequency of each of the pooled separate accounts is daily and there are no redemption restrictions.

Note 4. Fair Value Measurements (Continued)

Common/collective trusts: Common/collective trusts invest in collective trust funds as well as a variety of separate accounts and mutual funds. The fair values of all these investments are used in determining the NAV, as a practical expedient, of the collective investment trusts, which are not publicly quoted. In general, the majority of the underlying securities have observable level 1 quoted pricing inputs. While the underlying asset values are generally based on publicly quoted prices, the NAV of each individual common/collective trust is not valued using publicly quoted prices. Common/collective trusts can be redeemed on a daily basis and each common/collective trust has its own investment strategy. There are no restrictions, terms, or conditions under which the investments may be redeemed or sold.

Insurance company general account: Valued at the amount Plan participants would receive if they were to withdraw or transfer funds within the Plan prior to maturity or an event other than death, disability, termination, or retirement. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed credit ratings. The investment contracts maintained by the Plan have not been deemed to be fully benefit-responsive. As such, the statement of changes in net assets available for benefits reflects income credited to participants in the Plan and net appreciation or depreciation in the fair value of those investment contracts. A surrender charge may apply to transfers or withdrawals from the guaranteed interest fund. The rate used to determine if a charge applies is equal to the Treasury rate plus 0.5%. A charge applies when the reference rate is higher than the rate being credited to the non-matured fund being transferred or withdrawn. The amount of the surrender charge is calculated as follows: 1) the difference between the Treasury rate on the date of surrender and Guaranteed Interest Rate, multiplied by 2) the number of years and fractional parts of a year left in the guarantee period, multiplied by 3) the amount being surrendered. A surrender charge does not apply to withdrawals due to retirement, termination or employment, disability, or death.

The average yield and crediting interest rates were between 0.15% and 1.85%, respectively, for the year ended March 31, 2021 and 0.15% and 1.85%, respectively, for the year ended March 31, 2020. The crediting interest rate is based on a formula agreed upon with the Plan. Interest rates are reviewed for resetting and there are no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2021 and 2020:

	2021			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 1,768,070	$ -	$ -	$ 1,768,070
Insurance company general account	-	-	1,100,763	1,100,763
Total assets in fair value hirerarchy	$ 1,768,070	$ -	$ 1,100,763	2,868,833
Investments measured at net asset value (a)				9,295,061
				$ 12,163,894

	2020			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 1,449,237	$ -	$ -	$ 1,449,237
Insurance company general account	-	-	1,568,844	1,568,844
Total assets in fair value hirerarchy	$ 1,449,237	$ -	$ 1,568,844	3,018,081
Investments measured at net asset value (a)				6,806,533
				$ 9,824,614

Note 4. Fair Value Measurements (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits

Transfers between Levels

For years ended March 31, 2021 and 2020, there were no significant transfers between levels 1 and 2 and no transfers in or out of Level 3. Additions and purchases of Level 3 investments were $845,551 during the year ended March 31, 2021.

The following table sets forth the fair value of investments in certain entities that calculate net asset value per share (or its equivalent) at March 31, 2021 and 2020:

Investment	2021 Fair Value	2020 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 4,670,820	$ 3,120,913	None	Immediate	None
Common/collective trusts	4,624,241	3,685,620	None	Immediate	None
	$ 9,295,061	$ 6,806,533			

Note 5. Related Party Transactions

The Plan's investments consist of an insurance company general account underwritten by Principal, as well as pooled separate accounts and common/collective trust funds, which are managed by the custodians. Transactions in such investments qualify as party in interest transactions as defined by ERISA.

Fees are paid to Steele Capital Management and Connor & Gallagher One Source for investment advisory services. These payments qualify as party in interest transactions.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Tax Status

The Plan has adopted a volume submitter plan of Principal Life Insurance Company. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Prohibited Transactions

During the plan year ending March 31, 2021, the Company failed to remit $5,910 of participant contributions to the Plan pursuant to 29 CFR 2510.3-102 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. All of these amounts were paid into the Plan by March 31, 2021. The related lost earnings will be repaid during the Plan year ending March 31, 2022. Under the regulation, amounts paid by a Plan participant or withheld by the Company from a participant's wages for contribution to the Plan are Plan assets on the earliest date they can reasonably be segregated from the Company's general assets, but in no event later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Company. As a result, the Company has engaged in a nonexempt prohibited transaction under ERISA Section 406.

Effective June 1, 2021, the Plan adopted the non-standardized prototype plan sponsored by Great-West Trust Company (Great-West). Coincident with the change, the Plan's custodian and recordkeeper changed from Principal to Great-West. Additionally, Plan's eligibility condition was changed to 3 months of service and employees can enter the Plan on the first day of each Plan year quarter immediately following or coincident with the date the employee completes the eligibility conditions. Pursuant to the amendment, participants may now defer between 1 and 50 percent of their compensation, as defined by the Plan.

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through September 1, 2021, the date the financial statements were available to be issued.
