SEVENSON ENVIRONMENTAL SERVICES, INC.
PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. **Description of Business**

The Sevenson Environmental Services, Inc. Pension Plan (the Plan), effective June 30, 1981, is a money purchase plan covering all eligible employees of Sevenson Environmental Services, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed State Street Bank and Trust Company (State Street) as Trustee of the Plan and Transamerica Retirement Solutions as record keeper. The Plan has adopted the Transamerica Retirement Solutions Volume Submitter Money Purchase Pension Plan. The Plan was amended and restated as of January 1, 2017. Prior to January 1, 2017 the Plan was operating under the individually designed plan document.

Employees will be eligible to participate when they (i) have completed one year of service with the Company or its affiliates and (ii) have attained age 18. The following employees are not eligible: (a) union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, (b) dump truck drivers, (c) field employees, (d) leased employees, and (e) employees on whose behalf an employer contributes to a multi-employer pension plan (including union supervisory employees such as superintendents and assistant superintendents). Further, an employee shall not be eligible with respect to any period during which his/her services are performed under a contract requiring payment of "prevailing wages" and with respect to which the employee is entitled to contributions under the Sevenson Environmental Services, Inc. Prevailing Wage Pension Plan or a successor plan thereto. The plan entry date is the first day of the plan year nearest to the date that an employee completes one year of service and has attained the age of 18.

Other employers who have adopted the Plan are: Sevenson Industrial Services, Inc. and Sevenson Environment Services of PA, Inc.

All investments are non-participant directed. The Trustee of the Plan and the investment committee are responsible for all investment decisions of the Plan. Each participant's account is credited with (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. Participants' accounts become vested ratably over six years of service.

Note 2. **Summary of Significant Accounting Policies**

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis and present net assets available for benefits and changes in those net assets of the Plan.

Investments - Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Sevenson pension fund, a unitized managed account, is determined based upon the fair value of the underlying assets as reported on the active markets. The Sevenson Pension Fund is composed of seventeen mutual funds, over twenty bond investments, and cash equivalents. The underlying assets of the Sevenson Pension Fund are not owned by the participants; rather, a participant owns an interest in the Fund. Purchases and sales of the investment funds are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 2. **Summary of Significant Accounting Policies** *(Continued)*

Estimates - The preparation of the financial statements in conformity with generally accepted accounting principles required the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Benefits Paid - Benefits are recorded when paid (see Note 4.).

Operating Expenses - Investment transactions and advisor fees are paid by the Plan. The Company pays all other operating expenses.

Unallocated accounts - Unallocated accounts in the Plan represent forfeitures, advanced employer funds and the expense account. Forfeitures of non-vested participant balances can be used to pay administrative expenses, and any remaining forfeitures will be used to reduce the employer contribution. In 2020 the Plan had forfeitures of $15,725 ($23,122 - 2019). At December 31, 2020 unallocated forfeitures were $14,538 ($47,486 - 2019). The December 31, 2020 employer contribution was reduced by forfeitures of $48,706. The Plan did not have any unallocated advanced employer funds at December 31, 2020 nor at December 31, 2019. The expense account has a balance of $11,070 at December 31, 2020 ($15,941 - 2019) and is used to pay plan expenses.

Coronavirus Aid, Relief and Economic Security Act – The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by the U.S. Senate on March 26, 2020. Section 2302 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000, increase the available loan amount to the lessor of $100,000 or 100% of the participant's vested account and extend the period for loan repayment for up to one year for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to lack of childcare due to COVID-19. The $100,000 loan amount was available for loans issued from March 27, 2020 through September 27, 2020. The Plan adopted the CARES Act distribution and loan provisions.

Note 3. **Contributions**

Employers make annual contributions for participants equal to 7% of a participant's total compensation, plus 3.5% of the compensation in excess of the Social Security Taxable Wage Base for the year. The participant must be employed on the last day of the Plan year to be eligible. The compensation used to determine the contribution allocation of highly compensated employees excludes overtime and bonuses. Participants' accounts become vested ratably over six years of service. Participants will become 100% vested in employer contributions and earnings on the employer contributions if, while employed they attain the normal retirement age of 62; they become permanently disabled; or upon death of the participant.

The Plan does not allow participant rollover contributions.

Note 4. **Payment of Benefits**

Participants' benefits under the Plan are payable to participants and their beneficiaries upon the termination of employment, normal retirement (age 62), late retirement, disability or death. The normal form of payment is a qualified joint and survivor annuity, if married, or a straight life annuity if not married. Other optional forms of payment are lump sum and installment payments. In any case, if the vested benefit is $5,000 or less, then a single lump sum payment will be made. The Plan allows in-service distributions for prior rollover contributions at any time.

Note 5. **Notes Receivable Participants**

The Plan allows for hardship loans only. Loans (i) bear a reasonable rate of interest, (ii) are secured by the participant's account, (iii) are limited to 50% of the participant's vested account balance, (iv) provide for repayment over a period not to exceed five years unless such loan is used to purchase a primary residence and (v) are limited to an amount not to exceed $50,000. A loan will not be issued for an amount less than $1,000. A married participant's spouse must consent to the loan before it can be made. Principal and interest is paid ratably through payroll deductions.

Note 6. **Termination**

The Company reserves the right to terminate the Plan at any time. Upon termination, all amounts credited to participants' accounts will become immediately vested. The Company will direct the distribution of accounts in a manner permitted by the Plan as soon as practical.

Note 7. **Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated March 31, 2014, that the Transamerica Volume Submitter Money Purchase Pension Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements and, therefore the Plan qualifies as tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS and the Department of Labor. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 8. **Information Prepared and Certified By Trustee**

Note 9. **Fair Value Measurements**

Financial Accounting Standard Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 9. **Fair Value Measurements** *(Continued)*

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Sevenson pension fund (unitized managed account): valued at the net asset value (NAV) based upon the closing prices on the active markets on which the underlying securities of the fund are traded. The unitized managed account is classified as a Level 2 for December 31, 2020 and 2019 due to the fact that the underlying assets consist of bonds and mutual funds.

Note 10. **Subsequent Events**

The Plan has evaluated subsequent events through August 10, 2021, the date the financial statements were available to be issued.

Note 11. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and market risks include Covid-19. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
