1. Description of the Plan

The following description provides general information on the provisions of the J. L. Clark Employees' Retirement Savings Plan (the "Plan"), a single-employer plan, sponsored by J. L. Clark, LLC, (the "Company"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

On June 29, 2015, the Company was acquired from a publicly traded third party. The Plan was established August 24, 2015 and became effective for eligible Company employees.

The Plan is a defined contribution (401k) prototype plan. This Plan covers all salaried and hourly employees of the Company. Eligible employees (as defined) of the Company who have completed three months of entry service are able to participate.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

In December 2019, a novel strain of coronavirus disease ("COVID-19") was first reported in Wuhan, China and on March 11, 2020, the World Health Organization declared COVID-19 a pandemic. In December 2020, vaccines were approved for distribution in the United States and began to be administered. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, the Plan Assets. The extent of COVID-19's effect on the Plan's performance will depend on future developments, including the duration, spread and intensity of the pandemic, all of which are uncertain and difficult to predict. Plan Management will continue to monitor the impact COVID-19 has on the Plan and will reflect the consequences as appropriate in the Plan's financial records.

The Plan adopted several provisions permitted by the Coronavirus Aid, Relief and Economic Security ("CARES") Act, enacted by the U.S. federal government on March 27, 2020. These provisions relate to notes receivable from participants and payment of benefits. Written amendments to the Plan to reflect these operational changes were adopted in accordance with applicable laws and IRS guidance.

Contributions

The Plan provides for an automatic 3% pre-tax elective deferral for each participant, unless the participant has elected a different percentage or chosen not to participate. Participating employees may elect to make, through payroll deductions, elective deferral contributions from 1% up to 50% of eligible compensation (not to exceed the annual contribution limit, as set by the Internal Revenue Service, ("IRS")).

The Plan has an automatic increase feature. For participants enrolled at less than 10%, their elective deferrals are increased 1% each January 1 until the deferral percentage reaches 10%.

The Company matches 100% of each participant's first 3% of elective deferral contributions and 50% of the next 2% of elective deferral contributions. At the end of each Plan year, the Company makes an additional contribution of 1% of annual pay for eligible participants. For the year ended December 31, 2020, the additional contribution amounted to $45,986 and is included in the employer contributions receivable on the Statement of Net Assets Available for Benefits.

Description of the Plan - Continued

As permitted by the Plan, participant rollovers amounted to $360,260 for the year ended December 31, 2020.

Vesting
A participant is always 100% vested in elective deferral contributions, rollover contributions, Company matching contributions and additional Company contributions.

Participant Accounts
Each participant's account is credited with the participant's contributions, rollover contributions, Company matching contributions, additional Company contributions and an allocation of Plan earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options
The Company administers the Plan. Principal Trust Company ("Principal") is the trustee of the Plan. Principal Financial Group is the recordkeeper of the Plan.

Participants self direct the investment of their accounts into registered investment company funds with the option to reallocate account balances.

Notes Receivable from Participants
Participants are allowed to borrow from their vested account balance a minimum of $1,000, up to a maximum equal to the lesser of 50% of their total vested account balance or $50,000, reduced by any outstanding note balance, if any, during the 12-month period ending on the day before the new note is made. The interest rate, at the date of the note, is charged at prime plus 1%. The notes are repaid through payroll deductions and must be repaid over five years, or limited to a period consistent with commercial home loan practices if the note is used for the purchase of a primary residence. Interest on outstanding notes ranged from 4.25% to 6.50% at December 31, 2020 and 2019.

Permitted by the CARES Act, the Plan adopted a provision permitting suspension of loan payments due for up to one year.

Payment of Benefits
On termination of service, retirement or total and permanent disability, a participant may elect to receive payment in the form of either a lump-sum distribution or a direct rollover to an Individual Retirement Account ("IRA") or an IRS qualified plan equal to the value of the participant's vested account. Participants with vested account balances exceeding $5,000 can choose to take a distribution or defer the distribution. Participants with a vested account balance of $5,000 or less receive a lump-sum distribution. Under Federal law, benefit payments must begin on the April 1st following the later of the calendar year in which the participant reaches age 72 (or 70 ½ if participant reached age 70 ½ before January 1, 2020) or is not a 5% owner and stops working for the Company.

Description of the Plan - Continued

Benefit payments received before age 59 ½ may be subject to a 10% tax penalty unless the amount is rolled over. In the event of death, the participant's beneficiary will receive a lump-sum distribution. If the vested account balance exceeds $5,000, the beneficiary may choose when the account balance is paid.

Permitted by the CARES Act, the Plan adopted a provision permitting individuals to stop receiving 2020 required minimum distributions.

Administrative Expenses
Expenses of administration, such as, legal, accounting, recordkeeping and trustee fees, are paid entirely by the Company. Investment management fees are paid from the accounts of participants. Per-use fees for note processing, distributions and withdrawals are deducted from a participant's account balance.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be fully vested in their accounts and the trustee will distribute Plan assets to participants or their beneficiaries in accordance with the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events
The Plan evaluated the impact of events that have occurred subsequent to December 31, 2020, through the date the financial statements were available to be issued, for possible recognition or disclosure in those financial statements.

Valuation of Investments and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Summary of Significant Accounting Policies - Continued

Net Appreciation (Depreciation) in Fair Value of Investments
Net realized and unrealized appreciation (depreciation), which includes gains and losses on investments bought and sold, as well as held during the year, is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions.

Payment of Benefits
Benefits are recorded when paid.

Recent Accounting Pronouncement
In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement,* which includes additions, modifications and eliminations to existing disclosure requirements for fair value measurement. The prospective application of this guidance is effective for annual periods beginning in 2020. The Plan has adopted this standard as of and for the year ended December 31, 2020.

3. Investments

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

4. Fair Value

The Plan follows guidance defined in Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, which provides a framework for measuring fair value under GAAP. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted market prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Fair Value - Continued

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments are valued at fair value using the following methodology:

- **Registered investment companies:** valued at NAV per share, using available inputs to measure fair value by such companies or funds, for shares held by the Plan at year-end. Generally, mutual funds have a quoted market price in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's investment assets measured at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 30,529,442	$ -	$ -	$ 30,529,442
Total investment assets at fair value	$ 30,529,442	$ -	$ -	$ 30,529,442

For comparative purposes, the following table presents the Plan's investment assets measured at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 27,260,633	$ -	$ -	$ 27,260,633
Total investment assets at fair value	$ 27,260,633	$ -	$ -	$ 27,260,633

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan does not hold any investments measured as Level 2 or 3.

5. Income Tax Status

Effective August 24, 2015, the Company adopted a Prototype Non-standardized Profit Sharing Plan sponsored by Principal Life Insurance Company ("Principal Prototype Plan"). The IRS has determined and informed Principal by a letter dated March 31, 2014, that the Principal Prototype Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan itself has not received a letter of determination but is entitled to rely on the letter issued to Principal for the Principal Prototype Plan. The Company believes that the Plan continues to be operated in compliance with the applicable sections of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements as of December 31, 2020 and 2019. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

6. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements, notes to the financial statements and supplemental schedule of assets held at end of year is complete and accurate:

- Investments, at fair value, and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Interest and dividend income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.
- Net appreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets held at end of year.

7. Related-Party Transactions

The Plan document provides for notes receivable from participants which are managed by Principal. Principal is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions.
