GOLDEN STATE DERMATOLOGY MANAGEMENT, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Golden State Dermatology Management, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on December 1, 2016, to provide retirement benefits for employees of Golden State Dermatology Management, LLC and its affiliates which have adopted the Plan (together, the "Company"). The Plan is a defined contribution plan available to Company employees other than those who are part of a collective bargaining agreement, a leased employee, or a nonresident alien. Eligible employees may immediately enter the Plan on the first day of the month, coinciding with the hire date or the date the eligible employee attains 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

As the plan administrator, the Company is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In April 2020, the Plan implemented provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. These provisions were applicable for qualified Plan participants and included an increase in maximum loan amounts to the lesser of the participant's account balance or $100,000 for a loan issued through September 23, 2020; the ability of qualified participants who had Plan loan repayments due in 2020 to defer such repayments beyond December 31, 2020; and a new coronavirus-related distribution up to $100,000 in 2020. In addition, the CARES Act allowed any participant subject to a 2020 required minimum distribution ("RMD") to waive such distribution. In addition, effective January 1, 2020, the Plan implemented the delay of the commencement date for required minimum distributions pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). The plan administrator intends to incorporate these provisions under which the Plan is currently operating as necessary prior to the December 31, 2022 deadline.

Participant Contributions – Participants in the Plan may elect to contribute, on a pre-tax basis or post-tax ("Roth") basis either a percentage or set dollar amount of annual eligible compensation, as defined by the Plan agreement. Participants may elect to contribute up to 100% of their annual eligible compensation, subject to annual limits specified by the IRC. For the year ended December 31, 2020, the annual limitation was $19,500. Additionally, participants who have reached a minimum of 50 years of age may make catch-up contributions of up to $6,500 for the year ended December 31, 2020. Participants are also allowed to rollover contributions from other qualified retirement plans, subject to approval by the plan administrator.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Plan provides for "Safe-Harbor" contributions in accordance with the provisions of the IRC. Under the Safe-Harbor contribution rules, the Company makes mandatory matching contributions of each participant's contributions up to an amount equal to 100% of the first three percent, and 50% of amounts that exceed three percent, of each participant's annual compensation, up to a maximum of 5% of compensation, as defined. In addition, the Company may make discretionary profit sharing contributions. No discretionary profit sharing contributions were made during 2020.

Participant Accounts – The Plan maintains an account for each participant, which is credited with the participant's contributions, the Company's matching contributions, as well as allocations of the Company's other non-elective contributions, if any, and Plan earnings or losses. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, rollover contributions, employer safe-harbor contributions, and discretionary profit sharing contributions, plus actual earnings thereon.

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into the various investment funds offered through the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. Participants are allowed to draw up to two loans at any one time. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000, less the highest outstanding note balance in the prior 12 months. The notes are secured by the vested balance of the participant's account. The note term is not to exceed five years, except for notes used to finance the purchase of a primary residence for which the term may be fifteen years. The notes bear interest at rates comparable to those charged by other lenders for loans which would be made under similar circumstances and remain fixed throughout the life of the note. Principal and interest are repaid ratably through payroll deductions or direct payments and loans become due immediately upon termination of employment.

As discussed above, pursuant to the CARES Act enacted in March 2020, the maximum loan amount was temporarily increased to $100,000 for qualified participants, and qualified participants were also permitted to request a delay of loan repayments due between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was re-amortized effective January 1, 2021 and included any interest accrued during the period of delay.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – The Plan provides for payment of benefits to the participant (or, if applicable, the beneficiary) upon retirement, death, disability, or termination of employment. Normal retirement age is 65 years. Hardship distributions and in-service distributions upon attaining 59½ years of age, as defined in the Plan, are also permitted. Participants may elect to receive their benefits in the form of a lump sum payment or a direct rollover distribution to another qualified plan. If a terminated participant's vested balance is greater than $1,000 and less than or equal to $5,000 and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account plan as designated by the plan administrator. A vested participant's balance equal to or less than $1,000 will be distributed directly to the participant as a lump sum payment.

The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the SECURE Act enacted in December 2019. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions could waive the 2020 required minimum distributions and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Also, in accordance with the CARES Act, the Plan permitted qualified participants to take a coronavirus-related distribution up to $100,000 with an option to repay it over a three year period.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for investment in a guaranteed investment contract, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan committee determines the Plan's valuation policies utilizing information provided by an investment advisor and the insurance company. See Note 3 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued) – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits – Benefit payments are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of the fair value of investments.

Adoption of New Accounting Pronouncement – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13 on Topic 820, *Fair Value Measurement: Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU 2018-13 remove and modify certain disclosure requirements for the fair value reporting of assets and liabilities. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019. The adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

Subsequent Events – The Plan's management has evaluated subsequent events through August 31, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account: This account consists of mutual funds, which are valued as described above; common stock and exchange-traded funds valued at the closing price reported on the active market on which the individual securities are traded; interest-bearing cash valued at cost which represents fair value; and also certificates of deposit valued at approximate fair value, based on the principal amount plus accrued interest.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 6,708,231	$ -	$ -	$ 6,708,231
Self-Directed Brokerage Account	5,156,285	349,001	-	5,505,286
Investments at Fair Value	$ 11,864,516	$ 349,001	$ -	$ 12,213,517

	2019			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 4,415,535	$ -	$ -	$ 4,415,535
Self-Directed Brokerage Account	2,325,948	3,002,635	-	5,328,583
Investments at Fair Value	$ 6,741,482	$ 3,002,635	$ -	$ 9,744,118

One of the Plan's mutual fund investment options represents 31% of total investments as of December 31, 2020 and 2019. The investments in a self-directed brokerage account represent 45% and 55% of total investments as of December 31, 2020 and 2019, respectively.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY INSURANCE COMPANY AND CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company, a OneAmerica company, the insurance company of the Plan, has certified to the completeness and accuracy of the following information included in the Statement of Net Assets Available for Benefits as of December 31, 2020, the notes to the financial statements and the Supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment income reflected in the Statement of Changes in Net Assets Available for Benefits for the period from October 1, 2020 to December 31, 2020. Wells Fargo Bank, N.A., the former custodian of the Plan, has certified to the completeness and accuracy of the following information included in the Statement of Net Assets Available for Benefits as of December 31, 2019, the notes to the financial statements as of December 31, 2019, and the related investment income reflected in the Statement of Changes in net Assets Available for Benefits for the period from January 1, 2020 to September 30, 2020.

	2020	2019
Investments, at Fair Value		
Mutual Funds	$ 6,708,231	$ 4,415,535
Investments, at Contract Value		
AUL Stable Value Account	$ 54,799	-
Notes Receivable from Participants	$ 59,687	$ 68,105
Investment Income	$ 865,809	
Interest Income on Notes Receivable from Participants	$ 2,723	

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

One investment option under the Plan is a fully benefit-responsive guaranteed investment contract with American United Life Insurance Company ("AUL"). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria of a fully benefit responsive instrument, contract value is the relevant attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Accordingly, the guaranteed investment contract is presented at contract value. Contract value as reported to the Plan by AUL represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract yielded 1.0% interest for 2020.

NOTE 6 – TAX STATUS

The Plan has adopted the CCH Incorporated dba ftwilliam.com prototype plan. The prototype plan received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, stating that the prototype plan is designed in accordance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. Management believes the Plan is currently designed and being operated in a manner that is in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes is recorded in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Commencing on September 24, 2020, the Plan's guaranteed investment contract has been managed by American United Life Insurance Company. Previously, this contract was managed by Wells Fargo Asset Management, an affiliate of Wells Fargo Bank N.A. ("Wells Fargo"). As the affiliates of AUL and, previously, Wells Fargo have provided services to the Plan, these investment management services qualify as party-in-interest transactions.

OneAmerica provides certain administrative services to the Plan pursuant to a service agreement between the Company and OneAmerica. These transactions qualify as party-in-interest transactions.

The charges for investment related services are included in the net appreciation of the fair value of investments.

NOTE 8 – PLAN TERMINATION

The Company has established the Plan with the expectation that it will continue the Plan. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all benefits will remain fully vested to the participants and will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 9 – RISKS AND UNCERTAINTIES

Participants may direct the investment of the account into the various investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

On March 11, 2020, the World Health Organization declared a pandemic related to the rapidly spreading COVID-19 outbreak, which has led to a global health emergency. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the Plan's financial statements at December 31, 2020 and 2019 and for the year ended December 31, 2020 to Form 5500:
