NOTE 1. PLAN DESCRIPTION

The following description of the TUUCI, LLC 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. The Plan allows for other employers to adopt its provisions. Please see note below for other employers who have adopted the Plan.

General

The Plan is a defined contribution plan covering all full-time employees of TUUCI, LLC ("Plan Sponsor") and Pavilion U.S.A., LLC who have two months of continuous service and are age 21 or older. The Plan was established on January 1, 2007 and amended and restated on May 30, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, Plan Sponsor contributions, or Plan earnings until such time as they are partially or completely withdrawn from the Plan. The Plan Administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator.

Contributions

Each year participants may contribute up to the maximum allowable under the law for pre-tax annual compensation. The maximum for 2020 was $19,500. For the year ended December 31, 2020, for those participants aged 50 and over, a catch-up contribution of $6,500 is allowed. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor made safe-harbor matching contributions to the Plan that equal 100% of the first 4% of base compensation that a participant contributes to the Plan. As of May 30, 2020, the Plan Sponsor eliminated the safe-harbor matching contribution. During the year ended December 31, 2020, employer matching contributions totaled $160,575.

Participant Accounts

Each participant's account is adjusted for the participant's contributions, distributions to the participant, an allocation of plan earnings, and Plan Sponsor safe harbor contributions, and profit sharing if any, when applicable. Contribution allocations are based on participant compensation levels and statutory limitations. Allocations of Plan earnings are based on participant account balances, as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account. Participants direct their accounts among the investment funds allowed under the Plan.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Vesting

Participants are immediately fully vested in their salary reduction contributions and rollovers, their allocated share of the Plan Sponsor's safe harbor contributions, and actual earnings thereon. Profit Sharing Contributions are subject to a vesting schedule and could be forfeited upon termination of employment. Participants must work at least 1,000 hours during each plan year to earn a year of vesting service. The following schedule describes the Plan's vesting provisions for Profit Sharing Contributions for all employees:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms generally do not exceed five years unless the loan qualifies as a home loan, as determined by the plan administrator at the time of the loan. The loans are secured by the balance in the participant's accounts and interest is locked at the Prime Rate on the day the loan is originated. As of December 31, 2020, all outstanding loans charged interest at a rate between 3.25% and 5.50% per annum. Generally, principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination, retirement, death, or disability, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, or receive minimum distributions, as required by the Internal Revenue Service.

Forfeited Accounts

As of December 31, 2020, and 2019, forfeited non-vested accounts totaled $0 each year. Forfeitures attributable to matching contributions will first be used to reduce any matching contributions and secondly, to pay reasonable plan expenses. During 2020, no forfeitures were used to reduce administrative expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants
Notes receivable from participants are presented at their unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits
Payment of benefits are recorded when paid.

Investment Valuation and Income Recognition
All investment funds of the Plan are participant-directed. Investments at fair value consist of shares of registered investment companies. These investments, in registered investment companies, are investments in mutual funds reported at fair value, based on quoted market prices as of the last day of the Plan's year. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair Value Measurements
The Plan follows Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, which provides a framework for measuring fair value under generally accepted accounting principles. ASC Topic 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC Topic 820 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. ASC Topic 820 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

The three-level hierarchy for fair value measurements is defined as follows:

- Level 1 – inputs to the valuation methodology are quoted market prices (unadjusted) for identical assets or liabilities in active markets;
- Level 2 – inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability other than quoted prices, either directly or indirectly including inputs in markets that are not considered to be active;
- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Investments in registered investment companies and money market portfolio are presented under Level 1 as their values are based on quoted prices for identical assets in active markets.

NOTE 3. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 4. INVESTMENTS

The financial information on the supplemental Schedule of Assets (Held at End of Year), except for notes receivable from participants, has been certified as complete and accurate by Ascensus Trust Company in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

The plan's investments in registered investment companies (including net gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $496,680 during the year ended December 31, 2020.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

NOTE 7. ADMINISTRATIVE EXPENSES

Expenses associated with maintaining the Plan were paid directly by the Plan and not by the Plan Sponsor. To the extent there are any plan related expenses paid by the Plan Sponsor, they are excluded from these financial statements.

NOTE 8. INCOME TAX STATUS

The IRS has determined and information the Plan Sponsor by a letter dated January 1, 2018, the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan during 2020 and 2019 to the Plan's custodian, trustee, investment advisors and auditors were based on customary and reasonable rates for their services. While these transactions qualify as party-in-interest activity, they are expressly exempted from the prohibited transaction rules (ERISA, Title I, Section 408(b)). The Plan's administrative functions are performed by employees of the Plan Sponsor at no cost to the Plan. The Plan Administrator is also a participant in the Plan.

NOTE 10. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March of 2020, a global pandemic was declared by the World Health Organization that has resulted in a disruption to business activities throughout the world. The COVID-19 virus has caused significant business closures, supply chain interruptions, production delays and reduce workforces that is likely to adversely impact the U.S. and global economy. As of the date of this report, we are unable to reasonably estimate the length of the pandemic or the impact, if any, it will have on the Plan.

NOTE 11. EXCESS CONTRIBUTIONS PAYABLE TO PARTICIPANTS

The Plan is subject to certain non-discrimination rules under ERISA and the IRC. For 2020, the Plan failed certain non-discrimination tests under the IRC due to lower contribution percentages by non-highly compensated eligible employees relative to the contribution percentages of highly compensated eligible employees. In order to meet the requirements of the non-discrimination rules, the Plan refunded a portion of the contributions made by highly compensated participants subsequent to year-end, in accordance with applicable provisions of the IRC. Additionally, the Plan is required to return contributions received from participants during the Plan year in excess of the IRC limits. These refunds are accrued within excess contributions payable to participants in the Statements of Net Assets Available for Benefits. The net refund for the year ended December 31, 2020 totaled $47,408 and included approximately $3,100 of interest.
