INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
The Bay 101 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Bay 101 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

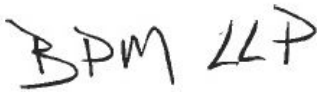

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of The Bay 101 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who are employed by Bay 101 (the "Plan Sponsor"). The Plan became effective on January 1, 1995, and was most recently amended and restated effective January 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and to certain sections of the Internal Revenue Code ("IRC"). All employees who have reached the age of 21 and who have completed six months of service are automatically enrolled in the Plan at 3% of eligible compensation, unless they opt out, and will enter the Plan on the first day of each Plan year quarter. Certain classes of employees, as defined by the Plan document, are excluded from participating in the Plan.

In March 2020, the Company temporarily furloughed a majority of their employees due to the COVID-19 shelter in place order issued by Santa Clara County. The Company rehired most of these employees in September 2020.

Plan Amendments

Participant Note Receivable

The Plan was amended on April 30, 2020 to allow participants to take general purpose loans in order to provide for a Coronavirus loan upon a participants request. Prior to this amendment, only Hardships loans were available.

Coronavirus Aid, Relief, and Economic Security Act

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In addition, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), passed by Congress and signed into law on March 27, 2020, includes provisions that impact retirement plans and their participants by changing existing law regarding early withdrawals, loans, and required minimum distributions. The provisions for participants to take loans or distributions is at the discretion of the Plan Sponsor. Plan sponsors may elect to implement these provisions with retroactive amendment required by December 31, 2022. The Plan has elected to implement these provisions.

1. Plan Description, continued

Amendment, continued

Coronavirus Aid, Relief, and Economic Security Act, continued

Provisions of the CARES Act include:

- Temporary waiver of required minimum distributions for 2020;
- Increase in participant loan limits from $50,000 and 50% of a participant's vested account balance to $100,000 and 100% of a participant's vested account balance. These loans are only available up to September 23, 2020. Repayments on the new loan can be delayed for up to one year;
- Delay in repayments between May 27, 2020 and December 31, 2020 ("Suspension Period") for participants that currently have a loan. At the end of the Suspension Period, the loan is re-amortized by adding the unpaid repayment amounts and a new end date is calculated for the loan; and
- Distributions of up to $100,000 if a participant has been diagnosed with COVID-19, or a spouse or dependent has been diagnosed with COVID-19; or is experiencing "adverse financial consequences" from quarantine, furlough, layoff, or reduced hours due to the coronavirus or is unable to work due to the lack of childcare. The CARES Act eliminates the 10% penalty for distributions taken prior to age 59½; however, the distribution should be added to the participant's taxable income, which can be done over three years. The participant can then repay the amount to the Plan and receive a refund of the taxes paid on it.

Plan Administration

The Plan Sponsor is the administrator of the Plan. As administrator, the Plan Sponsor has authority and responsibility for matters in connection with the operation and administration of the Plan (including the authority to select the investment options, which are available for employees to select). Great-West Trust Company, LLC ("Great-West") and Empower Retirement are the custodian and record keeper, respectively, for the Plan and act at the direction of the Plan's administrator.

Contributions

Employees who elect to participate in the Plan may contribute 1% to 75% of their eligible compensation on a before-tax basis pursuant to Code Section 401(k) up to limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan Sponsor may make discretionary matching contributions based on employee elective deferrals, as well as discretionary nonelective contributions. For the year ended December 31, 2020, there was no employer contributions made or approved. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. Plan Description, continued

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Plan Sponsor's matching contributions (if any), Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance daily. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits.

Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Discretionary employer contributions, if any, as well as all earnings on these contributions vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participant Notes Receivable

Participants are allowed one loan at any time and may borrow from their fund accounts a minimum of $1,000, up to 50% of the value of their account balance, or $50,000, whichever is less. Participant notes receivable terms range from one to five years, except for loans used to purchase a primary residence, which must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans. Participant notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan originates. The interest rates on participant notes receivable as of December 31, 2020 was 4.25% to 6.50% per annum. Principal and interest are paid in equal installments through bi-weekly payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of loans.

1. Plan Description, continued

Payments of Benefits

When participants leave the employer, upon normal (age 65) or early retirement (age 55 with five years of service) or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, vested employer contribution, rollovers, and the net earnings thereon in a single lump-sum payment or installments. In-service distributions are available to participants at age 59½. Financial hardship distributions are available for certain immediate and heavy financial needs. Participants should refer to the Plan document for the specific needs that qualify for a financial hardship distribution.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. In the event of a mandatory distribution greater than $1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, the Plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the Plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in a specific percentage or dollar amount into a series of mutual funds and a guaranteed investment contract offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures that occur during a Plan year are used to reduce expenses related to the administration of the Plan and to reduce future employer discretionary contributions. Forfeitures amounted to approximately $18,800 and $18,600 as of December 31, 2020 and 2019, respectively. No forfeitures were used during the year ended December 31, 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP") and ERISA.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation (depreciation) for the year is reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of investments.

3. Investment Information Prepared and Certified by the Custodian (Unaudited)

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Great-West in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA as of December 31, 2020 and 2019 and for the year ended December 31, 2020:

	2020	2019
Investments:		
Mutual funds	$ 10,722,532	$ 9,520,740
Guaranteed investment contract	$ 1,170,558	$ 1,501,429
Participant notes receivable	$ 58,320	$ 27,533
Net appreciation in investments	$ 1,365,301	
Interest and dividends	$ 324,978	
Interest on participant notes receivable	$ 1,315	

4. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Cash equivalents: Valued based on redemption values on the last business day of the Plan year.

Preferred stocks, common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,722,532	$ -	$ -	$ 10,722,532

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,520,740	$ -	$ -	$ 9,520,740

The Plan had no significant transfers between Level 1 or Level 2 for the years ended December 31, 2020 and 2019.

5. Investment Contract with Great-West

As of December 31, 2020 and 2019, the Plan held a traditional fully benefit-responsive guaranteed investment contract with Great-West, the Key Guaranteed Portfolio Fund ("Contract") totaling $1,170,558 and $1,501,429, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on the earning of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the Contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The Contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. Investment Contract with Great-West, continued

This Contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the Contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the Contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the Contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the Contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Great-West, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through the ERISA spending account, which is a revenue sharing account rather than a direct payment. For the year ended December 31, 2020, approximately $24,730 was paid out of the ERISA spending account for Plan advisor related fees.

7. Tax Status

The Plan adopted a prototype non-standardized profit sharing plan document, which obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan has been amended since receiving its opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and ERISA, and that the trust, which forms a part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal or state income taxes.

8. Plan Termination

The Plan Sponsor established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their non-vested accounts. The Plan Sponsor may direct that either (a) benefits be distributed to the participants in any manner permitted by the Plan as soon as practicable, or (b) the trust created by the Plan be continued and benefits be distributed to the participants or their beneficiaries as if the Plan had not terminated.

9. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

In January 2020, the World Health Organization declared an outbreak of a novel coronavirus (COVID-19) as a pandemic resulting in adversely impacted global commercial activity and significant declines and volatility in financial markets, resulting in economic uncertainties which may negatively impact investment performance across the globe. The outbreak presents uncertainty and risk with respect to the Plan's performance and its financial results.

10. Subsequent Events

The Plan was amended on March 25, 2021 to remove the general purpose loan provision. A Participant may only take a loan if they satisfy one of the 401(k) safe harbor hardships provisions and certain criteria as descried in the loan policy.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 8, 2021, the date which these financial statements were available to be issued. Management concluded that, other than above, no material subsequent events have occurred since December 31, 2020 that require recognition or disclosure in these financial statements.
