Contributions (Continued)

(c) *Discretionary non-elective contributions.* The Plan Sponsor may make a discretionary non-elective contribution to the Plan. In order to share in the non-elective contribution, you must be employed on the last day of the Plan Year and complete at least 500 service hours during the Plan Year. The contributions will be allocated based on the group to which each participant is assigned. The Plan Sponsor may contribute a different amount on behalf of each group. The amount contributed on behalf of each group will be allocated proportionately based on each participant's compensation compared to the total compensation of all participants in the group. Groups will consist of the following:

- *Group A:* Owners and immediate family members
- *Group B:* Operational and financial managers
- *Group C:* All other participants not in Group A or B

Participant Accounts

Each participant's account is credited or charged with the above contributions, rollover contributions, Plan earnings, forfeitures, and Plan expense.

The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of fifteen mutual fund or common collective trust options.

Vesting

Participant vesting is based on service years. Participants are 100% vested in the voluntary salary deferral, rollover contributions, and Safe Harbor non-elective contributions. The discretionary non-elective contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>
Less than 2	0%
2 but less than 3	25%
3 but less than 4	50%
4 but less than 5	75%
5 or more	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts

Forfeitures of non-vested contributions will be used to restore any forfeitures for vested balances on rehired participants meeting the break-in-service rules. The remaining forfeitures will be used to offset the Company's contributions and pay administrative expenses. During the year ended December 31, 2020, forfeitures of \$1,228 were used to pay employer receivables from prior years. At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$138 and \$1,360, respectively.

Payment of Benefits

Benefits are recorded when paid. Rollovers are not included when determining whether a cash-out distribution may be paid to a terminated participant. Upon termination of service, a participant may elect to receive:

- (a) A lump sum distribution equal to the value of their account; or
- (b) Equal installments over a period of not more than the participant's assumed life expectancy.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Fees

Certain Plan fees and administrative expenses are paid by the Plan Sponsor.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and the supplemental schedule is complete and accurate with respect to investments: investments at fair value, net appreciation in fair value of investments, and interest and dividends.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds and money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust funds: Valued based on the net asset value (NAV) of units of the common/collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE F - INCOME TAX STATUS

Effective January 1, 2015, the Plan Sponsor adopted a Fidelity Management Trust Company prototype plan dated January 31, 2014. Fidelity Management Trust Company obtained an Advisory Letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Subsequent amendments have been made to the Plan, and these changes have not been submitted for a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no income taxes have been provided for in the financial statements.

NOTE F - INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - SUBSEQUENT EVENTS

Subsequent events were evaluated through August 31, 2021, which is the date the financial statements were available to be issued.
