Ceratizit USA, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Ceratizit USA, Inc. (the “Company”) 401(k) Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Plan Merger: Effective November 30, 2020, the assets of the Plan were merged with an employee benefit plan sponsored by an affiliated company. Impacted participants became eligible to participate in the successor plan on the effective date.

General: The Plan is a defined contribution plan covering all employees of the Company, except members of a collective bargaining unit and leased employees. Employees must complete three months of service to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions: Upon satisfying eligibility requirements, employees are automatically enrolled in the Plan and contribute 5% of compensation unless an alternate election is made. Participants may make pre-tax or Roth contributions which, in the aggregate, may not exceed 60% of eligible compensation and are subject to certain Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company will make a safe harbor basic matching contribution equal to 100% of the elective deferral that does not exceed 3% of compensation plus 50% of the elective deferral that exceeds 3% of compensation but does not exceed 5% of compensation.

Participants direct the investment of all contributions, including employer contributions, into investment options offered by the Plan. The Plan offers various mutual funds and a money market fund as investment options for participants.

Participant Accounts: Each participant account is credited with the participant’s contributions, Company contributions, plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are vested immediately in all contributions plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator at the inception of each loan. Principal and interest is paid ratably through payroll deductions.

Ceratizit USA, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (cont.)

Payment of Benefits: On termination of service due to death, disability, separation or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, in-service withdrawals are allowed after participants reach age 59 ½ or in cases of financial hardship.

The Plan has the ability to make automatic distributions without participant consent for terminated participants that fail to affirmatively elect a distribution and have a vested account balance under \$5,000.

Forfeited accounts: Prior to September 20, 2018, employer contributions were subject to a vesting schedule. At December 31, 2019, forfeited nonvested accounts remained totaling \$9,360. These accounts will be used to reduce expenses or employer contributions. For the period of January 1, 2020 to November 30, 2020, forfeited nonvested accounts of \$3,750 were used to reduce Plan expenses with the remaining forfeiture balances transferring to the successor Plan.

Note 2. Summary of Accounting Policies

Basis of Accounting: The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the custodian.

See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of November 30, 2020 or December 31, 2019.

Payment of Benefits: Benefits are recorded when paid.

Ceratizit USA, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies (cont.)

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events: The Plan has evaluated subsequent events through September 8, 2021, the date the financial statements were issued.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

On the following page is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2020 and December 31, 2019.

Ceratizit USA, Inc. 401(k) Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (cont.)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,373,636	\$ -	\$ -	\$ 9,373,636
Money market fund	485,543	-	-	485,543
	<u>\$ 9,859,179</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,859,179</u>

Note 4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at November 30, 2020 and December 31, 2019, and net appreciation in fair value of investments, and interest and dividends for the period of January 1, 2020 to November 30, 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 6. Tax Status

The Internal Revenue Service ruled on March 31, 2014 that the Volume Submitter Plan Document utilized by the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has since been amended, the Plan administrator believes the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
