1. DESCRIPTION OF THE PLAN

The following description of The New York City Football Club 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of The New York City Football Club, LLC (the "Company"). Interns and part-time employees are not eligible to participate in the Plan. The Plan was established on June 1, 2014 and amended and restated on June 26, 2015 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company ("FMTC") is the trustee, and Fidelity Workplace Services LLC ("FWS") is the record-keeper of the Plan.

The Plan was operationally amended to implement certain changes provided for under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") including allowing certain eligible individuals to: a) receive Coronavirus related distributions and b) defer the minimum required distributions for 2020. Written amendments to the Plan to incorporate these operation changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service ("IRS") guidance.

Eligibility

Eligible employees can participate in the Plan on the first day of the month following one month of eligible service other than employees employed on June 1, 2014. These employees became participants on that date.

Contributions

Generally, each year participants may contribute up to 100% of their pre-tax salary, not to exceed $19,500 in 2020. These contributions may be Roth contributions. In addition, participants who have attained the age of 50 before the close of the Plan year may make catch-up contributions in accordance with the Internal Revenue Code ("IRC"). The maximum amount of catch-up contributions was $6,500 for 2020. Participants may also contribute to the Plan rollover amounts representing distributions from other qualified plans. Participants who are considered "highly compensated" may be limited in the amounts they contribute to the Plan. Company contributions are made each payroll period to eligible participants. Contributions are invested according to each participant's investment elections. The Plan currently offers various mutual funds and commingled pools as investment options. The Company provides for a Safe Harbor Matching Employer contribution of 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 2% of the eligible participant's compensation. The employer may make an Additional Matching contribution not to exceed 4% of eligible compensation to eligible participants. The Employer may also make a Nonelective Employer contribution on behalf of eligible participants who have earned at least 1,000 hours and are employed by the Employer on the last day of the year. There were no Additional Matching or Nonelective Employer contributions paid into the Plan during 2020.

1. DESCRIPTION OF THE PLAN - (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses) and is charged with an allocation of any administrative expenses paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and the Safe Harbor Matching Contributions, plus actual earnings on those contributions. Vesting in the Additional Matching Employer contribution, and the Nonelective Employer contribution including earnings thereon, is based on graduated rates commensurate with years of service, as defined in the Plan. Participants become fully vested in these contributions after six years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account. The notes must be repaid within five years, but this may be extended up to 10 years for the purchase of a principal residence. However, the term may not extend beyond the participant's employment with the Company. The interest rate is set at the beginning of the note and remains fixed for the term of the note. Interest rates for new notes are set at prime rate plus 1% and participants may only have two outstanding notes at a time. At December 31, 2020, the interest rate ranged from 5.75% to 6.25%. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits

Upon termination of service, hardship as defined, or attaining age 59½, a participant may elect to receive either a lump-sum amount, distributions under a systematic withdrawal plan, or a partial withdrawal of any portion equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

At December 31, 2020 and 2019, the forfeiture balances were nominal and considered immaterial. Amounts that are forfeited may be used to reduce the Company contributions or Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)

Use of Estimates
The preparation of financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020, or 2019. Delinquent participant notes are recorded as distributions based upon the terms of the Plan document.

Excess Contributions
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions. There were no excess contributions as of December 31, 2020 or 2019.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Subsequent Events
The Plan's management evaluated subsequent events through September 2, 2021, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for investments measured at fair value.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The Fidelity Managed Income Portfolio I and Fidelity Investment Asset Management Blend Target Date Funds
The Fidelity Managed Income Portfolio I ("FMIP"), a commingled pool, invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The Fidelity Investment Asset Management Blend Target Date Funds ("FIAMTFs") are commingled pools of the FIAM Group Trust for Employee Benefit Plans which employs a pool of affiliated pools approach by investing in a diversified portfolio of equity, fixed income and/or short-term products managed by FIAM. The pool's target asset allocation percentages will change over time to become more conservative, by gradually reducing allocation to equity and increasing allocations to fixed income and/or short-term products.

Collective Investment Trusts
During 2019, the Plan held DraftPrincipal LifeTime Hybrid Funds ("PLHF") which are collective investment trusts maintained by Principal Global Investors Trust Company. PHLF are target date funds and are generally invested in open-ended mutual funds, insurance company separate accounts and unaffiliated collective trust funds. As each PLHF approaches its target date, the investment mix becomes more conservative.

3. FAIR VALUE MEASUREMENTS – (continued)

The FMIP, FIAMTDs and the PLHFs are valued at the NAV as provided by the trustee, which is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the FMIP or the PLHFs, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019.

Investments at Fair Value as of December 31, 2020

	Level 1	Total
Mutual funds	$ 1,154,916	$ 1,154,916
Total investments in the fair value hierarchy	$ 1,154,916	
Investments in commingled pools		3,667,782
Investments at fair value		$ 4,822,698

Investments at Fair Value as of December 31, 2019

	Level 1	Total
Mutual funds	$ 1,009,187	$ 1,009,187
Total investments in the fair value hierarchy	$ 1,009,187	
Investments in common collective trusts and commingled pool		2,703,489
Investments at fair value		$ 3,712,676

3. FAIR VALUE MEASUREMENTS – (continued)

Investments Measured at Fair Value Using the Practical Expedient
The following table summarizes investments for which fair value is measured using the NAV per share practical expedient for the FMIP, FIAMTFs, and PLHFs as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2020

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
FMIP	$ 312,943	N/A	Daily	1 day
FIAMTFs	3,354,839	N/A	Daily	1 day

As of December 31, 2019

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
FMIP	$ 62,013	N/A	Daily	1 day
PLHFs	2,641,476	N/A	Daily	1 day

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and commingled pool funds managed by an affiliate of FMTC. FMTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. There have been no known prohibited transactions with parties-in-interest.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their accounts.

6. INCOME TAX STATUS

The Plan is a Prototype Non-Standardized Safe Harbor Profit Sharing Plan ("Prototype Plan") from Fidelity Management & Research Co. The Prototype Plan has received an opinion letter from the IRS stating that Plan sponsors who adopt this Prototype Plan may rely on the opinion letter with respect to the qualification of the Plan under IRC section 401(a).

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

7. UNAUDITED INFORMATION CERTIFIED BY TRUSTEE

The December 31, 2020 and 2019 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $4,822,698 and $3,712,676 at December 31, 2020 and 2019, respectively, and related net investment income of $727,022 for the year ended December 31, 2020.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. NEW AUDITING STANDARDS

The AICPA Auditing Standards Board ("ASB") issued Statements on Auditing Standards ("SAS") Nos. 134-140 during 2019 and 2020. These interrelated standards affect the auditor reporting model and disclosures in the audit of the financials statements and should be implemented concurrently. SAS No. 141, *Amendment to the Effective Dates of SAS Nos. 134-140* issued in May 2020, delayed the effective dates of SAS Nos. 134-140 for years beginning after December 15, 2020, to December 15, 2021, in light of the effect of the COVID-19 pandemic. Plan Management will implement these standards in 2021.

10. COVID-19

In March 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic has resulted in economic uncertainty and extreme volatility in financial markets and may continue to affect the value of Plan assets. The duration and impact of COVID-19 continues to evolve, and at this time, the Plan is not able to estimate the full impact on these financial statements.
