Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Allison Transmission Employee Retirement Savings Plan (formerly the Allison Transmission Salaried Employee Retirement Savings Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Notes to Financial Statements
December 31, 2020 and 2019

Note 1: Description of the Plan

The following description of Allison Transmission Employee Retirement Savings Plan (formerly Allison Transmission Salaried Employee Retirement Savings Plan) (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator. Any inconsistencies between the Plan Document and the *Summary Plan Description* would be governed by the Plan Document.

General

The Plan is a defined-contribution plan sponsored by Allison Transmission, Inc. (Company or Allison). The Plan was created for the benefit of its salaried non-union employees who, if last hired or rehired on or after January 1, 2011, have at least three months of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company is the trustee of the Plan. The Company serves as Plan Administrator.

On September 9, 2019, the Company acquired the assets of Walker Die Casting, Inc. and C&R Tool & Engineering, Inc. Effective September 8, 2019, the Plan was amended to exclude former employees of Walker Die Casting, Inc. and C&R Tool & Engineering, Inc., including employees hired by the Company following September 9, 2019 who are similarly coded based upon their primary work location and function they perform, from participating in this Plan. These specific employees were allowed to participate in a separate Plan sponsored by the Company.

Effective December 31, 2020, the assets of Allison Transmission, Inc. 401(k) Savings Plan for Walker Die Casting and C&R Tool and Engineering Employees (Walker Die Plan) were transferred and merged into the Plan, which totaled \$11,601,998. The transfer receivable of \$11,487,880 included in net assets available for benefits as of December 31, 2020, represents the aggregate value of net assets of the Walker Die Plan that were not received by the Plan's trustee until January 2021. Certain assets of the Walker Die Plan that were transferred were received by the Plan on December 31, 2020.

Contributions

The Plan permits eligible employees through a deferral election to have the Company make annual contributions of up to 75% of eligible compensation. The first 4% deferred by participants is considered "Basic Savings" contributions, while amounts deferred from 4% to 75% of eligible compensation are considered "Additional Savings" contributions. Employee rollover, catch-up, after-tax and Roth contributions are also permitted.

**Allison Transmission Employee
Retirement Savings Plan
(formerly Allison Transmission Salaried Employee
Retirement Savings Plan)
Notes to Financial Statements
December 31, 2020 and 2019**

The Company makes matching contributions of 100% of employees' pre-tax, Roth and after-tax contributions up to 4% of employees' eligible compensation. Catch-up contributions, rollover contributions, flexible compensation contributions, special retirement contributions, 1% benefit contributions, 4% benefit contributions and qualified nonelective contributions are not subject to matching.

The Company makes a contribution equal to 4% of an employee's eligible compensation for employees who were hired by General Motors Corporation (GM) or Allison, have a beginning service date on or after January 1, 2001, and have completed three months of service (six months of service prior to January 1, 2011).

The Company also makes a contribution equal to 1% of an employee's eligible compensation for employees who were hired by GM or Allison, have a beginning service date on or after January 1, 1993, and who have completed three months of service.

The Plan includes an automatic deferral feature for eligible employees to be automatically enrolled into the Plan at a rate of 4% unless the participants make an affirmative election otherwise.

Participant Investment Account Options

Investment account options available include various funds within the Allison Transmission Master Trust (Master Trust). Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and Plan earnings and is charged with an allocation of administrative expenses, as allowed by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their pre-tax, flexible compensation, pre-tax catch-up, after-tax, Roth, Roth catch-up, qualified nonelective, rollover, and special contributions plus earnings thereon. Vesting in their matching, 1% and 4% contributions plus earnings thereon is based on years of continuous service, age or death. A participant is fully vested after three years of continuous service, including service with GM if a salaried transferred employee, or upon death or turning age 65. The nonvested balance is forfeited upon the earlier of a complete distribution of vested benefits due to a termination of service or five one-year breaks in service, whichever comes first. Forfeitures are used to reduce Company contributions and then to pay administrative expenses.

**Allison Transmission Employee
Retirement Savings Plan
(formerly Allison Transmission Salaried Employee
Retirement Savings Plan)
Notes to Financial Statements
December 31, 2020 and 2019**

Payment of Benefits

Upon termination of service, a participant may elect to receive either a single lump-sum, partial withdrawal or installments equal to the value of his account. Withdrawals can also be made when a participant attains age 59½ or demonstrates financial hardship. An employee may withdraw all or a portion of his account balance attributable to after-tax and rollover contributions (excluding Roth rollover contributions) at any time. An employee may withdraw all or a portion of his account balance attributable to vested matching contributions, 1% benefit contributions, 4% benefit contributions and special contributions and related earnings provided that either such contributions were contributed for 24 months or more preceding the month of withdrawal or the participant has at least 60 months of participation.

In April 2020, the Company implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 31, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$76,997 and \$23,075, respectively. These accounts will be used to reduce future employer contributions and then pay administrative expenses. Also, in 2020 and 2019, employer contributions were reduced by \$252,748 and \$275,058, respectively, from forfeited nonvested accounts.

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. A participant may have no more than five loans outstanding at any one time. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as benefit payments based upon the terms of the Plan Document.

Notes to Financial Statements
December 31, 2020 and 2019**

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Subsequent Events

Subsequent events have been evaluated through July 26, 2021, which is the date the financial statements were available to be issued.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. Quoted market prices are used to value investments in the Master Trust. The fair value of the Plan's interest in the collective trusts in the Master Trust are valued at the net asset value per share (NAV) utilizing the practical expedient.

**Allison Transmission Employee
Retirement Savings Plan
(formerly Allison Transmission Salaried Employee
Retirement Savings Plan)
Notes to Financial Statements
December 31, 2020 and 2019**

The New York Life Anchor Account is carried at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses. The objective of this fund is to provide investors stable returns and competitive rates over the long term. Redemption is at the discretion of the participants.

The Plan presents in its statements of changes in net assets available for benefits an allocation of the Master Trust's net appreciation or depreciation in the fair value of its investments, which consist of realized gains or losses and unrealized appreciation or depreciation on those investments as well as interest and dividend income. This amount is reflected within the Plan's interest in Allison Transmission Master Trust investment income.

Plan Tax Status

The Plan obtained its latest determination letter on July 21, 2014, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses and Participant Revenue Credits

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. The trust agreement between the Plan and the trustee was amended on January 1, 2019 to change the fee structure and allow for a quarterly participant revenue credit. Under the amended trust agreement, the Plan invests in certain investment products of the trustee that allow for a participant revenue credit each quarter. The participant revenue credits received from these investments is reported as other income and for the years ended December 31, 2020 and 2019 was \$150,294 and \$135,290 respectively.

Note 3: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2020 and 2019
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2020

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and one other Allison Transmission, Inc.-sponsored retirement plan. The Plan's investments are held by Fidelity Management Trust Company. The Plan's interest in the Master Trust's investment income is not proportionate to its interest in the net assets due to the ability of participants to select investment options within the Master Trust.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments in the Master Trust for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

		December 31, 2020		
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Northern Trust S&P 500 Index Fund	\$ 49,383,536	n/a	Daily	None

Note 5: Disclosures About Fair Value of Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets in the Master Trust measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2020 and 2019:

		2020		
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2020. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include Master Trust mutual funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no Level 2 or Level 3 securities.

Note 6: Contract With Insurance Company

The Plan entered into a fully benefit-responsive investment contract with New York Life Insurance Company (New York Life) on June 4, 2019. New York Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal that is guaranteed to the Plan. New York Life also guarantees the interest rate to be no less than 0%.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the *Employee Retirement Income Security Act of 1974*. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 7: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the Plan trustee. During 2020 and 2019, the Plan paid \$120,060 and \$96,121 of administrative fees to the trustee, respectively. There were no additional fees paid to parties-in-interest for 2020 and 2019, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019, to Form 5500:

	<u>2020</u>	<u>2019</u>
Net assets available for benefits per the financial statements	\$ 282,808,766	\$ 245,177,387
Amounts of defaulted loans	<u>(66,512)</u>	<u>(71,632)</u>
Net assets available for benefits per Form 5500	<u>\$ 282,742,254</u>	<u>\$ 245,105,755</u>

During 2020 and 2019, an additional difference between the Form 5500 filed with the Internal Revenue Service and the accompanying financial statements relates to an immaterial classification difference between administrative expenses and other income for participant revenue credits received by the Plan during 2020 and 2019. This classification difference has no impact on net assets available for benefits or net increase.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
