401(k) RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2020 and 2019

(1) Description of Plan

The following brief description of the University Hospitals Health System 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan became effective June 1, 1999, and is a matched defined contribution plan sponsored by University Hospitals Health System, Inc. (the Company or Plan Sponsor), covering substantially all employees of University Compcare, University Primary Care Practices, Inc., and University Hospitals Management Services Organization, Inc. There are no service or age requirements of employees to participate in the Plan. Participation in the Plan for newly enrolled employees begins the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Compensation Committee under the Board of Directors of University Hospitals (UH), granted UH management the authority to merge any duplicative benefit plans at a time and in a manner determined appropriate in UH management's discretion. Pursuant to such authority, the Samaritan Regional Health System Employees' Pension Plan was merged into the Plan and acceptance of legal title to the assets was effective on August 1, 2019.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act, (the CARES Act), was passed by Congress. The CARES Act contains several provisions that temporarily impact 401(k) plans. The Plan adopted certain provisions to allow coronavirus-related distributions up to \$100,000 before December 31, 2020, the waivers of required minimum distributions and the deferral of repayment on any existing or new plan loans through December 31, 2020.

(b) Employee Contributions

Each year participants may defer and contribute up to 75% of pretax annual compensation as defined in the Plan, up to the maximum allowed under the Internal Revenue Code (IRC).

(c) Employer Contributions

The Plan Sponsor matches 50% of an eligible participant's contribution to the Plan, up to 6% of the participant's compensation. Matching employer contributions commence after the participant completes one year of service and has reached the age of 18. Participants that are employees of University Primary Care Practices, Inc. are not eligible for employer contributions. Matching employer contributions were suspended temporarily beginning the first pay period in May 2020 and reinstated effective with the first full pay period in 2021.

(d) Participant Rollovers

The Plan permits rollover contributions, which represent distributions from another qualified retirement plan or a plan established under IRC Section 457(b) of a former employer.

**UNIVERSITY HOSPITALS HEALTH SYSTEM
401(k) RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2020 and 2019

(e) Participant Accounts

Each participant's account is credited with the employee's contributions, investment earnings, and appreciation or depreciation in the fair value of assets. The investment balances are participant directed, including the self-directed brokerage account, which allows participants to direct their contributions into investments of their choice. Participants may change their investment options at any time, as well as their deferral percentage. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution to the participant's account is based on a three-year cliff-vesting schedule (i.e., a participant vests in full after three years of service).

(g) Payment of Benefits

Upon termination of service, a participant will be entitled to receive the vested portion of his or her account. Benefits are recorded when paid.

(h) Forfeitures

The forfeited balances of terminated participants' nonvested accounts are used to reduce future plan expenses and employer matching contributions. Forfeitures were \$78,409 and \$61,063 for the plan years ended December 31, 2020 and 2019, respectively.

(i) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.75%, which are commensurate with local prevailing rates as determined by the Plan Sponsor. The loans have maturities of various dates through 2040. Principal and interest are paid ratably through payroll deductions. Participant loans are valued at amortized cost, which represents the unpaid principal.

(j) Expenses

Certain administrative expenses are paid by the Plan and other administrative expenses are paid by the Plan Sponsor.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements, in conformity with the accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect

**UNIVERSITY HOSPITALS HEALTH SYSTEM
401(k) RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2020 and 2019

the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments of the Plan are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses in investments bought and sold, as well as held during the year.

(d) New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (Update) 2018-13, Fair Value Measurement (Topic 820) Disclosure Framework – *Changes to the Disclosure Requirements for Fair Value Measurement*. The Update modifies fair value disclosure requirements by removing, modifying or adding to the required fair value disclosures which affects our disclosure in Note 4 (*Fair Value Measurements*). The Update is effective for fiscal years beginning after December 15, 2019. The Plan adopted the Update for plan year 2020. The Update did not have a material impact to the statement of net assets available for benefits or the statement of changes in net assets available for benefits.

(3) Information Prepared and Certified by the Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments, at fair value
- Interest and dividends
- Interest income from participant loans
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

401(k) RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

(4) Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market mutual funds/Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stocks/Corporate bonds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trusts: Composed primarily of fully benefit-responsive investment contracts that are valued daily at the NAV of units of the bank collective trust.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2020 and 2019

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

		Investments at fair value

Total assets	<u>\$ 566,548,957</u>	<u>566,548,957</u>	<u>—</u>	<u>—</u>

(5) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. Participants will become 100% vested in their accounts if the Plan is terminated.

(6) Tax Status

The Company adopted a prototype nonstandardized profit sharing plan with a cash or deferral arrangement that received a favorable determination letter from the Internal Revenue Service (IRS) dated October 6, 2017, which stated that the Plan and related trust are designed in accordance with applicable sections of IRC. The Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) of the IRC, and the related trust is tax exempt as of December 31, 2020.

The Company is required to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Company has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes the Plan is no longer subject to income tax examinations for years prior to 2017.

401(k) RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2020 and 2019

(7) Related Party and Party-in-Interest Transactions

Certain plan investments and shares of mutual funds are managed by the trustee of the Plan. Therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments. Fees paid directly to Fidelity to provide investment advisory services totaling \$524,992 and \$494,279 are included in administrative expenses for the years ended December 31, 2020 and 2019, respectively. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(8) Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Subsequent Events

All activity of the Plan has been evaluated through September 10, 2021, the date the financial statements were available to be issued.

There were no additional reportable events.
