NOTE 1 DESCRIPTION OF PLAN

The following description of the Crowne Consulting Group 401(k) (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering employees of Crowne Consulting Group, Inc. (the Company) and adopting employers, who have six months of service and are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the limited trustee.

Contributions – Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. The Company makes a Safe Harbor matching contribution of 100% of the first 4% of eligible compensation that the participant contributes to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and Company Safe Harbor matching contributions plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined as loans are requested, is set at the prime rate plus 2%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum payment equal to the value of the participant's vested interest in his or her account, or a life annuity. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 DESCRIPTION OF PLAN (Continued)

The Plan adopted the provision under the Coronavirus Aid, Relief, and Economic Security (CARES) Act to permit coronavirus-related distributions of up to $100,000 to qualified individuals through December 31, 2020. During 2020, the Plan made eight such distributions totaling approximately $11,000.

Forfeited Accounts – At December 31, 2020 and 2019, there were no non-vested forfeiture accounts. These accounts would be used to reduce future employer contributions or to pay plan administrative expenses.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Adopted Accounting Standards – In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.* The primary focus of ASU 2018-13 is to improve the effectiveness of the disclosure requirements for fair value measurements. The amendments in ASU 2018-13 apply to all entities that are required, under existing U.S. GAAP, to make disclosures about recurring or nonrecurring fair value measurements. Certain of the disclosures that are required by the amendments in ASU 2018-13 are not required for nonpublic entities. ASU 2018-13 is effective for all entities for fiscal years beginning after December 31, 2019. ASU 2018-13 was adopted by the Plan on January 1, 2020 and did not have a material impact on the Plan's financial statements.

Subsequent Events – The Plan has evaluated subsequent events through September 1, 2021, the date the financial statements were available to be issued.

NOTE 3 CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively as Principal).

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets
b. Quoted prices for identical or similar assets or liabilities in inactive markets
c. Inputs other than quoted market prices that are observable for the asset or liability
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Guaranteed interest accounts: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

Mutual fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued using the NAV of units, which are based on observable market prices for the underlying assets, held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts	$ -	$ -	$ 216,106	$ 216,106

Investments at fair value	$ 119,611	$ -	$ 216,106	$ 3,558,981

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts	$ -	$ -	$ 204,890	$ 204,890
Mutual fund	113,451	-	-	113,451
Total assets in the fair value hierarchy	113,451	-	204,890	318,341
Investments measured at net asset value	-	-	-	2,181,732
Investments at fair value	$ 113,451	$ -	$ 204,890	$ 2,500,073

Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in Level 3 Assets

Balance – beginning of year	$ 204,890
Total gains	2,250
Interest credited	3,136
Purchases	8,512
Sales	(2,682)
Balance – end of year	$ 216,106

NOTE 5 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal. Therefore, these transactions qualify as party in interest transactions. Principal receives revenue from mutual fund providers for services Principal provides to the funds. This revenue is used to offset certain amounts owed to Principal for its administrative services to the Plan. If the revenue received by Principal from such mutual fund service providers exceeds the amounts owed, Principal remits the excess to the Plan. Such amounts may be used to pay plan administrative expenses or allocated to the accounts of the participants. During 2020 and 2019, there were no excess amounts. The Plan or Company may make a payment to Principal for administrative expenses not covered by revenue sharing.

During July 2019, the Company failed to remit employee deferrals totaling $10,692 in a timing manner. Although these late deferrals were remitted in August 2019, the lost earnings were not remitted until September 2021.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 TAX STATUS

The Plan has been formed utilizing the *Prototype Non-standardized Profit Sharing Plan with CODA* sponsored by Principal. The prototype plan sponsor, Principal, obtained a favorable determination letter dated March 31, 2014; however, such letter is only applicable to Principal. The Plan Administrator has adopted all Plan provisions within the prototype document and believes that the Plan and related trust is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believes the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500, at December 31:
