NORTHFIELD PARK ASSOCIATES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

1. Description of Plan:

General:

Northfield Park Associates 401(k) Retirement Plan (the "Plan"), established January 1, 2000, is a defined contribution plan covering all employees of Northfield Park Associates, LLC and Cedar Downs OTB, LLC (the "Companies") who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees of Northfield Park Associates, LLC is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

During April 2018, the membership interests in Northfield Park Associates, LLC were sold to an unrelated party. In November 2020, management of the Companies elected to terminate the Plan (see Note 10).

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The Plan adopted the distribution provision of the CARES Act that allows participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

Contributions:

Participants could elect to contribute up to 100% of their compensation into the Plan through December 24, 2020 on a pre-tax basis. The amount a participant could contribute was limited to the annual amount set by the Internal Revenue Service. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Contributions received from participants are net of payments of \$82,625 in 2019, made to certain active participants in March 2020 to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount was included in the Plan's statements of net assets available for benefits in liquidation as excess contributions payable at December 31, 2019.

The Companies could make discretionary matching contributions to the Plan. The amount to be matched was determined periodically by the Companies' Board of Trustees. During the years ended December 31, 2020 and 2019, the Companies made discretionary matching contributions to participants equaling 37.5% of each participant's elective contributions up to 6% of eligible compensation. Employer discretionary matching contributions totaled \$139,498 in 2020 and \$178,513 in 2019.

The Companies could make a discretionary profit sharing contribution to the Plan. The amount of the profit sharing contribution was determined annually by the Companies. No discretionary profit sharing contributions were made for 2020 or 2019.

Participant accounts:

Separate accounts for each participant were maintained by the custodian. Each account was credited with the participant's contributions and earnings or losses from investments held in the account.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 and 2019

1. Description of Plan (continued):

Participant accounts (continued):

Participants could direct their contributions, including the employer's portion, into a number of investment fund options.

Notes receivable from participants:

Participants could borrow from their accounts. The minimum note amount was \$1,000 to a maximum of \$50,000 or 50% of the participant balance. Note transactions were treated as transfers between investment funds and the participant note fund. Repayment of a note had to be made over a period not to exceed five years, unless the note was used to purchase a principal residence, in which case the note was to be repaid over a period not to exceed ten years. The notes were secured by the balance in the participant's account and bore interest at a rate specified by the trustee.

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees are recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceased to make loan payments and the plan administrator deemed the note to be in default, the receivable balance was reduced and a benefit payment was recorded.

Vesting:

Participants were immediately vested in their pre-tax contributions and any employer contributions plus earnings thereon.

Payment of benefits:

Participants could elect to withdraw a specified portion of their contributions prior to their termination of employment subject to certain restrictions under the Plan. If participants suffered serious financial hardship, as defined by the Plan, they could withdraw a portion of their vested account in order to meet their financial needs. Once participants attained age 59-1/2, they could also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts were subject to distribution upon the participant's termination, retirement, total disability or death.

On termination of service for any other reason than death, the participant could elect to receive either a lump sum amount equal to the value of the participant's vested interest or in periodic payments as elected by the participant.

YEARS ENDED DECEMBER 31, 2020 and 2019

1. Description of Plan (continued):

Expenses:

Certain expenses of maintaining the Plan were paid directly by the Companies and were excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

New accounting pronouncement:

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, Changes to the Disclosure Requirements for Fair Value Measurements. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurements. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. This has been applied for the year ended December 31, 2020 with no significant impact on the financial statements.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements for the Plan are prepared using the liquidation basis as of and for the year ended December 31, 2020 and the accrual (ongoing) basis of accounting as of and for the year then ended December 31, 2019.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments were stated at fair value based on net asset values at December 31, 2020 and 2019 as provided by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), the custodian of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sales of securities were recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 and 2019

2. Summary of significant accounting policies (continued):

Deposit with insurance company:

The Plan maintained a deposit account with John Hancock. John Hancock maintained the contributions for the deposit account and the pooled separate accounts. The accounts were credited with actual earnings on the underlying investments and charged for Plan withdrawals. The accounts were included in the financial statements at fair market value as reported to the Plan by John Hancock.

3. Investments:

The following table presents the fair value of investments at December 31, 2019. All investments of the Plan were participant-directed at December 31, 2019.

Investments at fair value:

Guaranteed investment account	\$ 141,384
Pooled separate accounts	<u>6,291,806</u>
	<u>\$ 6,433,190</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 and 2019

4. Fair value (continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

For pooled separate accounts, fair value was based on the net asset value at which the mutual shares are actively traded at the end of the Plan year. The guaranteed investment account with John Hancock was not actively traded and significant other observable inputs were not available. Thus, the fair value of the guaranteed investment account is determined by John Hancock by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019:

	<u>Level 1</u>
Guaranteed investment account	\$ 141,384
Pooled separate accounts	<u>6,291,806</u>
	<u>\$ 6,433,190</u>

5. Administrative and investment expenses:

Certain administrative and investment expenses of the Plan were paid by the Companies. Certain administrative functions were performed by employees of the Companies. No such employee, nor the Companies, received compensation from the Plan.

6. Party-in-interest transactions:

Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Companies. These transactions qualify as party-in-interest.

Certain Plan investments were managed by John Hancock. John Hancock was the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments.

7. Information certified by custodian:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2020 and 2019, net appreciation in fair value of investments and interest earned on notes receivable from participants for the years then ended, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock (the custodian of the Plan), in accordance with Section 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

NORTHFIELD PARK ASSOCIATES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 and 2019

8. Income tax status:

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is therefore not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan is a version of the CCH Incorporated dba FtWilliam.com ("FtWilliam") prototype plan. FtWilliam's prototype plan received a favorable determination letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since receiving this letter.

Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Guaranteed investment account:

The Plan was invested in a non-fully benefit-responsive investment account with John Hancock. John Hancock maintained the contributions in a separate account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment account issuer is contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates were reviewed on a quarterly basis for resetting.

The guaranteed investment account did not permit the insurance company and trust company to terminate the agreement prior to the scheduled maturity date.

10. Plan termination:

The Companies had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

During November 2020, management of the Companies elected to terminate the Plan. The final contribution was made to the Plan on December 23, 2020 and all funds held by John Hancock were transferred into another plan as of December 31, 2020.

YEARS ENDED DECEMBER 31, 2020 and 2019

11. Risks and uncertainties:

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets in liquidation available for benefits.

As a result of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.

12. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 9, 2021, the date the Plan's financial statements were available to be issued.
