1. DESCRIPTION OF PLAN

The following description of The Expo Group, Inc. Employer 401(k) Plan (the Plan) provides only general information. The Plan is sponsored by The Expo Group, Inc. (the Company). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 2000, as amended from time to time, covering substantially all employees of the Company. The Plan does not have any age or service requirements and employees, except for union employees and nonresident aliens, are immediately eligible to participate in the Plan. Union employees and nonresident aliens are ineligible to participate in the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as well as all provisions of the federal income tax laws.

The Trustees of the Plan are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Trustees of the Plan.

On March 27, 2020, Congress enacted the Coronavirus Aid, Relief, and Economic Security (CARES) Act which contained several provisions impacting retirement plan participant loans and distributions (see applicable sections below).

Contributions

Each year, participants may make tax-deferred contributions to the Plan not to exceed the amount deductible for federal income tax purposes. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may contribute to the Plan by making a matching contribution equal to a uniform percentage of salary deferrals, which percentage will be determined each year at the option of the Company's board of directors. The Company may also make an additional contribution equal to a percentage of participant compensation. During the year ended December 31, 2019, the Company accrued a $100,000 profit sharing contribution but because of the pandemic's impact on the Company's business and the unavailability of sufficient cash flow, Company management and the Plan Sponsor made the decision in early 2021 to reverse the accrual and not fund the receivable. Accordingly, the contribution receivable was reversed and reflected as a reduction of employer contributions during 2020. Although the Plan, as a defined contribution plan, is not subject to the ERISA minimum funding standards, contributions are otherwise subject to Internal Revenue Service (IRS) limitations.

1. DESCRIPTION OF PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's tax-deferred contributions and employer contributions (if any), as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferred salary contributions, rollover contributions from other plans and actual earnings thereon. Vesting in the Company's matching contributions and profit-sharing contributions, if any, of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested upon retirement, permanent disability, death or reaching retirement age while employed by the Company.

If a participant separates from the employment of the Company, a participant shall be vested based upon the following schedule:

Years of Vesting Service	Percentage Vested
Less than 2 years	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more years	100%

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The notes, in the form of promissory notes (Note 2), are secured by the balances in the participant's account and bear interest at the prime rate plus two percent. Only one note per participant may be outstanding at any one time. Principal and interest on participant notes receivable are repaid through payroll deductions and are generally repaid within five years.

As a result of the CARES Act, the limitation on any participant loan made as of the date of enactment and for 180 days thereafter is increased from $50.000 to $100,000 and the 50% of their vested account balance limitation is increased to 100% of their vested account balance. Furthermore, any loan with a due date falling within the period from the date of enactment through December 31, 2020, is delayed for one year.

1. DESCRIPTION OF PLAN (continued)

Payment of Benefits

Distributions from the Plan will be made in a single lump-sum payment; or if an in-service distribution, may be received in partial distributions. If a participant's vested benefit in the Plan exceeds $5,000, the participant must consent to the distribution before it may be made. If the participant's vested interest does not exceed $5,000, then the participant's benefit will be distributed in a lump-sum as soon as practicable following the event that led to the participant being entitled to a distribution.

As a result of the CARES Act, participants may take coronavirus-related distributions not to exceed $100,000 and have up to three years in which to repay those distributions without any tax provisions that would otherwise apply to such distributions.

Forfeited Accounts

Forfeitures may first be used to pay Plan administrative costs and then to reduce the employer's matching contribution to the Plan. During the year ended December 31, 2020, no forfeitures were used to reduce the employer's matching contribution or to pay for administrative costs of the Plan. At December 31, 2020 and 2019, unallocated forfeitures totaled $271 and $21,770, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which generally is the quoted market price, representing the net asset value (NAV) of shares held by the Plan at its year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis with dividends being recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on its investments bought and sold as well as those held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants (Note 1) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are earned. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

It is the philosophy of the Company to absorb and pay most Plan administrative expenses such as audit fees and other administrative costs so as not to decrease Plan assets. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

During the year ended December 31, 2020, the Plan incurred $74,181 of contract and administrative expenses with its third-party administrator, investment advisor and custodian (Note 4). These charges are reflected in the accompanying statement of changes in net assets available for benefits. In addition, the Company absorbed and paid an additional $3,119 of plan expenses.

Recent Accounting Pronouncements

During the year ended December 31, 2020 and through September 3, 2021, there were several new accounting pronouncements issued by the Financial Accounting Standards Board (FASB). Each of these pronouncements, as applicable, has been or will be adopted by the Plan. Management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Plan's financial statements.

Subsequent Events

In preparing the financial statements, the Plan's management has reviewed, as they have determined necessary, events that have occurred after December 31, 2020, up until the issuance of the financial statements, which occurred on September 3, 2021. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investment income and other plan transactions. Other financial impacts could occur though such potential impact is unknown at this time.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Pooled separate accounts: consists of a pooled group of mutual funds which are valued daily at their net asset values (NAV), totaling $9,576,895 and $7,376,791 at December 31, 2020 and 2019, respectively. The NAV is used as a practical expedient to estimate fair value. The Plan and participants hold "units of participation" in the separate account.

4. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Empower Retirement is the Plan's custodian and, therefore, any transactions with the Plan qualify as party-in-interest transactions. During the year ended December 31, 2020, fees paid by the Plan for investment management services amounted to $25,021.

In addition, during the year ended December 31, 2020, the Plan paid fees to its third-party administrator, its independent auditors and for investment consulting and advising totaling $49,160.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan terminating, participants will become 100% vested in their account balances.

6. REPORTABLE TRANSACTIONS

There were no reportable transactions or uncollectible, non-exempt transactions with parties-in-interest or any other prohibited transactions which would require supplemental presentation under Department of Labor rules and regulations.

7. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

It is not possible at this time to reasonably estimate the possible loss or range of loss, if any. We further caution that it is not possible to list all such factors, and you should not consider the identified factors as a complete list of all risks and uncertainties.

8. TAX STATUS

The Plan, as originally drafted, is a Volume Submitter Profit-Sharing Plan with Cash or Deferred Arrangement. The Internal Revenue Service has determined and informed the Sponsor of the prototype plan by a letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. However, a determination letter from the Internal Revenue Service has not yet been requested by the Company to determine if the Plan as amended was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

It is not possible at this time to reasonably estimate the possible loss or range of loss, if any. We further caution that it is not possible to list all such factors, and you should not consider the identified factors as a complete list of all risks and uncertainties.

10. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

For the years ended December 31, 2020 and 2019, the Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors to not perform any auditing procedures with respect to the information certified by the custodian of the Plan in 2020 and 2019, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedules.

10. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED) (continued)

The following information was obtained from data that has been prepared and certified to as complete and accurate by the custodian of the Plan, as of December 31, 2020 and 2019 and for the year ended December 31, 2020:

	2020	2019
Pooled separate accounts	$ 9,291,313	$ 7,275,450
Notes receivable from participants	$ 150,417	$ 112,367
Net appreciation in fair value of investments	$ 1,714,378
