AMBULATORY MEDICAL CARE, INC. SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and December 31, 2019

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Ambulatory Medical Care, Inc. Savings and Retirement Plan (the "Plan") is provided for general information purposes only. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan document for more complete information.

General

The Plan was established January 1, 1992 and was restated January 1, 2016 and amended February 18, 2020. The Plan is a defined contribution plan covering substantially all employees of Ambulatory Medical Care, Inc. and Doctors Urgent Care Offices Medical Group, Inc. (together, the "Company") who have one year of service and meet other eligibility requirements as defined by the Plan. Company officers control and manage the operation and administration of the Plan. Charles Schwab Trust Bank ("Trustee") serves as trustee of the Plan. The Plan is subject to the provisions of ERISA, as amended.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Subsequent to year end, the Plan made a discretionary Company matching contribution of 50% of the first 4% of eligible gross compensation that a participant contributed to the Plan during 2020. The Plan also has a discretionary Company profit sharing contribution. There was no profit sharing contribution amount made to the Plan for the year ended December 31, 2020. The Plan also allows participants age 50 or older to defer additional amounts (called "catch-up contributions") to the Plan subject to certain IRC limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's discretionary matching and profit sharing contributions, and earnings or losses generated from the participant's selected investment options. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. At all times during 2020, the Plan offered more than twenty mutual funds and a common collective trust as investment options for participants.

Vesting

Participants are vested immediately in their contributions plus actual net earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants vest in the employer contributions at 20% upon completion of two years of credited service (defined as having worked at least 1,000 hours per year) and at 20% per year of credited service thereafter. A participant is 100% vested after six years of credited service for the Company's matching and profit sharing contributions, plus actual net earnings thereon.

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2020 and December 31, 2019

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Benefit Payments

On termination of service, a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, rollover their account balance to another retirement account or plan, or leave the balance in the Plan if the balance is greater than \$5,000.

Administration Expenses

Administrative expenses of the Plan are paid by the Plan participants or Plan sponsor as provided in the Plan document.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account as defined by the Plan represents a forfeiture. The Plan document permits the use of forfeitures to reduce future employer contributions for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the forfeited amount will be reinstated. At December 31, 2020 and December 31, 2019, forfeited nonvested accounts totaled \$1,464 and \$2,365, respectively. The 2020 employer contribution was reduced by \$1,441 from forfeited nonvested accounts.

Plan Operations

In December 2019, the Setting Every Community Up for Retirement Enhancement ("Secure") Act of 2019 was signed into law. The SECURE Act had provisions that were effective for years beginning after December 31, 2019 and for years beginning after December 31, 2020. The Plan implemented the SECURE Act provision that changed the age of initiation for required minimum distributions ("RMDs") from 70.5 to age 72 for all retirement accounts subject to RMDs. This change for taking a participant's first RMD from age 70.5 to age 72 affects participants who had not attained age 70 ½ by December 31, 2019. The Plan intends to implement the SECURE Act provisions that are effective for years beginning after December 31, 2020 in 2021. Plan management intends to formally amend the Plan for these provisions before the end of the remedial amendment period to reflect such provisions.

In March 2020, the World Health Organization declared the novel coronavirus ("COVID-19") outbreak a global pandemic. In response to COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was signed into law. The CARES Act provides temporary relief for retirement plan sponsors and their participants. The provisions of the CARES Act were available to be implemented immediately, prior to formally amending the Plan document.

In 2020, the Plan has implemented several of the CARES Act provisions. The Plan suspended required minimum distributions for the calendar year 2020; and allowed qualified individuals to request distributions up to \$100,000 which the participant can then repay over three years or the participant can elect to have the taxes related to the distribution paid over 3 years. Plan management intends to formally amend the Plan before the end of the remedial amendment period to reflect such provisions.

AMBULATORY MEDICAL CARE, INC. SAVINGS AND RETIREMENT PLAN**NOTES TO FINANCIAL STATEMENTS (Continued)**

December 31, 2020 and December 31, 2019

NOTE 1 - DESCRIPTION OF PLAN (Continued)**Adoption of New Accounting Pronouncement**

In January 2016, FASB issued ASU No. 2016-01, Financial Instrument (Subject 825-10) – Overall Recognition and Measurement of Financial Assets and Liabilities. ASU No. 2016-01 amended ASC 825, Financial Instruments, which eliminates the requirements to disclose the fair value of financial instruments not recorded at fair value required under ASC 825. The ASU is effective for years beginning after December 15, 2018. ASU No. 2016-01 was adopted by the Plan on January 1, 2019 and did not have a significant impact on the Plan's financial statements.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES**Basis of Accounting**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Common collective trusts are valued at the net asset value of the shares held by the Plan at year-end as a practical expedient, which is based on the fair value of the underlying assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and certain operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and certain operating expenses are reflected as a reduction of investment return for such investments.

Excess Contributions Payable

Amounts payable to participants totaling \$2,232 for contributions in excess of amounts allowed by the Plan Document are recorded as accounts payable, with a corresponding reduction to 2020 contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan in 2020, but had not yet been paid at December 31, 2020.

AMBULATORY MEDICAL CARE, INC. SAVINGS AND RETIREMENT PLAN**NOTES TO FINANCIAL STATEMENTS (Continued)**December 31, 2020 and December 31, 2019

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 4 - INCOME TAX STATUS

The Company adopted a prototype plan which received an opinion letter dated March 31, 2014 from the Internal Revenue Service ("IRS") stating that the prototype document, in form only, meets the requirements under the applicable sections of the IRC and is therefore qualified. The Plan has not obtained a separate determination letter from the IRS, nor is it required to do so. The Company and the plan administrator believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC as of December 31, 2020. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan utilizes mutual fund investment instruments and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2020 and December 31, 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the Trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that such information is complete and accurate. The trustee certified the contract value of the common collective trust (see Note 8 for more detail on contract value).

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 7 - FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The common collective trusts are valued at the net asset value per shares held by the Plan at year-end as a practical expedient, which is based on the fair value of underlying assets. No Level 2 or Level 3 inputs were used by the Plan.

Level 1 Fair Value Measurements

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and December 31, 2019:

		Quoted Prices in Active Markets for Identical Assets (Level 1)

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts in the statement of net assets available for benefits.

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation (depreciation) in fair market value of investments.

NOTE 8 - COMMON COLLECTIVE TRUST

In 2019, the Plan entered into a contract with BNYM Mellon Stable Value Fund of The Bank of New York Mellon. The Common Collective Trust ("CCT") invests in synthetic guaranteed investment contracts and insurance company separate accounts that are held in a trust owned by The Bank of New York Mellon. The CCT, through its investment in the Contracts, simulates the performance of a guaranteed investment contract through an issuer's guarantee of a specific interest rate and portfolio of financial instruments that are owned by the issuer, The Bank of New York Mellon.

Participants will receive the principal and accrued earnings credited to their accounts upon withdrawal for allowed events. These events include transfers to other Plan investment options, payments because of retirement, termination of employment, disability, death, and in-service withdrawals as permitted by the Plan. Certain events, such as Plan termination or a Plan merger initiated by the Plan sponsor, may limit the ability of the Plan to transact at contract value. The Plan sponsor does not believe any events that may limit the ability of the Plan to transact at contract value are probable.

The following table presents the Plan's investments with a reported net asset value at December 31, 2020 and December 31, 2019:

	<u>2020</u>	<u>2019</u>

NOTE 9 - RELATED PARTY TRANSACTIONS

The Plan's investments are held by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the trustee as defined by the Plan and, therefore, certain transactions qualify as party-in-interest. Fees paid by the Plan to Charles Schwab Trust Bank for administration and custodial services were \$3,609 for the year ended December 31, 2020.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through July 20, 2021, the date the financial statements were available to be issued.
