NOTES TO FINANCIAL STATEMENTS

AK Tube LLC Columbus, Indiana Plant 401(k) Plan

1. Description of Plan

The following description of AK Tube LLC Columbus, Indiana Plant 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, which was amended and restated effective January 1, 2015, is a defined contribution plan covering all full-time employees of the Columbus, Indiana location of Cleveland-Cliffs Tubular Components LLC, formerly known as AK Tube LLC (the "Company"). Employees have an opportunity to save a portion of their earnings on a systematic and regular basis. Participation in the Plan is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All employees of the Columbus, Indiana location are eligible to participate in the Plan. Eligibility requirements include having completed six months of service, age 18 or older and quarterly entry (January 1, April 1, July 1 and October 1).

Contributions

The Plan provides for employee deferral contributions up to a maximum of 75 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 100 percent for the first 3.0 percent of the participant's contribution and 50 percent of the next 3.0 percent of the participant's contribution, not to exceed a total of 4.5 percent of the employee's compensation.

Participant Accounts

Each participant's account is credited with participant and company contributions, allocations of investment earnings or losses and administrative expenses. Allocations are based on participants' contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the company's contribution portion of their accounts, plus actual earnings and losses thereon, is based on years of service. Participants vest in contributions made by the Company 20 percent after two years of service and an additional 20 percent per year thereafter until they become fully vested after six years of service.

Notes Receivable from Participants

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts a minimum of \$1 thousand, up to a maximum equal to the lesser of \$50 thousand or 50 percent of their account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence, which are repaid over a period not to exceed 10 years.

The loans are secured by the balance in the participant's account and bear interest at Prime, as determined on the last business day of the month. Principal and interest are paid ratably through payroll deductions. Personal payments are permitted for late or missed payments. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Other Plan Provisions

Normal retirement age is 65.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. Benefit payments to participants are recorded upon distribution.

Investment Options

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

Forfeitures

If a participant is not fully vested on his or her termination date, the non-vested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. There were no forfeited account balances at December 31, 2020 and 2019.

Transfers

Along with the Plan, the Company also sponsors a 401(k) plan for hourly and salary employees at its Walbridge, Ohio plant. If employees change their work location status during the year, their account balances are transferred into the corresponding plan. For the years ended December 31, 2020, and 2019, there were no plan transfers to or from AK Tube LLC Walbridge 401(k) Retirement Plan.

Covid-19 Response

In response to the COVID-19 pandemic, beginning May 1, 2020 and ending August 1, 2020, Management took several steps towards preserving liquidity including temporarily suspending the employer 401k match program until economic conditions improved. As a result, employer contributions of \$1 thousand were deferred during the suspension and paid as a make up contribution to participants on August 14, 2020.

As a result of the CARES Act, signed into law on March 27, 2020, the 10% early withdrawal penalty was waived on aggregate distributions of up to \$100 thousand from certain workplace retirement plans for COVID-19-related purposes, such as this Plan. Individuals could also elect to pay the federal income tax on the distribution over 3 years or to repay the distribution within a 3-year period to an eligible retirement plan. Another component of the law suspended the 2020 required minimum distributions from certain defined contribution plans, such as this Plan. These changes were in effect through 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's transactions are reported on the accrual basis of accounting. All investment securities are stated at fair value as measured by quoted prices in active markets. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The stable value investment contract financial instrument is valued, and its net asset value ("NAV") per unit is computed, at the close of the New York Stock Exchange ("NYSE"), normally 4 p.m. ET, each day the NYSE is open for business (valuation date).

Reclassifications

Certain prior year amounts have been reclassified to confirm with the current year's presentation.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options through the use of mutual funds and a common collective trust. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative Fees

Various administrative costs, audit, legal and consulting fees are paid by the Company, then reimbursed by the Plan and allocated to participants according to terms of the Plan. Other administrative expenses of the Plan, such as salaries and use of facilities, are paid by the Company.

Plan Termination

The Company has the right to amend or terminate the Plan in the future subject to the provisions of ERISA. In the event of Plan termination, participants will be entitled to the benefit that can be provided by the participant's account.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

On May 13, 2021, the Investment Committee of Cleveland-Cliffs Inc. approved the plan name change from AK Tube LLC Columbus, Indiana Plant 401(k) Plan to Cleveland-Cliffs Tubular Components LLC Columbus, Indiana Plant 401(k) Plan.

Subsequent events have been evaluated through August 31, 2021, which is the date the financial statements were available to be issued.

3. Tax Status

The Plan received a determination letter from the IRS dated August 2, 2017 indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Subsequent to this determination by the IRS, the Plan was amended. The Plan Sponsor believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related Master Trust is tax-exempt. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions. However, currently no audits for any tax periods are in progress.

4. Fair Value of Financial Assets

ASC 820, Fair Value Measurements and Disclosures, establishes a three-level valuation hierarchy for classification of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. Inputs refer broadly to the assumptions that market

participants would use in pricing an asset or liability. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources. Unobservable inputs are inputs that reflect our own views about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized below:

- Level 1 — Valuation is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 — Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 — Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of assets and liabilities within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds and Self-Directed Accounts

Mutual funds are valued at quoted prices reported in active markets. The self-directed accounts allow participants to invest in options not offered directly through the Plan. These instruments are classified in the Level 1 category of the hierarchy.

Common Collective Trust Fund

The common collective trust fund is valued at net asset value per share ("NAV") or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. Invested plans are required to provide either 12 or 30 months' advance written notice to the trustee prior to redemption of trust units. There are no redemption restrictions or unfunded commitments on this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's assets measured at fair value on a recurring basis:

5. Information Prepared and Certified by Trustee

T. Rowe Price Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held for investment purposes at end of year are based solely on information certified by the Trustee.

6. Party-in-Interest Transactions

Certain plan assets are in investment funds managed by T. Rowe Price Trust Company or its affiliates. T. Rowe Price Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. The Company pays certain administrative fees on behalf of the Plan. The Company is the Plan's sponsor; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest.
