Note 1 - Plan Description

The following description of Direct Travel 401(k) Plan (the "Plan"), effective December 1, 1997 and subsequently amended and restated January 1, 2021, provides only general information. Participants and all others should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Direct Travel, Inc. (the "Company") who are age 18 years or older and who have completed one consecutive month of employment, excluding union and leased employees. The entry date for eligible participants is on the first day of the month following or coinciding with obtaining eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 75 percent of annual eligible compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 75 percent of their annual eligible compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the Internal Revenue Service (IRS).

Newly eligible employees who do not affirmatively elect to have a specific deferral percentage contributed or opt out of deferring into the Plan will automatically have 3 percent of their annual eligible compensation deferred into the Plan. Employee contributions to the Plan are made through regular payroll deductions.

The Company may contribute a discretionary matching contribution each pay period based on a defined percentage of employees' eligible compensation, as determined by the board of directors. The Company has the right to designate all or a portion of the matching contributions as qualified. Matching contributions are funded each pay period. To the extent discretionary matching contributions are so designated, they are nonforfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. For the year ended November 30, 2020 and the month ended December 31, 2019, the Company made a discretionary matching contribution equal to 30.0 percent of the first 6.0 percent of each participant's contribution up to a maximum of 1.8 percent of the participant's eligible compensation. From January 1, 2020 to March 27, 2020, the Company made a discretionary matching contribution equal to 50.0 percent of the first 5.0 percent of each participant's eligible compensation up to a maximum of 2.5 percent of the participant's eligible compensation. Effective as of March 27, 2020, the Company suspended the discretionary matching contribution for the remainder of the plan year. The discretionary matching contributions were \$437,732, net of forfeitures applied of \$15,798, for the year ended November 30, 2020. The Company may also contribute a discretionary profit-sharing contribution on behalf of employees for a plan year. The Company did not make a profit-sharing contribution during the year ended November 30, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with plan losses and an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

November 30, 2020 and 2019**Note 1 - Plan Description (Continued)*****Benefit Payments***

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to \$100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon.

The employer's discretionary matching and profit-sharing contributions, if any, vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	- %
1	25
2	50
3	75
4	100

During the year, the Company had a reduction in workforce that resulted in a partial termination of the Plan. Accordingly, the terminated participants became 100 percent vested in their account balances.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures can be used to reduce future company contributions or to pay administrative expenses of the Plan. At November 30, 2020 and 2019, forfeited account balances totaled \$41,066 and \$1,600, respectively.

The Plan used approximately \$15,798 for the year ended November 30, 2020 to reduce employer contributions.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

November 30, 2020 and 2019

Note 1 - Plan Description (Continued)

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. Participants may have a maximum of two loans outstanding at any given time. The notes receivable are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates ranging from 3.25 percent to 8.50 percent, as determined monthly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions and mature at various dates through January 2047. Loans in the amount of \$246,384 were deemed a distribution in the current year.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, the maximum amount a participant could borrow was increased to \$100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

Party-in-interest Transactions

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules. These transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The money market fund is valued at fair value based on quoted market prices. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 13, 2021, which is the date the financial statements were available to be issued.

Effective January 1, 2021, the Plan was amended to approve the mergers of the V.I.P. Travel of Wooster, Inc. 401(k) Plan net assets of approximately \$1.1 million; the Professional Travel, Inc. 401(k) Profit Sharing Plan net assets of approximately \$3.1 million; and the Axios Incorporated Multiple Employer Retirement Savings Plan and Trust associated with the Dolphin Vacation Schools net assets of approximately \$0.2 million into the Direct Travel 401(k) Plan.

Note 3 - Unaudited Information

Reliance Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Generally accepted accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

November 30, 2020 and 2019

Note 4 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at November 30, 2020 and 2019:

Total	<u>\$ 81,127,426</u>	<u>\$ 81,127,426</u>	<u>\$ -</u>	<u>\$ -</u>

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter dated July 16, 2014 from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 6 - Plan Mergers

In January 2020, BTI The Travel Consultants Profit Sharing 401(k) Plan, a plan now sponsored by the Company, was merged with the Plan. Accordingly, assets of approximately \$1.9 million were transferred into the Plan in 2020.

Also in January 2020, Travel Leaders NW Retirement Plan, a plan now sponsored by the Company, was merged with the Plan. Accordingly, assets of approximately \$1.4 million were transferred into the Plan in 2020.
