1 - DESCRIPTION OF THE PLAN

GENERAL

The Moroch Holdings, Inc. 401(k) Savings Plan (the "Plan"), is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on March 1, 1990, and amended and restated August 1, 2016, covering substantially all employees, except seasonal and temporary employees, of Moroch Holdings, Inc. and related employers (the "Company" or "Plan Administrator"). Fidelity Management Trust Company ("Trustee" or "Fidelity"), in conjunction with Fidelity Workplace Services LLC, serves as the Plan's Trustee and record keeper, respectively. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation upon completing one month of eligible service, as defined by the Plan document. Participants become eligible for discretionary Company contributions after completing one month of service, as defined by the Plan document. Employees are auto-enrolled in the Plan at a 5% deferral rate on the first day of each month following the date on which eligibility requirements are satisfied. Participants' deferrals are automatically increased annually by 1% to a maximum of 15% of compensation. Subject to certain limitations on annual additions, each participant's account is credited with employee salary deferrals, Company matching contributions, and an allocation of Plan earnings or losses, and charged with administrative expenses related to loan and distribution fees if requested by participants. The allocations are based on participant account balances, as defined.

CONTRIBUTIONS

The Plan is funded through employee pre-tax elective deferrals, Roth deferrals, rollover contributions, and Company contributions. Employees can contribute a portion of his or her pretax or after-tax ("Roth") compensation of up to 90%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,500 for 2020). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2020). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

The Plan allows for Company discretionary matching contributions in amounts to be determined by the Company. Company contributions were made in an amount equal to 25% of employee contributions. Effective July 16, 2020 through December 31, 2020, the Plan sponsor suspended the discretionary Company match.

1 - DESCRIPTION OF THE PLAN, CONTINUED

INVESTMENT OPTIONS

The Plan provides for contributions to be invested by the Trustee among various investments, including mutual funds of registered investment companies, a money market fund, self-directed brokerage accounts, and a common collective trust in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

FORFEITURES

Forfeitures are available to reduce Company contributions or pay administrative expenses. At December 31, 2020 and 2019, forfeited non-vested accounts available for future use totaled $69,596 and $11,684, respectively. Those amounts are reported as a component of net assets available for benefits. During 2020, $6,434 of forfeitures were utilized to reduce the Company match and no forfeitures were utilized to reduce the Plan expenses.

VESTING

Participants are immediately vested in employee elective deferrals and rollovers, plus actual earnings thereon. Vesting in the Company's contributions is based on a rate of 20% for each year of service beginning after two years, until six years of service when accounts become 100% vested. Additionally, a participant becomes 100% vested upon death, disability, or upon reaching normal retirement age.

BENEFITS PAID TO PARTICIPANTS

Participants may withdraw amounts from their account an amount equal to their vested account balance for reasons of disability, retirement, death (withdrawn by participant's estate), or termination. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. If a participant that has terminated service has a vested account balance of $1,000 or less, Plan management will direct that such amounts be paid in lump sum cash payments. Plan management will direct that terminated participants with vested account balances between $1,000 and $5,000 be rolled over to an individual retirement plan designated by the Plan Administrator.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of distributions and notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

1 - DESCRIPTION OF THE PLAN, CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate. The Plan Administrator determines rates based on comparable rates charged by lending institutions in the area. Note terms range from 1 to 5 years, with periodic repayment of principal and interest deducted through payroll withholdings. Notes receivable from participants, as of December 31, 2020, have interest rates ranging from 5.25% to 7.50% and maturities from April 2021 through December 2025. Notes receivable from participants, as of December 31, 2019, have interest rates ranging from 5.25% to 7.50% and maturities from March 2020 through January 2025.

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

CORONAVIRUS AID RELIEF AND ECONOMIC SECURITY ACT OF 2020

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is $100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available for repayment through the last day of the Plan year that begins in 2022. For eligible CARES Act distribution requests, all vested contribution sources are made available, and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes may be spread ratably over three years.

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020. In addition, the Plan also elected to suspend RMDs for participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

The Plan also adopted certain loan provisions of the CARES Act. Through September 23, 2020, participants were eligible to borrow up to $100,000 from their vested account balance, reduced by the highest balance of any notes outstanding during the previous twelve months. Repayments of existing notes receivable from participants can be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or note policy of the Plan.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework – Changes* to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8*: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan's adoption of this pronouncement did not have a material impact to the Plan.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Money market fund: Valued at cost of $1 per unit, which represents the net asset value ("NAV") at year end.

Mutual funds of registered investment companies: Valued at NAV or quoted market prices of shares held by the Plan at year end.

Self-directed brokerage accounts: Valued at NAV or quoted market prices of mutual funds of registered investment companies or stock shares held by the brokerage funds at year end.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

Common collective trust: Valued at NAV of shares held by the Plan at year end as determined by the Trustee. The NAV is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probably that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trusts, the Trustee reserve the right to temporarily delay withdrawal from the Plan in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$23,692,508	$ -	$ -	$23,692,508

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee, of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

5 - TAX STATUS

The Plan is based on a volume submitter profit sharing plan with CODA developed by Fidelity Management & Research Company which received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service ("IRS") stating that the volume submitter plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies, self-directed brokerage accounts, a money market fund, and a common collective trust. Investment securities are exposed to various risks, such as interest rate, market, concentration, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee or an affiliate of the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

8 – RECONCILIATION TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2020 and 2019:

	2020	2019

Less: employee contributions receivable	(46,658)
Net increase in net assets available for benefits per the Form 5500	$ 4,047,060

9 - SUBSEQUENT EVENTS

The Plan has evaluated events or transactions occurring after December 31, 2020, the Statement of Net Assets Available for Benefits date, through September 14, 2021, the date the financial statements were issued, and determined no such events or transactions which would impact the financial statements for the year ended December 31, 2020, other than the following:

Effective January 1, 2021, the Company matching contributions resumed in the amount of 25% of eligible employee contributions.

Effective July 27, 2021, the Plan was amended and restated due to a new favorable opinion letter from the IRS.
