THE BINDING SITE, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements December 31, 2020

NOTE 1. DESCRIPTION OF PLAN

The Binding Site, Inc. 401(k) Retirement Savings Plan (the "Plan") is a defined contribution plan established on October 1, 1990. The Plan is sponsored by The Binding Site, Inc. (the "Company") to allow eligible employees to adopt a regular program of savings for retirement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC"). Significant elements of the Plan are summarized below. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility

Prior to 2020, employees who had attained 21 years of age and had completed one year of service with the Company were eligible to participate in the Plan. Effective January 1, 2020, the Plan was amended such that employees become eligible for purposes of sharing in elective contributions upon attaining the minimum age requirement of 21, eliminating the one-year service requirement for participant deferral contributions. Employees may begin making elective deferrals and begin sharing in all other contributions in the Plan on the first day of each calendar quarter coincident with or next following the date on which they meet the eligibility requirements. The following employees are generally not eligible to participate in the Plan:

- Employees whose compensation and conditions of employment are established by the terms of a collective bargaining agreement;
- Non-resident aliens who receive no earned income from sources within the United States;
- Employees not reported on the Company's payroll records because they are considered independent contractors by the Company.

Participant Contributions

Eligible participants may contribute up to 100% of pretax eligible compensation as defined by the Plan. In addition, employees who are age 50 or older can elect to defer additional amounts (called "catch-up contributions") to the Plan. Participants may also contribute amounts representing rollover distributions from other qualified sources.

Employer Contributions

The Company makes safe harbor nonelective contributions and may make discretionary profit sharing contributions. To qualify for employer contributions, an employee must attain age 21 and complete one year of service.

The Company makes employer safe harbor nonelective contributions on an annual basis equal to 3% of each eligible employee's eligible compensation. For 2020, the Company made employer safe harbor nonelective contributions in the amount of \$332,523. This amount was remitted to the Plan by the Company in quarterly payments in April, July, and October of 2020, with the final payment in January 2021. Included in employer contributions receivable as of December 31, 2020 is \$95,739 related to the Company's fourth quarter 2020 safe harbor contribution.

For 2020, the Company made a profit-sharing contribution of \$628,749, net of forfeitures totaling \$36,295. This amount was remitted to the Plan by the Company in quarterly payments in April, July, and October of 2020, with the final payment in January 2021. Included in employer contributions receivable as of December 31, 2020 is \$183,197 related to the Company's fourth quarter 2020 profit sharing contribution.

Although allowable under the Plan, no discretionary matching contributions were made for 2020.

THE BINDING SITE, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements December 31, 2020

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, any employer matching or profit sharing contributions, an allocation of any employer nonelective contributions and Plan earnings (or losses), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Individual participant accounts are also charged for any loan and distribution fees applicable to the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct their accounts to any or all of the investment options offered by the Plan. Subsequently, participants may change their allocations and transfer account balances among the investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions and in employer safe harbor nonelective contributions plus actual earnings thereon. Participants are also always 100% vested in any employer qualified nonelective contributions. Vesting in discretionary profit sharing contributions and discretionary matching contributions is based on years of credited service, as defined in the Plan, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

Forfeitures may be used to pay administrative expenses of the Plan or to reduce employer contributions. During 2020, participant forfeitures and earnings of \$18,161 and \$30 were added to the account, respectively. During 2020, forfeitures of \$28,015 were used to reduce employer profit-sharing contributions. As of December 31, 2020 and 2019, forfeitures of \$9,178 and \$19,002, respectively, were available for future use.

Notes Receivable from Participants (Participant Loans)

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with prevailing commercial loan rates for similar periods. The interest rate will be based on the *Wall Street Journal* prime interest rate at the time a participant applies for a loan, plus one percent. Principal and interest on loans are paid regularly through payroll deductions over a period not to exceed five years unless the loan was used for the purchase of a principal residence, in which case, the loan term may extend up to 30 years. Loans become due and payable on a participant's termination of employment with the Company. As of December 31, 2020, the interest rate on outstanding notes receivable from participants ranged from 4.25% to 5.75%.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon termination of service due to death, disability, or normal retirement (age 65), and/or meeting qualifications for hardship as defined, participants are entitled to receive a distribution of their account in a lump sum or defer distribution if their vested account balance exceeds \$1,000. For termination of service for other reasons, a participant may also receive the value of the vested interest in his or her account as a lump-sum distribution. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

The Plan also allows for in-service distributions for participants who have attained age 59½. Additionally, at its discretion, the Plan may elect to distribute vested account balances of less than \$1,000.

In February 2018, Congress passed the Bipartisan Budget Act (the "Act"). Among other things, the Act provides relief with regard to hardship withdrawal requirements including the following: (1) a participant will not be required to obtain a plan loan before requesting a hardship withdrawal, (2) a participant's deferral contributions will not be suspended after receipt of a hardship withdrawal, and (3) earnings on elective deferral contributions in a participant's account will be eligible for hardship withdrawal purposes. The provisions of the Act may be implemented operationally beginning January 1, 2019 prior to formally amending the Plan document. Effective January 1, 2020, the Plan adopted the provisions of the Act with respect to hardship withdrawal requirements.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates and Investment Risk

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits. Actual results could differ from those estimates.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur and such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the investments in the guaranteed investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends, which are included in net realized and unrealized appreciation or depreciation in the fair value of pooled separate accounts, are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in the fair value of pooled separate accounts includes the Plan's gains and losses on investments sold during the year as well as held at year end.

The guaranteed investment contracts are fully benefit-responsive investment contracts reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for further discussion of the guaranteed investment contracts.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan. Fees related to the administration of notes receivable from participants and the processing of distributions are charged directly to the account of the transacting participants and are included in administrative expenses. Investment-related expenses related to registered investment companies and guaranteed investment contracts are included in the net realized and unrealized appreciation or depreciation in the fair value of pooled separate accounts and administrative expenses, respectively.

Payment of Benefits

Benefits are recorded when paid.

Recently Issued Accounting Standard

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 improves and simplifies the disclosure requirements for fair value measurements. Plan management adopted ASU 2018-13 effective January 1, 2020; its adoption did not have a material impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investments were held by the custodian of the Plan, Voya Retirement Insurance and Annuity Company, as of December 31, 2020 and 2019. All investments are participant-directed. All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Part IV, Line 4i), including investments held at December 31, 2020 and 2019, as well as net realized and unrealized appreciation or depreciation in fair value of pooled separate account and insurance company unallocated contracts and interest income for the year ended December 31, 2020, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 – Inputs are either directly or indirectly observable for the asset or liability through correlation with related market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3 – Inputs are both unobservable and significant to the overall fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2020 and 2019:

Pooled separate accounts: Valued at the unit value of shares held by the Plan. Unit value is based upon the observable net asset value of the underlying investments on the last business day of the Plan year as determined and published by an outside agency.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 19,748,739	\$ -	\$ 19,748,739
Total investments at fair value	\$ -	\$ 19,748,739	\$ -	\$ 19,748,739

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 16,088,314	\$ -	\$ 16,088,314
Total investments at fair value	\$ -	\$ 16,088,314	\$ -	\$ 16,088,314

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in the Voya Fixed Account and the Voya Fixed Account (4062) (the "Contracts"), fully benefit-responsive group annuity investment contracts issued by Voya Retirement Insurance and Annuity Company ("VRIAC"). The Contracts are not a portfolio of contracts whose yields are based on changes in the fair value of underlying assets, but are rather single group annuity contracts with a fixed rate of interest. As a result, the average yield earned by the Plan is the yield earned, or the interest credited, on the group annuity contract.

Contributions to VRIAC under this contract are maintained in a general account that is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the Plan by VRIAC. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk.

The interest crediting rates are determined on a monthly basis and are calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and purchases and redemptions by unit holders. The guaranteed minimum rate under the contract is 1%. An employer-level surrender of the Plan's interest in the Contracts for reasons other than the payment of benefits to participants may be subject to a market value adjustment and a surrender charge.

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Contracts define the circumstances and amounts for which the contracts may be terminated by the Plan.

NOTE 6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company. The Company also provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by the custodian/trustee of the Plan. These transactions qualify as exempt party-in-interest transactions.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provision of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8. TAX STATUS

The Company has adopted a volume submitter plan and relies upon the volume submitter plan's opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which stated that the form of the plan is acceptable under and is designed in accordance with applicable sections of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 9. COVID-19

In December 2019, a novel strain of coronavirus was reported to have surfaced in China. On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The spread of this virus beyond China and within the United States of America ("U.S.") caused business disruption throughout 2020 as well as significant economic uncertainty and volatility in financial markets. The effects of the pandemic are ongoing, and considerable uncertainty remains, including the continuing necessity for restrictions and the long-term effectiveness of vaccines. As such, Plan management is unable to estimate the impacts of the pandemic on the Plan's future operations, if any. The financial statements contain no adjustments relating to the potential future effects of the pandemic.

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain investments are classified differently on the Form 5500 from how they are disclosed in the financial statements. For financial statement purposes, investments at fair value are disclosed as consisting of pooled separate accounts (Note 4). Although the investments meet the definition of pooled separate accounts, because the custodian doesn't separately report its pooled separate account assets to the Department of Labor, these investments are categorized according to their underlying investments (registered investment companies) rather than as pooled separate accounts on the Schedule H of the Form 5500.

NOTE 11. SUBSEQUENT EVENTS

Effective January 1, 2021, the Plan document was restated in connection with IRS requirements. In addition to the Plan restatement, the Plan was amended to include an additional participating employer, The Binding Site VT, Inc., as a member of the controlled group whereby all eligible members of the controlled group can contribute to the Plan.
