1. DESCRIPTION OF PLAN

The following brief description of the Mears Destination Services, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Mears Destination Services, Inc. (the "Employer" and "Plan Sponsor") as a defined-contribution plan. Participating employers in the Plan are affiliates of the Employer and include City Cab Company of Orlando, Inc. and Mears Global Chauffeured Services Inc.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Federal income taxes on amounts contributed by the participants are deferred in accordance with Section 401(k) of the Internal Revenue Code ("IRC").

Eligibility

Substantially all employees who are at least age 21 and who have completed one year of service, as defined by the Plan agreement, are eligible to participate in the Plan. Employees are eligible to participate in the Plan as of January 1, April 1, July 1, and October 1 coincident with or immediately following the date that the employee satisfies the eligibility requirements. After the first 12-month eligibility service period, the Plan measures the eligibility service period on an anniversary basis. Service with or compensation from a predecessor employer shall be included for eligibility purposes.

Participant Contributions

Participating employees can elect to contribute up to 75% of compensation, not to exceed the IRS limits for the Plan year. New employees are automatically enrolled into the Plan with a deferral percentage of 3% into a preselected fund, unless the participant requests a change. Additionally, all participants are now permitted to contribute a percentage of their post-tax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Upon termination of service, retirement, disability, or death, participants or their beneficiaries may elect to rollover their funds to an eligible retirement plan in an amount equal to the value of the participants' vested interests in their accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions at any time or may increase or decrease their level of participation at any time during the Plan year.

Employer Contributions

The Employer may, at its discretion, match participant deferral contributions. For the period ending March 20, 2020, the Employer elected to match 50% of each participant's deferral contributions up to 3%, with no scheduled increase, of the participant's compensation, as defined by the Plan agreement. For the period from March 21, 2020 through November 12, 2020, the Plan Sponsor suspended the employer match which was reinstated on November 13, 2020 at 50% of each participant's deferral contributions up to 2% of the participant's compensation. The Plan Sponsor may match employee deferral contributions up to a percentage determined by them and may apply the match for the entire Plan year. Additionally, the Employer may make periodic nonelective contributions to the Plan at the discretion of the Employer's Board of Directors. Allocations of these Employer nonelective discretionary contributions are made to individual participants' accounts based on the ratio of each participant's eligible compensation to the total eligible compensation of all participants for that year. There were no nonelective matching contributions made to the Plan for the year ended December 31, 2020.

Participant Accounts

Individual accounts are established for each participant. Each participant's account is credited with the participant's elective deferrals and (a) matching contributions, (b) discretionary contribution, if any, and (c) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The participant's account is reduced by withdrawals, losses on investments, administrative fees, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The benefits to which a participant is entitled are those that can be provided by the contributions and earnings thereon, including net unrealized gains and losses, which are credited to the participant's account. Participants are fully vested in their elective contributions and earnings thereon at all times. Participants become fully vested in Employer contributions and earnings thereon upon retirement, at death, upon total and permanent disability, or after two years of service, as defined in the Plan.

Notes Receivable From Participants

Participants may obtain notes based upon their vested account balances, subject to certain conditions. The minimum note permitted is $1,000, and the maximum note amount is the lesser of 50% of the participant's vested account balance or $50,000. A participant may only have two loans outstanding at a time. Interest rates on participant notes are determined based on a reasonable rate of interest. The rate of interest will be a fixed rate equal to the prime rate of interest at the date of the note plus 1%. Note payments consisting of principal and interest are made through payroll deductions over a term of one to five years or up to fifteen years for the purchase of a primary residence. At December 31, 2020, the notes earned interest at a rate between 4.25% and 6.50%, and maturities ranged from 2021 to 2030. As of December 31, 2020, all notes are considered collectible. Notes receivable balances are collateralized by the borrowers' vested account balances in the Plan. The CARES Act provides a one-year delay for loan repayments due in 2020, on or after March 27, preventing default until at least March 28, 2021, when repayments will begin on a new schedule.

Payment of Benefits

All of the participants' vested balances are payable upon the participants' normal retirement, termination of employment, total and permanent disability or death, and financial hardship, subject to certain limitations. In the event that the participants' vested accrued benefits are less than $5,000, the Plan administrator may make a distribution without the election or request of a terminated participant. The Plan requires that such distributions of amounts less than $5,000 but greater than $1,000 be rolled over to an individual retirement account unless the participant elects to receive the distribution directly.

Under the provisions of the CARES Act, which was passed in early 2020 as a result of the COVID-19 pandemic, participants were permitted to take distributions up to $100,000 from all plans and IRA's and not be subjected to the 10% early distribution tax under the Internal Revenue Code section 72(t) or 20% tax withholding or 402(f) notices. These distributions will be taxed over 3 years, unless immediate taxation is elected, and can be repaid within 3 years under which repayments will be treated as timely rollover contributions. In addition, minimum distribution was suspended during 2020.

Investment Options

Upon enrollment in the Plan, a participant may direct participant deferral contributions and Employer contributions to any of the Plan's investment options offered by SunTrust Bank ("SunTrust" or the "Current Trustee"). Participants may change their contribution allocations periodically and transfer amounts between funds daily.

Forfeited Accounts

The Plan allocates forfeited amounts to pay Plan expenses and/or reduce Employer contributions in the year forfeitures occur. Forfeitures of Employer contributions during the Plan year ended December 31, 2020 and 2019, totaled zero and $915, respectively. During 2020, $16 of forfeitures including interest were used to reduce Employer contributions. At December 31, 2020 and 2019, there were $155 and $979 forfeited nonvested account balances available to reduce future Employer contributions, respectively.

Plan Expenses

Certain administrative expenses are paid by the Plan. These expenses are primarily investment management fees paid to the trustee. The Employer pays substantially all administrative expenses of the Plan, including legal and audit fees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Plan uses the accrual basis of accounting for the presentation of financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Former and Current Trustees determined the Plan's valuation policies utilizing information provided by the investment advisors. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. The net change in the fair value of investments during the Plan year is included in the statement of changes in net assets available for benefits. Net appreciation in the fair value of investments consists of the net realized gains or losses on investments sold and the net unrealized gains or losses on investments held.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has evaluated subsequent events through September 1, 2021, the date which the financial statements were available to be issued. Based upon this evaluation the Plan has determined that no subsequent events have occurred, which require adjustment to or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The following are descriptions of the valuation methodologies used for the Plan's assets measured at fair value.

Shares of mutual funds are valued at the closing market price of the fund, reported on the active market on which the individual fund is traded. Units held in collective trusts are valued on the net asset value ("NAV") of shares held by the Plan at year end, which is based on the unit prices quoted by the fund representing the fair value of the underlying investments. There have been no changes in methodologies used at December 31, 2020 and 2019.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth investment assets measured at fair value on a recurring basis at December 31, 2020 and 2019.

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,921,100	$ -	$ -	$ 19,921,100
Collective trusts, at NAV*				1,503,942
				$ 21,425,042

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,777,251	$ -	$ -	$ 18,777,251
Collective trusts, at NAV*				1,416,796
				$ 20,194,047

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31,		Unfunded	Redemption	Redemption
	2020	2019	Commitment	Frequency	Notice Period
Collective trusts	$ 1,503,942	$ 1,416,796	N/A	Immediate	None

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments and notes receivable from participants were held and managed by the trustee. Also, certain investments are managed by the trustee or an affiliate of the trustee. These transactions qualify as party-in-interest transactions. The Plan paid fees for investment management services of $52,036. In addition, there are transaction fees charged by the trustee that are absorbed in investment income that are not readily determinable.

5. PLAN TERMINATION

Although the Employer has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts.

6. INCOME TAX STATUS

On December 19, 2019, the Plan Sponsor adopted an amended and restated SunTrust Bank Defined Contribution Prototype Plan and Trust. The Internal Revenue Service ("IRS") informed SunTrust Bank by opinion letter, dated March 31, 2014, that the prototype plan is acceptable under applicable sections of the IRC. The Plan Sponsor and Trustees believe the Plan is currently operated in compliance with applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is exempt from federal income taxes as of the financial statement date.

The Plan Sponsor has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties for periods presented in these financial statements.

7. SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

SunTrust Bank (now Truist) holds the Plan's investments and notes receivable from participants and executed investment transactions. Financial information relating to those assets is included in the accompanying financial statements and the supplementary schedule of assets (held at end of year), and such information has been derived from reports certified as complete and accurate by the trustee.

Information provided by the trustee, which has not been audited by independent accountants, is summarized as follows:

Mutual funds	$ 19,921,100	$ 18,777,251
Collective trusts	1,503,942	1,416,796
Notes receivable from participants	569,805	589,560
	$ 21,994,847	$ 20,783,607

Net appreciation in fair value of investments	$ 2,268,444
Interest and dividends	620,803
	$ 2,889,247

8. RISKS AND UNCERTAINTIES

The Plan provides participants with various investment options. All investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2020, and 2019 and for the year ended December 31, 2020, to the Form 5500:
