CIC GROUP, INC. EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

November 30, 2020 And 2019

1. Description Of The Plan

The following description of CIC Group, Inc. Employees Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan extended to all employees, which includes salaried employees (aged 18 or over and having 1,000 hours of service in a 12-month period) of CIC Group, Inc. (the Company) and participating subsidiaries, St. Louis Metallizing Company, Wyatt Field Service Company, Nooter/Eriksen, Nooter Construction, Nooter Corporation, Superior Corporate Travel, Pressline Services, Megamet Solid Metals, Inc., RMF Nooter, Delta Nooter, CIC Group, and SPSI. As of September 1, 2003, Nooter Construction Company acquired the assets of RMF Nooter, Inc. and Delta Nooter, Inc. Employees of these entities were eligible to participate, effective October 1, 2003.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The pension benefits under the Plan were frozen effective November 30, 2007. There will be no future benefit accruals in the Plan and employees will not earn any additional benefits after November 30, 2007. There will be no pension plan benefits available to employees who have not met the participation requirements of the Plan on or before December 1, 2007.

Administration

The Company is designated as the administrator of the Plan. The Board of Directors appointed a Retirement Committee, consisting of three persons, to assist and advise in the administration of the Plan. The Retirement Committee has discretionary and final authority to determine eligibility for benefits, actual coverage, and payment of benefits and final authority to construe all terms of the Plan. The members of the Retirement Committee also serve as trustees for the Plan and are responsible for maintaining Plan assets in a trust fund. The assets of the Plan are held by The Bank New York Mellon (BNY), which collects investment income and executes trust asset transactions as directed by the Retirement Committee. Substantially all administrative expenses are paid by the Plan. Certain expenses are paid by the Company.

CIC GROUP, INC. EMPLOYEES PENSION PLAN

Notes To Financial Statements (*Continued*)

Pension Benefits

Participants become fully vested after five years of vesting service or reach age 62, as defined by the Plan. A participant whose employment by the Company terminates prior to his or her normal retirement date and prior to the completion of five years of vesting service shall not be entitled to any benefits under the Plan. The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for disability, early and postponed benefits for those participants who are eligible to receive such benefits. Normal retirement benefits are based upon average monthly basic salary and years of credited service as defined by Plan provisions and are in the form of an annuity or lump-sum payment. All pension benefits were frozen as of November 30, 2007.

Participants are able to elect a lump sum distribution as an optional form of pension that may be distributed following termination of employment. The amount of the lump sum payment shall be equal to the Actuarial Equivalent of the normal form of pension. Distribution of the participant's benefits will commence on the first day of the month coinciding with or next following the later of the date the Company receives properly completed distribution forms or the date 30 days after the date of the distribution notice, although the actual payment may be delayed for administrative purposes.

Administrative Expenses

Significant professional and administrative fees were paid by the Plan during 2020 and 2019.

Plan Termination

The Company has elected to terminate the Plan subject to the provisions set forth in ERISA, effective July 31, 2020. The Company applied for and received approval for the termination from the Internal Revenue Service (IRS). During 2021, the Company began the process of distributing or transferring all Plan assets, as elected by each participant. This process was completed during 2021 and all assets have been distributed. All participants had the option to receive a lump sum payment or an annuity for the value of accumulated benefits.

In April 2021, a single premium group annuity contract was purchased from American United Life Insurance Company in order to provide for the accrued benefits of approximately 238 retirees, active and deferred vested members of the Plan, who elected the annuity form of payment. In 2021, the Company made an additional contribution to the Plan, as needed, in order to pay for the premium costs of the annuity contract.

Vesting

Due to the termination of the Plan, all participants are fully vested.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

Because the termination of the Plan is imminent, the financial statements of the Plan are prepared under the liquidation basis of accounting in accordance with the accounting guidance in FASB ASC 205-30.

Estimates And Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Valuation Of Investments And Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment Of Benefits

Benefit payments to participants are recorded when paid.

CIC GROUP, INC. EMPLOYEES PENSION PLAN

Notes To Financial Statements (*Continued*)

Actuarial Present Value Of Accumulated Plan Benefits

Accumulated benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances- retirement, death, disability, and termination of employment- are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The more significant assumptions underlying the actuarial computations as of December 1, 2019 are as follows:

Actuarial Cost Method:	Projected unit credit method
Mortality Basis - Healthy:	Pri-2012 employees and healthy annuitants mortality table. Mortality rates are projected generationally from 2012 using Scale MP-2019.
Mortality Basis - Disability:	Pri-2012 disabled retirement mortality table. Same projection as healthy lives.
Retirement:	Based on assumed retirement rate table beginning at age 55.
Assumed Discount Rate:	3.08%

Changes In Assumptions

For the valuation as of December 1, 2019 the following assumption changes were made:

- A change in the interest rate from 4.48% to 3.08%.
- A change in the mortality assumption for lump sum payments from the 2018 plan year Internal Revenue Code (IRC) section 417(e)(3) mortality table to the 2019 plan year IRC section 417(e)(3) mortality table.
- A change in the interest rate assumption for lump sum payments from IRC section 417(e)(3) segment rates as of August 2018 for the 2018 plan year to IRC section 417(e)(3) segment rates as of August 2019 for the 2019 plan year.
- A change in the mortality tables from base table RP-2006 with projection scale MP-2018 to base table Pri-2012 with projection scale MP-2019.
- A change in the expected return on asset assumption from 5.50% in 2018 to 4.00% in 2019.

CIC GROUP, INC. EMPLOYEES PENSION PLAN

Notes To Financial Statements (*Continued*)

Subsequent Events

Management has evaluated subsequent events through the date the financial statements were available for issue, which is the Independent Auditors' Report date.

3. Funding Policy

The Plan is a defined benefit plan to which the Company contributes such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to Plan participants. No contributions are allowed by employees.

Contributions by the Company are designed to fund the Plan's current service costs on a current basis. The yield on investments serves to reduce further contributions that would otherwise be required to provide for the defined level of benefits under the Plan.

Contributions to provide benefits under the Plan are made by the Company and its subsidiaries. The Company's funding policy is to make an annual contribution to the Plan based on actuarial valuations and recommendations as to the amounts required to fund benefits under the Plan. The Company has met the ERISA minimum funding requirements in 2020 and 2019.

4. Certified Financial Information

Financial information related to the investments and earnings from investments are included in the accompanying financial statements and are based on information provided by BNY. This information, which has not been audited by the Plan's independent auditors, has been certified as complete and accurate by BNY.

5. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

CIC GROUP, INC. EMPLOYEES PENSION PLAN

Notes To Financial Statements *(Continued)*

The following is a description of the valuation methodology used for assets measured at fair value:

Collective Trust Funds, 103-12 Investment Entity And Cash Equivalent

Valued at the NAV, as provided by the Trustee. NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of November 30, 2020 and 2019, investments in collective trust funds, 103-12 investment entity and cash equivalent are measured at fair value using the net asset value per share (or its equivalent) practical expedient, and therefore, have not been classified in the fair value hierarchy.

CIC GROUP, INC. EMPLOYEES PENSION PLAN

Notes To Financial Statements *(Continued)*

Fair Value Of Investments In Entities That Use NAV

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of November 30, 2020 and 2019:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2020	2019			
Collective trust funds	\$ 45,824,085	\$ 52,458,981	None	Daily	None
Hedge fund (1)	—	2,846,209	None	Quarter, after one-year lock-up period	65 days
Cash equivalent (2)	10,767,970	1,292,069	None	Daily	None
	<u>\$ 56,592,055</u>	<u>\$ 56,597,259</u>			

(1) The investment objective is to generate consistent long-term capital appreciation with diversification of risk through the use of a “multi-manager, multi-strategy” global investment approach.

(2) The investment objective is to seek as high a level of current income as is consistent with the preservation of capital and the maintenance of liquidity.

7. Present Value Of Accumulated Benefits

The present value of accumulated benefits has been determined by an actuary from Aon Hewitt, and is that amount which results from applying actuarial assumptions to adjust the accumulated benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

CIC GROUP, INC. EMPLOYEES PENSION PLAN

Notes To Financial Statements *(Continued)*

The present value of accumulated benefits is as follows:

	December 1,	
	2020	2019
Actuarial Present Value Of Accumulated Plan Benefits		
Vested benefits:		
Participants currently receiving payments	\$ 41,534,663	\$ 37,777,491

Nonvested benefits	777,434	1,012,501
Total Actuarial Present Value Of Accumulated Plan Benefits	\$ 56,652,321	\$ 52,305,390

The present value of accumulated benefits changed from beginning of the year to the end of the year as follows:

	For The Years Ended December 1,	
	2020	2019
Actuarial Present Value Of Accumulated Plan Benefits At Beginning Of Year	\$ 52,305,390	\$ 62,330,524

Change in actuarial assumptions	6,708,918	(3,569,259)
Benefits accumulated	672,900	1,807,913
Benefits paid	(5,256,734)	(10,346,005)
Net Increase (Decrease)	4,346,931	(10,025,134)
Actuarial Present Value Of Accumulated Plan Benefits At End Of Year	\$ 56,652,321	\$ 52,305,390

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

CIC GROUP, INC. EMPLOYEES PENSION PLAN

Notes To Financial Statements *(Continued)*

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

9. Income Tax Status

The Plan received its latest determination letter dated August 25, 2020 in which the IRS stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt and that the termination of the Plan does not adversely affect its qualification for federal tax purposes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Party In Interest Transactions

Plan investments consist of cash equivalents, collective trust funds and a 103-12 investment entity managed by Aon Hewitt Investment Consulting, Inc., the Plan's actuary and investment advisor. These transactions qualify as party in interest transactions allowable under ERISA.
