NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Currier McCabe & Associates, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan which covers substantially all full-time employees of Currier McCabe & Associates, Inc. (the "Company") who have met certain length of service requirements and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

On December 1, 2020, the Plan changed from Mid Atlantic Trust Company ("MATC") as trustee to Merrill Lynch, Pierce, Fenner & Smith Incorporated ("Merrill Lynch") as custodian.

Contributions:

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Pan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of participant's elective deferral which does not exceed 100% of eligible compensation, with a maximum Company match of $2,500 annually. Participant catch-up contributions are no eligible for Company matching contributions. During the year ended December 31, 2020, the Company made matching contributions of $321,832 to the Plan. Contributions are subject to certain IRS limitations.

Participants accounts:

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary profit-sharing contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are incurred by the Plan. Allocations are based on participant's contributions, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts based on years of continuous service. A participant vests at a rate of 20% per year. Employees become fully vested after five years of service.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. A participant's loan interest rates are determined quarterly, and are set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Payment of benefits:

Upon termination of service for any reason, participants with a vested account balance less than $5,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For terminated participants with a vested account balance greater than $5,000 may elect to receive either a single lump-sum payment or installment payments over a period of not more than the participant's life expectancy.

Withdrawals from a participant's salary deferral account (excluding earnings) may also be made in the event of financial hardship, in accordance with the provisions specified in the Plan. Withdrawals from a participant's accounts may also be made upon reaching age 59½, in accordance with the provisions specified in the Plan.

Forfeited accounts:

At December 31, 2020 and 2019, forfeited non-vested account balances totaled $13,657 and $14,450, respectively. These accounts will be used to reduce future employer contributions or to pay administrative expenses of the Plan. During 2020, fees were paid of $1,864 and employer contributions were reduced by $14,622 from the use of forfeited non-vested account balances.

NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investments valuation and income recognition:

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation of fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through August 25, 2021, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair values. There have been no changes in the methodologies used at December 31, 2020 and 2019.

> *Mutual Funds:* Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The net asset value of the mutual funds is based on quoted market prices in active markets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$30,850,113	$ -	$ -	$30,850,113
Total Assets at Fair Value	$30,850,113	$ -	$ -	$30,850,113

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$26,382,011	$ -	$ -	$26,382,011
Total Assets at Fair Value	$26,382,011	$ -	$ -	$26,382,011

NOTE 4 — CERTIFIED INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments (excluding notes receivable from participants) held at December 31, 2020 and 2019, and investment income for the year ended December 31, 2020, that was disclosed in the accompanying financial statements and supplemental schedule, were obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by 1) MATC, the trustee of the Plan, for the period January 1, 2020 through November 30, 2020; and by 2) Merrill Lynch, the trustee and custodian of the Plan, for the period December 1, 2020 through December 31, 2020.

NOTE 5 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of a termination, participants would become 100% vested in their employer contributions.

NOTE 6 — INCOME TAX STATUS

The Company has adopted a prototype non-standardized profit-sharing plan (Prototype) which complies with the applicable requirements of the Internal Revenue Code (IRC). The Plan does not have its own separate Internal Revenue Service determination letter but the Prototype has received an opinion letter dated April 10, 2014 stating that the form of the Plan is acceptable under IRC section 401(a) for use by employers for benefit of their employees. Although the Plan has been amended since the Prototype received its opinion letter, the plan administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. The Plan Administrator intends for the Plan to operate as a qualified Plan and will do whatever is necessary to maintain the tax qualified status of the Plan.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 — RELATED-PARTY TRANSACTIONS

Certain plan investments were managed by MATC, for the period January 1, 2020 through November 30, 2020, and by Merrill Lynch, for the period December 1, 2020 through December 31, 2020, during which periods MATC and Merrill Lynch, respectively, acted as the Plan's trustee and custodian. As MATC and Merrill Lynch are the Plan's trustee and custodian, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to MATC and Merrill Lynch for investment management services amounted to $5,133 for the year ended December 31, 2020.

NOTE 9 — COVID-19

On March 11, 2020, the World Health Organization declared a novel strain of coronavirus disease ("COVID-19"), a pandemic which is ongoing as of the date the financial statements. The spread of COVID-19 has had a disruptive impact on the daily life and operations of individuals, businesses, and employee benefit plans around the world. There is uncertainty about financial and economic impacts in all sectors of the economy. The financial markets have experienced significant volatility, and this may continue for an extended period of time. In light of these circumstances, the Plan's management continues to assess how best to adapt to changed circumstances. The extent of COVID-19's effect on the Plan's operational and financial performance will depend on future developments, including the duration, spread, and intensity of the pandemic, all of which are uncertain and difficult considering the rapidly evolving landscape. As a result, it is not possible to ascertain the overall impact of COVID-19 on the Plan's investment portfolio, participant account balances and the amounts reported in the Plan's financial statements.

The Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act") was signed into law December 29, 2019, and the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was signed into law on March 27, 2020. These laws, among other things, include several relief provisions available to tax-qualified retirement plans and their participants. The implementation of the provisions is at the discretion of plan management. Some of the more notable provisions under the CARES Act allow qualified individuals to take coronavirus-related distributions and loans, as defined in the CARES Act, of up to $100,000 during 2020; provide relief of loan repayment by allowing a one-year deferral of loan repayments due between March 27, 2020 and December 31, 2020; provide a temporary suspension for 2020 required minimum distributions and delay the commencement date for required minimum distributions.

The Plan has elected to adopt the temporary provisions of the CARES Act and the required amendments will be adopted in accordance with applicable law and IRS guidance.
