SURGE RESOURCES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Surge Resources, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

The Plan covers substantially all employees of Surge Resources, Inc., and all employees of participating employers who have met service and age requirements as set forth in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

General

The Plan is a multiple employer defined contribution plan sponsored by Surge Resources, Inc. (the "principal participating employer") and any employer that has opted to enter into a service agreement with the principal participating employer (a "participating employer"). An employer becomes a participating employer if it accepts the terms of the Plan, Trust, Adoption Agreement and all related documents by executing an Adoption and Acceptance Agreement. In the Adoption and Acceptance Agreement the participating employer will adopt the Surge Resources, Inc. 401(k) Savings Plan and agrees to be bound by all terms of the Plan. Participating employers are permitted to change certain plan terms such as eligibility, vesting and employer contributions.

Effective November 13, 2020, the Company was acquired by Vensure Employer Services, Inc. The Plan merged with and into the Vensure Employer Services Inc. 401(k) Profit Sharing Plan (the "Vensure Plan") and ceased to exist as a separate Plan as of that date.

Contributions

Participants may contribute up to 100% of their gross compensation, as defined by the Plan, on a pre-tax or after-tax Roth basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

Participant contributions may be matched by the adopting employers by either making a safe harbor matching contribution of 100% of the first 3% of participant contributions and 50% of the next 2%, for a maximum match of 4%, or by making a discretionary non-safe harbor matching contribution, as determined by the adopting employer. During 2020, adopting employers made safe harbor matching contributions of \$637,350 and discretionary non-safe harbor matching contributions of \$37,147.

Adopting employers may also contribute a non-matching discretionary contribution for employees who are employed on the last day of the plan year and have completed 1,000 hours of service. For the period ended November 13, 2020, adopting employers did not make any discretionary non-matching contributions.

SURGE RESOURCES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participant's accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the safe harbor matching contributions and the income earned thereon. Participants become 100% vested in the principal participating employer and participating employer's matching and non-matching contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in the principal participating employer and participating employer's matching and non-matching contributions and earnings thereon vests according to the following schedule, unless the participant is employed by a participating employer that has made a different election in the Adoption and Acceptance Agreement:

<u>Completed Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Remaining forfeitures will be used to reduce principal participating employer or participating employer's contributions to the Plan, or be allocated to participants. During 2020, no forfeitures were used to reduce employer contributions and \$4,098 in forfeitures were used to pay plan expenses. Unallocated forfeitures at November 13, 2020 and December 31, 2019 were \$0 and \$5,119, respectively.

SURGE RESOURCES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Unallocated Assets

The Plan holds assets in an unallocated account which receives contributions as a result of a revenue sharing agreement with Transamerica Financial Life Insurance Company, Inc. During 2020, contributions to the account totaled \$26,802, which is included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits. Funds in the account are used to pay qualified plan expenses including investment management fees, trustee fees, audit fees, and legal fees or reduce employer contributions. During 2020, \$28,889 was used to pay plan expenses and \$147 was used to reduce employer contributions. Unallocated assets were \$0 and \$2,085 at November 13, 2020 and December 31, 2020, respectively.

Distribution of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. A participant may also request a withdrawal upon attainment of age 59 ½. Distributions will be made in the form of a lump sum payment.

Notes Receivable from Participants

A participant may borrow a loan in an amount not less than \$1,000. The loan amount is limited to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account. Loans must bear a reasonable rate of interest. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Principal and interest is generally paid ratably through payroll deductions each pay period.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SURGE RESOURCES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of November 13, 2020 or December 31, 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all expenses incurred in the administration of the Plan are paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments. Any remaining fees not paid from plan assets are paid by the participating employers. Expenses that are paid by the participating employers are excluded from these financial statements.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

SURGE RESOURCES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at November 13, 2020 and December 31, 2019.

Pooled separate accounts - Valued at the net asset value of units of a pooled separate account. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The Plan holds no investments that are required to be leveled within the fair value hierarchy as of December 31, 2019.

	<u>2019</u>
Investments measured at net asset value(1):	
Pooled separate accounts	<u>\$ 26,787,522</u>
Investments at fair value	<u>\$ 26,787,522</u>

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Pooled separate accounts are valued daily, have daily redemption notice periods, and have no unfunded commitments. Plan level withdrawals require 10 days' written notice and may be delayed up to 180 days.

D. INVESTMENTS AT CONTRACT VALUE:

The Plan holds a traditional investment contract issued by Transamerica Life Insurance Company ("Transamerica") ("the contract issuer"). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. These contracts are designed to accrue interest based on crediting rates established by the contract issuers.

SURGE RESOURCES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. There is no minimum crediting rate for this contract. Such interest rates are reviewed on a semi-annual basis for resetting. The contract does not have a maturity date.

The Plan must provide 30 days' notice to the contract issuer to redeem its interest in this investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The effects of the merger on this asset did not limit the ability of the Plan to transact at contract value with the contract issuers or limit the ability of the Plan to transact at contract value with the participants.

E. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the custodian is considered a party-in-interest transaction.

F. TAX STATUS:

The Plan has adopted a multiple employer volume submitter plan document of Transamerica Financial Life Insurance Company. The volume submitter sponsor received a favorable opinion letter dated July 7, 2014 in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the plan has been amended since receiving the opinion letter, the principal participating employer believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

NOTES TO FINANCIAL STATEMENTS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, no auditing procedures with respect to the information certified by Transamerica Financial Life Insurance Company, the custodian of the Plan, were performed by the independent auditors except for comparing the information to the financial statements. The custodian has certified as to the completeness and accuracy of the investments held by the Plan as of November 13, 2020 and December 31, 2019 and the investment earnings and other investment-related transactions of the Plan for the period from January 1, 2020 through November 13, 2020.

J. RISK AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The specific impact of the COVID-19 global pandemic on the Plan's investment securities is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

K. SUBSEQUENT EVENTS:

The principal participating employer has evaluated subsequent events through September 15, 2021, the date these financial statements were available for issuance.
