Plan Sponsor
Crowther Roofing Company, Inc., 401(k) Profit Sharing Plan and Trust
2543 Rockfill Road
Fort Myers, FL 33916

We have conducted a DOL limited-scope audit of the financial statements of Crowther Roofing Company, Inc., 401(k) Profit Sharing Plan and Trust (the "Plan") for the year ended December 31, 2020, and have issued our report thereon dated August 13, 2021. As permitted by 29 CFR 2520.103-8 of the Department of Labor's rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 4-6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and did not, express an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, in accordance with auditing generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 2, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Investments are stated at fair value, except for investments in fully benefit-responsive investment contracts, which are reported at contract value. Investments with values that are based on quoted market prices in active markets are classified as Level 1. Investments that trade in markets that are not considered to be active, but are valued based upon quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified as Level 2. Investments classified as level 3 investments have significant unobservable inputs, as they trade infrequently or not at all.

We evaluated the key factors and assumptions used to develop the accounting estimates described above in determining that they are reasonable in relationship to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

> Related party and party-in-interest transactions in Note 7 to the financial statements disclose amounts paid to the Plan record keeper, custodian, third party administrator, and certain other administrative expenses.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

The Plan is required to have a fidelity bond of at least 10% of the amount of funds handled by the fiduciary up to a maximum limit of $500,000. The Plan's bond covers claims up to $500,000.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter, dated August 13, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

We noted during our testwork of participant data that the Company did not maintain documents for one of the active participants selected (Myra Head).

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with generally accepted accounting principles in the U.S., the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements.

Closing

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to Crowther Roofing Company, Inc., 401(k) Profit Sharing Plan and Trust.

This information is intended solely for the use of the Plan sponsor and management of Crowther Roofing Company, Inc., 401(k) Profit Sharing Plan and Trust and is not intended to be, and should not be, used by anyone other than these specified parties.

General

The Plan is a defined contribution plan covering all employees (except as noted below) of Crowther Roofing Company, Inc. (the "Company"), who have 3 months of consecutive service with 150 hours in each month or a complete year of service and are age twenty-one or older. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

An employee who is a member of a collective bargaining unit where retirement benefits were the subject of good faith bargaining, and/or non-resident aliens with no U.S. source of income are not eligible to participate in the Plan.

The Plan administrator is Pension Consultants & Administrators, Inc. The Plan record keeper is MassMutual Life Insurance Company (MassMutual) and the Plan trustee and custodian is Reliance Trust Company (Reliance). Reliance certifies the reports prepared by MassMutual on behalf of Reliance.

Plan Contributions

Participants may contribute up to the IRS maximum amount of pretax or after tax salary, deferral basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may contribute additional amounts at the discretion of the Company's Board of Directors. The Company has elected to make contributions to the Plan for the years ended December 31, 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in a variety of mutual funds, including money market options, and/or a guaranteed investment account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The Company Profit Sharing is vested at 20% in the second year of employment and 20% each year thereafter to 100% vested in the sixth year of employment.

Distributions

Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in a lump sum. Upon termination, other than by retirement, disability or death, a participant becomes eligible to receive the current value of the participant's vested account in a lump-sum.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund (to) from the participant loans fund. The loans are secured by the balance in the participant's account and bear interest at prime rate plus one percentage point. Principal and interest are paid ratably by the participants directly to Reliance on a payroll basis and monitored by the Plan administrator.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $1,389 and 1,392, respectively. These amounts can be used to reduce future employer contributions and/or offset administrative expenses. $8 and $483 were used to offset administrative expenses in 2020 and 2019, respectively.

Participant Investment Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

A plan is also required to disclose significant accounting policies such as the basis of accounting, investments, non-readily marketable securities (if applicable), and the use of estimates. A summary of significant accounting policies is included below.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices as of December 31, 2020 and 2019 (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in fair value of its investments, which consist of realized gains or losses and unrealized appreciation (depreciation) on those assets.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when are they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Refundable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS and excess matching contributions made by the employer are recorded as a liability with a corresponding reduction to contributions. The Plan had no excess contributions as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

COVID-19

The effects of the COVID-19 pandemic brought about economic uncertainties which affected the Plan's investment income and the fair market value of its investments during the year ended December 31, 2020. The extent of continuing effects of COVID-19 are unknown at this time.

Subsequent Events

The Plan has evaluated subsequent events through August 13, 2021, the date the financial statements were available to be issued. There were no events that required adjustment to, or disclosure in, the financial statements.

NOTE 3 – CUSTODIAN'S CERTIFICATION

The Plan administrator has elected the method of compliance permitted pursuant to 29 CFR 2520. 103-8 of the Department of Labor's Rules and Disclosure under the Employment Retirement Security Act of 1974. Accordingly, Reliance Trust Company, the Plan custodian, has certified all of the investments and invested-related activity presented in the statements of net assets available for benefits, statements of changes in net assets available for benefits, and supplemental schedule of assets held for investment purposes for the years ended December 31, 2020 and 2019 are complete and accurate. Such information has not been audited by independent auditors except for comparing such information with related information included in the financial statements and supplemental schedules as of and for the years ended December 31, 2020 and 2019.

NOTE 4 – INVESTMENTS

Unaudited information certified by the Plan custodian.

During the years ended December 31, 2020 and 2019, the Plan investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $844,259 and $705,759, respectively. Additionally, the Plan's investments earned $188,333 and $114,133, respectively, of interest and dividend income.

NOTE 5 – FAIR VALUE MEASUREMENT

Unaudited information certified by the Plan custodian.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 5 – FAIR VALUE MEASUREMENT (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is a quoted price in an active market.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective or future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,624,951	$ 2,863	$ -	$ 4,627,814

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,892,507	$ 2,154	$ -	$ 3,894,661

NOTE 6 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

Unaudited information certified by the Plan custodian.

The Plan entered into an investment contract with Massachusetts Mutual Life Insurance Company (MassMutual) Retirement Services. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer or all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. MassMutual may terminate the contract with reasonable cause, and upon termination a market value adjustment may apply.

MassMutual is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rating of the contract will track current yields on a trailing basis.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

MassMutual is the record keeper as defined by the Plan. Fees incurred and paid directly by the Plan for the administrative expenses were $30,105 and $28,730 for the years ended December 31, 2020 and 2019, respectively.

Certain employees of the Company provide administrative and trustee services to the Plan and are not reimbursed for these services. Certain other administrative expenses are paid by the Company on behalf of the Plan.

NOTE 8 – TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was amended since receiving the determination letter; however, Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. The amendment was effective January 1, 2019 in connection with the Bipartisan Budget Act of 2018. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2017.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan's investments, in general, are subject to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be affected by shifts in the market's perception of issuers and changes in interest rates. Certain investments (such as asset-backed securities, limited partnerships, and limited liability companies) are less liquid and may have restrictions on their sale. Forced liquidation, although not expected at this time, may affect the estimated value of such investments. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes to the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and the funded status of the Plan.

NOTE 11 – FIDELITY BOND

The Plan maintains its fidelity bond with Federal Insurance Company. The fidelity bond coverage is up to $500,000.
