NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Kodak Alaris Retirement Savings Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established by Opco Delaware Inc. effective September 1, 2013. Effective January 1, 2014, Opco Delaware Inc. changed the company name to Kodak Alaris, Inc. (the Company). The Plan is a defined contribution plan available to substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility: All employees are eligible employees except for the following ineligible classes of employees: (a) employees whose employment is governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining; (b) employees who are non-resident aliens who do not receive earned income from the Company which constitutes income from sources within the United States; (c) anyone who is a leased employee; (d) employees who are employed by an affiliated employer which does not adopt this Plan; and (e) Special Program (Co-ops, General Internships, and Summer Workers). Eligible participants enter the Plan on the same day they are hired.

Contributions: Participants may authorize an elective deferred contribution rate up to the maximum annual limitations as provided by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at 5% of the participant's compensation unless they affirmatively elect not to participate. Auto-enrollment deferrals begin with the first pay date that coincides with or follows 30 days after initial entry into the Plan. All other participants are entered into the Plan the same day requirements are satisfied.

Effective January 1, 2019, the plan was amended and restated to include provisions for a safe harbor matching contribution, which is equal to 100% of a participant's salary deferral up to 3% of compensation, and 50% of the participant's salary deferral that exceeds 3% of the participant's compensation but not to exceed 5% of the participant's compensation.

Effective May 10, 2020 the Plan was amended and suspended the safe harbor matching contribution. The Plan was amended effective January 1, 2021 to reinstate the safe harbor matching contribution.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) plan earnings, and charged with an allocation of investment fees and administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions fully vest immediately. As the participants are 100% vested in the employer contributions immediately, the Plan does not utilize any forfeitures.

Notes Receivable from Participants: Participants may borrow from their fund accounts with a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the vested balance in the participant's account and bear interest at prevailing commercial interest rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Participants could request a delay of loan repayments for repayments that occurred between April 5, 2020 and December 31, 2020. If a delay was granted, the participant's loan was re-amortized and included any interest accrued during the period of delay. Also pursuant to the CARES Act, Plan participants may request a loan up to the lesser of their vested loan balance or $100,000.

Withdrawals and Distributions: On termination of service for any reason, participants with vested interests of $1,000 or less will receive a lump-sum distribution as soon as administratively feasible after termination. If a participant's vested interest is more than $1,000, on termination of service for any reason other than death, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over other allowed periods. Effective December 4, 2020 the Plan issued an amendment to increase this amount to $5,000. On termination of service for death, the participant's vested interest will be distributed as a lump-sum distribution to the beneficiary as soon as administratively feasible. If the participant elects to keep their vested interest in the Plan, the participant's account will continue to receive its earnings and losses. The Plan also allows hardship distributions under certain circumstances.

The Plan also permits participants to request up to $100,000 in Coronavirus related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request Coronavirus related distributions under the CARES Act ceased as of December 31, 2020.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan prepares its financial statements on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses have been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Plan Expenses: Costs incurred in the administration of the Plan are paid by the Plan and Plan sponsor. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation on investments.

Subsequent Event: These financial statements have not been updated for subsequent events occurring after September 8, 2021, which is the date these financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board (FASB) *Accounting Standards Codification* (ASC) 820: *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end. The NAV is the closing price reported on the active market on which the securities are traded.

Self-Directed Brokerage Accounts: Accounts consists of various cash equivalents, equities, mutual funds and investment trusts that are valued at the NAV of shares held by the plan at year end. The NAV is the closing price reported on the active market on which the securities are traded.

Common Collective Trust Funds: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as December 31, 2020, and 2019.

Rowe Price Trust Company. The incorporation of this financial information in the accompanying financial statements is based solely on their certification, and the information relating to investments and income has not been audited by independent accountants.

Interest on notes receivable from participants	**$ 52,287**	$ 65,898

NOTE 5. RELATED PARTY TRANSACTIONS

Plan investments are managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. There were $113,595 in fees paid by the Plan for third party and investment administrative services for the Plan year ended December 31, 2020 ($121,107 – 2019). Investment gains from investments sponsored by T. Rowe Price for the year ended December 31, 2020 amounted to $13,008,691. Investment gains from investments sponsored by T. Rowe Price for the year ended December 31, 2019 amounted to $17,083,959. Interest income from notes receivable from participants amounted to $52,287 for the Plan year ended December 31, 2020 ($65,898 – 2019).

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7. TAX STATUS

Effective September 1, 2013, the Plan adopted a standardized form of a volume submitter plan sponsored by Thompson Hine LLP d/b/a Plan Document Systems. The volume submitter plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is the least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:
